

THE ALBION.

THE "ALBION," having been in existence more than one third of a century, is widely known throughout the British North American Provinces and the United States, as a thoroughly independent Journal. Its pages are largely occupied with the cream of English Periodical Literature, and the best criticisms furnished by the press. To these are added such notices of the current events of the day, as are deemed to be of interest to a circle of intelligent readers. The whole furnishes, it is believed, a valuable weekly budget of information and entertainment. It is published every Saturday morning in the City of New York.

PREMIUM ENGRAVINGS.

Subscribers on payment of the annual subscription, (six dollars) are entitled to one of the engravings issued annually and expressly for their use.

The Presentation Plate for 1859, (General Havelock,) is considered superior to any engraving hitherto issued, and is worth nearly the price of a year's subscription. It is executed in the highest style of art.

Persons wishing to take the Albion can apply direct to the publishers, or through any respectable Bookseller in the Province. Those in Fredericton, or its vicinity, are requested to leave their names with Mr. S. R. Miller, who will order for them.
