

statement of the proposed charges, so far as they can be specified beforehand, to all parties who may desire to know them.

Of the agents named for the Outports, Mr. Ormston of Newcastle, and Messrs Fords and Canning of Bristol have signified their intention of not making any charges except those to which they may be personally subjected, and the others purpose to charge less than their ordinary rates.

In addition to the facilities offered by these gentlemen, we are further directed to add that the firm of Messrs. Nicholson, Besley, and Co. (East India and China Wharf, London,) have signified their intention of making no charge upon Goods conveyed by their Lighters, or for landing on their Quays; and the Hull Dock Company, Hull, have also announced that no charge for wharfage will be made by that Company. The usual charges will therefore be still further reduced in the case of all persons who may take advantage of the offer thus liberally made by these parties.

In transmitting the names of these Agents, Her Majesty's Commissioners are desirous that it should be clearly understood that they do not hold themselves in any way accountable for the charges which may be made, and that the sole object which they have had in view in what must be considered as a private transaction between the Exhibitors and the Agents, has been merely to suggest means for affording to Foreign Exhibitors the opportunity of availing themselves, if they might see fit, of those arrangements which the Commissioners believe would be found to be most convenient and economical; it being distinctly understood that any Central Authority or Foreign Exhibitor is perfectly free to employ any other Agent than those named, and to make any other arrangements that may be deemed more convenient.

The attention of the Commissioners having been called to the question of fitting up the () Goods for Exhibition, the Commissioners in London have to state that they are willing to undertake to supply counters upon which the Goods may be displayed. But () Exhibitors, or such Commissioners, or Representatives as may be duly authorised to act for them, will be at perfect liberty to take charge of fitting them up according to their taste with glass shades, &c. &c., at their own cost. It will be very desirable that you should acquaint us at an early period with your intentions with reference to this point; and also with the views which you entertain of appointing authorized Agents here to be specially charged on your behalf with the care and display of the Goods transmitted under your orders.

The Commissioners trust that the arrangements, the details of which are now submitted to you, will be satisfactory, and that these will serve to show that they are not insensible to the value of the exertions which you are making to co-operate in this great Industrial Exhibition of the Works of all Nations.

We avail ourselves of this opportunity to offer to you the assurance of the high consideration and esteem with which we have the honor to sign ourselves,

Sir,
Your most faithful servants,

J. SCOTT RUSSELL,
STAFFORD H. NORTHCOTE.
