Leading Beacon Lights in Miramichi Bay.

Information has been received that beacon lights are now exhibited in Miramichi bay, in the following positions, viz:—

Two beacon lights at Hucklebery.—The outer or N. W. beacon light, a fixed white light, is exhibited from a conspicuous white structure on the spot noted in the chart as exhibiting two lights. The inner or S. E. beacon light, a fixed white light, is exhibited from the east side of a white barn, which is made conspicuous by a black band painted down the centre of the roof; this black mark in line with the outer beacon is the day mark for crossing the outer bar, and leads to the Lump buoy. At night the two lights should be kept in line.

Two beacons with fixed white lights on Oak point, one shown from the position of the "White beacon" on the chart, the other situated on the point. The Narrows buoy lies with the two beacons in a line.

A fixed light is shown from each of the beacons to the westward of Malcolm point in the river.
