Downing Street, 30th March, 1845.

SIR,—I have the honor to acquaint you, for your information and guidance, that Her Majesty's Government have had under their consideration the claim of Citizens of the United States to fish in the Bay of Fundy, a claim which has hitherto been resisted on the ground that that Bay is included within the British Possessions.

Her Majesty's Government feel satisfied that the Bay of Fundy has been rightly claimed by Great Britain as a Bay, within the Treaty of 1818; but they conceive that the relaxation of the exercise of that right would be attended with mutual advantage to both countries;

—to the United States, as conferring a material benefit on their Fishing Trade, and to Great Britain and the United States conjointly and equally, by the removal of a fertile source of disagreement between them. It has accordingly been announced to the United States Government, that American Citizens would henceforward be allowed to fish in any part of the Bay of Fundy, provided they do not approach, except in the cases specified in the Treaty of 1818, within three miles of the entrance of any Bay on the Coast of Nova Scotia or New Brunswick.

I have, &c.

GOVERNMENT NOTICE.

THE Lieutenant Governor takes this earliest opportunity of expressing his acknowledgements for the zealous assistance afforded to him by the community of Fredericton, on the recent occasion of the destruction of a part of the Premises of the Government House by Fire. For the exertions of the Officers and Men of the 33d Regiment, and of the Fire Wardens, Captains and Firemen, he is greatly indebted; and to all who so promptly attended, and contributed by their efforts to prevent the spread of the flames, he returns his warm and sincere thanks.
