No. 17.

HIS Excellency the Commander in Chief is pleased to direct that a supply of Ball Cartridge shall be forwarded during the ensuing month, to Officers commanding Companies of Militia, in order that they may commence the annual course of Rifle Practice.

Two Forms for the Annual Return will be sent immediately to each Officer commanding a Company, one of which may be retained by him, and the other is to be filled in and punctually delivered at the Office of the Adjutant General on or before the 31st of October next.

In order to ensure uniformity in the practice, His Excellency desires that of the sixty rounds issued gratuitously for each Volunteer, fifteen may be fired four times over at the three ranges of 200, 300, and 400 yards, the targets and position being strictly according to the Hythe Regulations.

Never less than five rounds should be fired at one practice : otherwise the Return can not be properly kept.

Although each Volunteer may not fire more than sixty rounds of the ammunition issued gratuitously, His Excellency considers it by no means necessary or desirable that every man should be required to fire that quantity. Every commanding Officer should insist upon the members of his Company performing the amount of preliminary position and aiming Drill prescribed in the Musketry Regulations, before they are permitted to fire. Should this course not be rigidly pursued, a mere waste of ammunition will in the majority of cases be the result.

HIS Excellency directs that in each year the annual course of Musketry shall not commence before the 1st of May ; but, in this instance, should any of the ball cartridge remaining in possession of the different Companies at the end of 1862, have been already expended in regular practice, it must be entered in the Returns ; should it have been used in private practice, it will be charged against commanding Officers, or is to be made good out of the ammunition obtained by them from the Government by purchase.

By Command.

THOMAS M. CROWDER,

Lt. Col., Adj. Gen.
