

Ellison and Robert Ellison are Plaintiffs, and William Jackson is Defendant:—

All that certain Lot, piece or parcel of Land and premises, with the privileges and appurtenances mentioned in a certain Deed of Mortgage bearing date the 7th day of May, A. D. 1841, and made between the said Defendant, William Jackson, of the one part, and the said Plaintiffs of the other part, described in the said Deed of Mortgage as follows:—

"All that piece or parcel of Land granted to the said William Jackson, lying and being in the Parish of Upham, in said County, and bounded as follows: On the south by land owned by William Baird; On the west by land owned by Samuel Foster, Esq.; On the north by land owned by James M. Mackin, and on the east by wilderness land; being the whole of the Lot granted to said Wm. Jackson, except 200 acres sold to James M. Mackin; containing 300 acres, more or less; with all the Buildings and improvements and appurtenances thereunto belonging."

Terms and other particulars made known on application to the Plaintiffs' Solicitor.—Dated the 18th day of June, A. D. 1860.

A. W. SAVARY, Barrister, &c.

A. T. D. McELMAN, Sussex Vale, Sol. for Plaintiffs.

## PROVINCIAL BOARD OF AGRICULTURE.

### To the Farmers of New Brunswick.

**T**HERE exists in the United States just now, a grievous murrain or contagious distemper among horned cattle.

It chiefly attacks the lungs, which it slowly but certainly destroys. It is said to be highly contagious, and exposure to the breath or the touch of a diseased animal, seems to bring certain death with it.

This murrain has been known on the Continent of Europe for some time, but has only recently been introduced into Massachusetts, with cattle imported from Holland. It has been propagated from thence into the adjoining States, and a case is said to have occurred in the Town of Wells, in Maine.

Commissioners have been appointed to watch the progress of the disease, and to destroy infected animals. A special Session of the Legislature of Massachusetts has even been convened, with a view to further precautions.

No cases are as yet reported in any of the British Provinces, but we may expect to hear of them, and it is of the highest concern to us that it should not be introduced into New Brunswick. What the potato rot has been to potatoes, murrain or Pleuro pneumonia is to horned cattle. Fortunately the cause of the latter seems to be less obscure, although its cure is as difficult as that of the former malady. It seems to be purely contagious, and thus, by proper precautions, it may be kept at a distance at all events.

There would seem to be no safety but in the utter and absolute exclusion from the Province, of all cattle from suspected countries. Raw Hides may also be treated as dangerous.

No consideration of private gain or convenience, will justify the least risk in this matter. Farmers, Butchers, and dealers of all kinds, are hereby cautioned most seriously in regard to the import

of cattle from without for this year, and urged to kill off all cases as soon as known, and report the same to the proper authorities.

The Farmers of Maine have had their attention strongly called to this subject by the Board of Agriculture there, and Mr. Goodal, the Secretary, has furthermore suggested that no ewes or ewe lambs should be given to the Butcher, until the Pleuro pneumonia has ceased to exist in New England.

J. ROBB, Secretary

N. B. Provincial Board of Agriculture.

Fredericton, June 11, 1860.

In the matter of George J. P. Oakes, an absconding Debtor.

**A** Meeting of the Creditors of the Estate of George J. P. Oakes, an absconding Debtor, will be held at the Office of Lewis P. Fisher, of Woodstock, in the County of Carleton, on Saturday the thirteenth day of October next, at eleven o'clock in the forenoon, to examine and pass the accounts, and declare a dividend of the said Estate.—Dated the third day of July, A. D. 1860.

JOHN T. ALLAN,

W. F. DIBBLEE,

H. McLEAN.
