LADIES' BENEVOLENT SOCIETY.

THERE being reason to apprehend that owing to the failure of the potato crop, demands for relief during the ensuing winter will be more numerous than usual, an urgent appeal is made to the Contributors of the Ladies' Benevolent Society, to send in their subscriptions, in money or kind, as early as practicable.

The fund raised in the two preceding Seasons was very trifling no special application having been made to Subscribers, such application being reserved for periods like the present.

It should be understood that the operations of the Society are not intended to interfere with the exercise of private benevolence towards objects with whose cases parties may be well acquainted, and whom they may deem deserving of their more enlarged bounty, but rather to protect the community against the influx of persons belonging to other Parishes, and to guard against misdirected charity to the undeserving, whereby the means of relief to the deserving are diminished; and to give relief in that form which prevents the possibility of misapplication which is too frequently attendant on donations in money. For this purpose the Ticket system has been adopted—one place of issue selected, and a Register kept of all parties relieved, thereby making Subscribers the dispensers of their own charity, preventing imposition by bringing all to one place for relief, and enabling a reference at any moment to each case, and the means of farther investigation, if required.

It is hoped that the benefits of such a system will be so apparent as to induce general support in a community which is much exposed to the influx of persons having no just claims upon it, while it affords the fullest security that no one will be sent away unrelieved, as far as their immediate necessities require.

The Register kept daily at the place of issue, exhibits the name of the applicant relieved, the number of the applicant's family, the party recommending, and the amount of relief afforded, with such remarks as any particular case may call for; and is open for inspection.

Contributions of Clothing and Provisions will be received at the Infant School between 9 A. M. and 3 P. M. any week day, and subscriptions will be received, as usual, by Mrs. Kerr, the Secretary of the Society, the Reverend Mr. Ketchum, Mr. Wolhaupter, Mr. Simpson, Mr. Reade, and Miss Fayerweather, and by Mr. H. S. Beek, Stationer, where Tickets may be purchased as required, and will be delivered to Subscribers.

Fredericton, November, 1845.

The issues for the Poor, for the Winter, will commence on Monday next the 15th instant, at the Infant School, and on any week day, excepting Wednesday, at half past three o'clock, P. M.

EXTENSIVE MILL PROPERTY FOR SALE.

To be sold by Private Bargain.

ALL that large and extensive Mill Property, situated about a mile and a half from the mouth of the Nashwaak, nearly opposite Fredericton, and consisting of one Mill, containing six Saws in single Gates; one Mill, containing two Saws in single Gates; with a Grist Mill, in good order, driving two pair of Stones.

The Saw Mills are capable of containing as many Gangs as there are now single Saws, which could be substituted at little cost; they are in perfect order, and some of the Gangs could be driven throughout the entire year, as there are always several of the Saws kept going during the entire Winter; and the Grist Mill has the same advantage. The Dam is in perfect and complete order, having been completed at very great expense, and runs entirely across the River Nashwaak, thus securing the whole waters of the River for the driving of the Mills.

Connected with the Mills there is a fine large Store, well adapted for the business of the Country, also a Blacksmith's Shop, and a good Cottage and Garden attached, well suited for the Manager of the Mills, besides a number of Houses suitable for the Workmen at the Mills.

There is also a tract of Land on the Eastern side of the River, containing 500 acres, and about 200 acres on the Western side, the latter embracing the Holybrooke Farm, and the whole highly capable of cultivation, and precluding any interference by other Establishments on the River. These valuable Properties will be sold along with the Mills, and reasonable accommodation will be given to the Purchaser. There can scarcely be found within this Province such a valuable Water privilege, and it is therefore well deserving the attention of any party wishing to embark in the Lumber Trade; the whole can be seen at any time, and full particulars given on application to Messrs W. J. Bedell and Co., Fredericton Charles Perley, Esquire, Woodstock, or to the Subscribers at St John.
