

Bacalhao Islet is small, 4 feet high, foul all round, and should not be approached nearer than a quarter of a mile; it lies E.S.E. about a mile from the east end of Bacalhao island.

Joe Rock, with 3 fathoms, lies east $4\frac{1}{2}$ cables from the east point of Bacalhao island.

Bacalhao Ground, with 8 fathoms, is N.E. by E. 4 cables from Joe rock, and N.N.W. half a mile from Bacalhao islet.

Cheeky Rock, with 12 fathoms, lies E. N. E. three quarters of a mile from Bacalhao ground, and N.E. three quarters of a mile from Bacalhao islet.

Berry Rocks lie E. N. E. $2\frac{1}{2}$ miles from Bacalhao island, and a mile on the same bearing from Cheeky rock; they have 11 to 13 fathoms over them, and cover a space of half a mile.

Elliots Spot, with 19 fathoms, is three quarters of a mile N.E. of Berry's rock, it is small, and steep all round.

Directions—From Sir Charles Hamilton's sound having passed Vesuvius rock there are no dangers going north so far as Farewell Gull Island; after passing the Island keep on a N.E. $\frac{1}{4}$ N. course, avoiding Dog Reef on the east side, by keeping the southwest point of Dog-bay Islands open west of the northwest islet off them, and Farewell Reef on the west by bringing the west end of the Shag Islands in line with the Smoker N.N.E. before the entrance to the inner basin of Farewell Harbour shuts in with the north side of the harbour; and when Indian-garden Island is in line with East-garden Island, the reef will be passed; a north course then leads past Smoker Island, when South-end must be brought in line with Smoker Island, which leads clear of all dangers until off Duck Island; from this a N.N.W. $\frac{1}{2}$ W. course may be steered for Herring Islands, these may be passed on either side, taking care to open the east end of Berry Island off Herring Head before Tinker Island comes in line with Red Island, to avoid a rock which lies off the latter; having passed Herring Head, proceed to sea by either of the channels between Starve Head and Bacalhao Island, except the one close to the head between it and Clark's rock: except this rock, which generally shows, there are no dangers.

From Duck Island, if going to sea east of Bacalhao Island, a vessel should pass between Kiar and Moorham reefs, steering N.E. by N for Bacalhao Islet, and leave that islet to the westward with a birth of a quarter of a mile: a stranger should not pass between Bacalhao Islet and Bacalhao Island.

Hydrographic Office, Admiralty, London,
7th March, 1872.

(No. 687.) CROWN LAND OFFICE, 30th Aug. 1871.

NOTICE is hereby given, That all parties claiming Crown Lands under money purchases made prior to 16th March 1868, whereon one or more instalments were paid, are required to make payment of the respective balances due thereon before the 1st of July, 1872; otherwise, after that date, all such Lands will again be considered vacant and open to re-sale.

And all purchases made prior to said 16th March 1868, under the old Labour Act, and not yet granted, will also be cancelled on said 1st day of July 1872, and the Lands again become vacant, unless the parties interested do previously furnish this Office with the usual certificates from the Labour Act Commissioners, that all the conditions of payment, improvement, and residence, have been fully complied with.
