A. H. GILLMOR, JR.

AT THE COURT AT WINDSOR,
The 20th day of November, 1865.

PRESENT:

The QUEEN's Most Excellent Majesty,

Duke of Somerset, Earl Russell, Sir George Grey, Bart.

WHEREAS the Lieutenant Governor of Her Majesty's Province of New Brunswick, with the Council and Assembly for the said Province, did in the month of June, 1865, pass three Acts, which have been transmitted, entitled as follows, viz:—

No. 3058. An Act to amend the Revised Statutes, Title iv, Chap. 40, 'Of the Post Office.'

No. 3082. An Act to amend the Charter of the Commercial Bank of New Brunswick.

No. 3088. An Act relating to the Charlotte County Bank.

And whereas the said Acts have been laid before Her Majesty in Council, together with a Letter to the Lord President of the Council from the Right Honorable Edward Cardwell, one of Her Majesty's Principal Secretaries of State, recommending that the said Acts should be left to their operation; Her Majesty was thereupon this day pleased, by and with the advice of Her Privy Council, to approve the said recommendation: Whereof the Governor, Lieutenant Governor, or Commander in Chief for the time being, of Her Majesty's Province of New Brunswick, and all other persons whom it may concern, are to take notice and govern themselves accordingly.

POST OFFICE NOTICE.

THE following Modifications of the existing Regulations in reference to PATTERN POST between New Brunswick and the United Kingdom, have been concurred in, to go into operation on the 1st day of January next:—

1st. The removal of the prohibition against the transmission of articles of intrinsic value by the Pattern and Sample Post. This change has been made in consequence of the difficulty which has been experienced in deciding what is, and what is not, a pattern or sample of merchandise of intrinsic value.

2nd. Samples of seeds, drugs, and similar articles intended for delivery within the United Kingdom, are now allowed to be sent in bags entirely closed, provided such bags be transparent, so that the Officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

3rd. The rule which prohibited the transmission through the Post, as patterns of articles of cutlery, &c., has been rescinded; and scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like articles, are now allowed to be forwarded by the post as samples, provided they be packed and guarded in so secure a manner as to afford complete protection to the contents of the Mail bags, and to the persons of the Officers of the Post Office. Such articles, however, must be so packed that they may be easily examined; and it is made a rule, that any packet containing such articles, which may be found to be insufficiently guarded, shall not be forwarded through the Post.
