A PROCLAMATION.

WHEREAS the General Assembly of this Province stands prorogued to Thursday the sixth day of December next, I have thought fit further to prorogue the said General Assembly, and the same is hereby prorogued to the second Thursday in January next ensuing.

GOVERNMENT NOTICE.

THE following Circular Despatch and its enclosures, relative to the exportation of Munitions of War, are published for the information and guidance of all concerned.

S. L. TILLEY.

Secretary's Office, 24th Dec. 1855.

[CIRCULAR.]

Downing Street, 24th November, 1855.

SIR,—I transmit to you, herewith, Copy of an Order of the Lords of Her Majesty's Privy Council, prohibiting the export of Saltpetre, Nitrate of Soda, and other chemical Salts used in the manufacture of Military and Naval Stores, from the United Kingdom to all Foreign Countries, and permitting the export of these articles to continue, coastwise, to any port of the United Kingdom, or to any of Her Majesty's Colonies, Plantations and Possessions abroad, upon taking from the persons exporting the same, a Bond that the said articles shall be landed for use and consumption within such of Her Majesty's Dominions.

I have to call your especial attention to that part of this Order which affects the trade in these articles to the British Colonies; and recommend to you to use all such powers as are vested in you by Law, to prevent the Foreign Trade in articles likely to be purchased for the use of the Enemy.

The object of the Bond entered into by persons exporting these articles to places not included within the prohibition is, to provide, as far as possible, against the re-exportation of such articles to Foreign Ports, and it is desirable that the attention of the Officers of Customs in the Colony under your Government should be called to the importance of satisfying themselves that the said articles are landed and entered for use and consumption in the Colony. A Certificate of the Customs' Officer at the Port of Entry, to this effect, is required to obtain the discharge of the Bond entered into in Great Britain.

The effect of the prohibition of the direct Trade in these articles from the United Kingdom to Foreign Countries, and of the restrictions placed on the Trade in other articles of Contraband of War, by former Orders of the Lords of the Council, will, probably, be to induce persons interested in carrying on this Trade, to endeavour to find an indirect channel for the supply of Military and Naval Stores to Foreign States through the British Colonies; and, in order to carry into effect the intentions of Her Majesty's Government on this subject, it is necessary that considerable vigilance

should be used by you, and the Custom House Officers of New Brunswick to defeat expedients of this nature.

I take this opportunity to transmit to you Copies of the two previous Orders of the Lords of the Council dated the 20th September last.

I have the honor to be, Sir,
Your most obedient humble servant,

G. GREY.

Lieutenant Governor, New Brunswick.

XXIV.

AT THE COUNCIL CHAMBER, WHITEHALL,

The 20th day of September 1855.

By the Lords of Her Majesty's Most Honorable Privy Council.

THE Lords of the Council, having taken into consideration the Expediency of prohibiting the Export of Chlorate of Potash as an Article used in the Manufacture of Military and Naval Stores, are pleased to order, and it is hereby ordered, that the Officers of Her Majesty's Customs do prevent the Exportation of Chlorate of Potash to any place in Europe North of Dunkirk, or in the Mediterranean Sea East of Malta; and that the Officers of Her Majesty's Customs do permit the Export of the said Article to any other part of the World, upon taking from the Persons exporting the same a Bond that it shall be landed and entered for Consumption or Use at the Port of Destination:

Whereof the Lords Commissioners of Her Majesty's Treasury, and the Commissioners of Customs, and all other Persons whom it may concern, are to take notice and govern themselves accordingly.
