

There would seem to be no safety but in the utter and absolute exclusion from the Province, of all cattle from suspected countries. Raw Hides may also be treated as dangerous.

No consideration of private gain or convenience, will justify the least risk in this matter. Farmers, Butchers, and dealers of all kinds, are hereby cautioned most seriously in regard to the import of cattle from without for this year, and urged to kill off all cases as soon as known, and report the same to the proper authorities.

The Farmers of Maine have had their attention strongly called to this subject by the Board of Agriculture there, and Mr. Goodal, the Secretary, has furthermore suggested that no ewes or ewe lambs should be given to the Butcher, until the Pleuro pneumonia has ceased to exist in New England.
