

Agent," payable not later than the first day of August next after the date thereof.

15. Licensees who have paid or arranged their Stumpage dues as herein provided, and who have otherwise duly complied with all existing Regulations and the conditions of this License, shall be entitled to eight successive annual renewals of such parts of their licensed ground as may then be vacant and unlocated, on payment of the mileage thereon, at the rate of four dollars per square mile, before the expiry of the License of the year preceding, (the residue, however, of any such ground to be still reckoned at not less than two square miles). Provided however, that no renewal mileage shall be received until such time as Stumpage dues are paid or stumpage notes retired. All such Renewal Licenses shall be subject to the right of the Governor in Council to increase the Stumpage on Hemlock, if deemed advisable, and other lumber not particularly mentioned in Clause 3, and also to any further Regulations that may be made by Order of the Lieutenant Governor in Council, for the purpose of expeditiously enforcing the payment or adjustment of Stumpage on any Logs or other Lumber cut within the limits described in any License, or otherwise giving effect to and enforcing the conditions of the License. Should any Licensee, either by himself or any one under him, desire to cut and peel Hemlock under his License, it shall be the duty of said Licensee to notify the Surveyor General in writing, stating that he or his parties intend peeling

Hemlock Bark on certain Licenses, giving the numbers thereof. This notice must be given before the peeling commences. Failure to comply with this Regulation shall cause the Hemlock so cut to be subject to double Stumpage and expenses, and the License shall be thereupon cancelled.

16. If any Logs or other Lumber is removed from the berths or brows without the consent of the "Lumber Agent," or without the mark which had been furnished to him, all such stuff will be forfeited and the License cancelled.

17. No Spruce or Pine Tree shall be cut by any Licensee under any License which will not make a log at least 18 feet in length and ten inches at the small end; and if any such shall be cut, the Lumber shall be liable to double Stumpage, and the License be forfeited.

18. As a protection to the Government against lands being held for speculative purposes, all Licensees shall make such operations annually on the lands held by them under License as shall be deemed reasonable by the Department of Crown Lands, and on failure to comply herewith the Licenses shall be forfeited and the berths held by them become vacant.

19. Nothing in these Regulations shall prevent any person or persons from taking standing timber or material of any kind for the purpose of making Roads or Bridges, or for Public Works, as provided for by Chapter 20 of the Consolidated Statutes.
