

# The Royal Gazette.

Vol. 30.]

FREDERICTON, N. B., WEDNESDAY, JANUARY 24, 1872.

[PAGE 19

Official Notifications appearing in this Paper, duly authenticated, are to be received as such by the persons whom they may concern

BY AUTHORITY.

By The Honorable LEMUEL ALLAN WILMOT,  
D. C. L., Lieutenant Governor of the Province of New Brunswick.

L. A. WILMOT.

## A PROCLAMATION.

WHEREAS the General Assembly of this Province stands prorogued to Thursday the fourth day of January instant, I have thought fit further to prorogue the said General Assembly, and the same is hereby prorogued accordingly to Thursday the eighth day of February next.

Given under my Hand and Seal at Fredericton, the third day of January, in the year of our Lord one thousand eight hundred and seventy two, and in the thirty fifth year of Her Majesty's Reign.

By Command of the Lieutenant Governor.

GEORGE L. HATHEWAY.

## GOVERNMENT NOTICE.

THE Lieutenant Governor has been pleased to accept the resignation of the Honorable Levite Theriault as a Member of the Executive Council of this Province.

GEORGE L. HATHEWAY.

Secretary's Office, 23rd Jan. 1872.

## PROVINCIAL APPOINTMENTS.

JAMES M. BROWN, John B. Grant, James Yerxa, Norman Hallett, A. S. Hartt, James W. Ebbett, William M'Kay, Robert Slood, James K. Pinder, and Thomas M'Vay, Esquires, to be Justices of the Peace for the County of York.

William M'Keen, Esquire, to be a Coroner for the County of York.

By Command of the Lieutenant Governor.

GEORGE L. HATHEWAY.

Secretary's Office, 23rd Jan. 1872.

## NOTICE TO MARINERS.

[ No. 72. ]

### GULF OF ST. LAWRENCE—ANTICOSTI ISLAND.

#### Flashing Light on South Point.

The Government of the Dominion of Canada has given notice, that a Light is now exhibited from a Lighthouse recently erected on Bagot's Bluff, three quarters of a mile from the south point of Anticosti Island.

The light is a *flashing* white light, showing a flash *every twenty seconds*, elevated 75 feet above the level of the sea, and in clear weather should be seen from a distance of 14 miles.

The illuminating apparatus is catoptric or by reflectors.

The tower, a white wooden building, is hexagon shaped and 50 feet high. Position, lat.  $49^{\circ} 4' N.$ , long.  $62^{\circ} 15' W.$

### Steam Fog Whistle at South Point Lighthouse.

Also, that a Steam Fog Whistle has been placed 100 yards east of the Lighthouse, on South Point, Anticosti Island, and in thick or foggy weather it will be sounded for *ten seconds* in *every minute*, thus making an interval of 50 seconds between each blast.

In calm weather the Whistle would probably be heard 15 miles.

### NEW BRUNSWICK—NORTH COAST.

#### Revolving Light on Cape Magdalen.

Also, that a Light is now exhibited from a Lighthouse recently erected on Cape Magdalen, in the Gulf of Saint Lawrence.

The light is a *revolving* light, showing *red* and *white* at intervals of *two minutes*; it is elevated 147 feet above the level of high water, and in clear weather the red light should be seen from a distance of 15 miles, and the white light 20 miles.

The illuminating apparatus is catoptric or by reflectors.

The tower, a white wooden building, is 54 feet high. Position, lat.  $49^{\circ} 15' 40'' N.$ , long.  $65^{\circ} 19' 30'' W.$

#### Flashing Light on Cape Chatte.

Also, that a Light is now exhibited from a Lighthouse on the northwest point of Cape Chatte, in the Gulf of Saint Lawrence.

The light is a *flashing* white light, showing a flash *every thirty seconds*; it is elevated 110 feet above the high water level, and in clear weather should be seen from a distance of 18 miles.

The illuminating apparatus is catoptric or by reflectors.

The tower, a square wooden building, 37 feet high, is painted white, and is attached to the keeper's dwelling.—Position, lat.  $49^{\circ} 5' 50'' N.$ , long.  $66^{\circ} 45' 50'' W.$

### Alteration in Fog Signal on St. Paul's Island.

Also, that from the 1st day of December 1871, the Fog Bell at the southwest Lighthouse on St. Paul's Island, at the entrance of the Gulf, will be discontinued, and in the early part of next season a Steam Fog Whistle will be substituted for it; until the whistle is ready, a gun will be fired at the main station on the east end of the Island, in thick or foggy weather, during the season of navigation, *every hour* instead of every 4 hours as heretofore.

### UNITED STATES—MASSACHUSETTS—PLYMOUTH.

#### Fixed Light near Duxbury Pier.

The United States Government has given notice, that from the 15th day of September 1871, a Light would be exhibited from a tower recently erected near Duxbury Pier, Plymouth Harbour, Cape Cod Bay.

The light is a *fixed* white light, elevated 34 feet above the level of high water, and in clear weather should be seen from a distance of 11 miles.

The tower is built of iron and painted red, it stands in one foot water at low water springs.

By Command of their Lordships.

GEO. HENRY RICHARDS,  
Hydrographer.

Hydrographic Office, Admiralty, London,  
25th September, 1871.
