THE FOUNDATION LAID OF THE CATHEDRAL OF NEW BRUNSWICK.

In ancient times the Cathedrals of Old England, which are still the glory and ornament of that country, and are now more visited and admired than ever, were built by the Bishops of the respective Sees, assisted by the multitude of the faithful, who rejoiced to pour their offerings into the treasury of God. In faith the work was begun: the builders died, and left their work unfinished, but others took it up, and by God's help brought it to an end. But the Colonies of England, though every where dispersed, knew no such glory: and for a long season the gathering in of the "unrighteous mammon" seemed to be the sole end of Colonization. At length the note of preparation is heard, and in more than one Colony God's servants "think upon the stones" of his Church, and "it pitieth them to see her in the dust." New Brunswick is one of the first Colonies in which the foundation stone has been actually laid: an event the more remarkable, when we reflect that no such work has been begun since the Norman Conquest, that is, for the last 700 years; a work in which the goodness of God is manifestly made known towards us.

As many persons are interested in the success of the undertaking, the following account may not be unacceptable.

On Wednesday the 15th of October, pursuant to a notice signed by the Lord Bishop, a Procession was formed at the Province Hall, a short time before three o'clock in the afternoon, and the whole body proceeded to the ground in the following order:—

The Band of the 33d Regiment of Foot.

The Officers of the Regiment.

His Excellency the Lieutenant Governor in Military Uniform.

The Members of the Legislative Council, His Honor the Chief Justice, the Master of the Rolls, Mr. Justice Carter, Mr.

Justice Parker, Members of the House of Assembly,

and Members of the Bar.

The Lord Bishop, bearing his Pastoral Staff.

The Archdeacon, the Bishop's Chaplain, and 19 other Clergy, in their Robes.

Inhabitants of Fredericton and other parts of the Province.
