

Government House, 1st October, 1864.

THE Lieutenant Governor has lately received the following Despatch from the Right Honorable the Secretary of State for the Colonies, which he now publishes for general information:—

(CIRCULAR.) Downing Street, 26th August, 1864.

SIR,—At the suggestion of the Board of Trade, I have the honor to transmit to you certain Tables showing the decrease in the quantities of Resin and Turpentine imported into the United Kingdom since the stoppage of the supply

which was formerly received from the Southern States of America.

I have thought it right to place you in possession of these facts, as in some of the British Colonies they may be serviceable to persons who are in a favorable position for furnishing a supply of the articles referred to; but in any use which you make of the information, you will take care distinctly to warn any persons who may act upon it, that they must do so entirely upon their own judgment, and at their own risk.

I have, &c.

(Signed) EDWARD CADWELL.
Lieut. Governor Hon. Arthur H. Gordon, &c. &c.
