His Honour the Lieutenant-Governor directs the publication of the following:—

DEPARTMENT OF THE SECRETARY OF STATE OF CANADA.

PUBLIC NOTICE IS HEREBY GIVEN, That the Imperial Academy of Sciences at St. Petersburg offers a reward for information which may lead to the discovery of Baron Toll's Polar Expedition.

Baron Edward Toll, Chief of the Polar Expedition sent out by the Academy of Sciences, left the Bennett Island, lying north of New Siberia, on October 26th (November 8th), 1902, taking a southern direction. He was accompanied by the astronomer Seeberg and two Jakoots: Vassily Gorokhov, with the surname Chichak, and Nicolas Protodiakonow, with the surname Omook. The party seems to have been carried away by the ice.

As the researches hitherto made have been in vain a reward of five thousand (5000) roubles is offered by the Academy of Sciences for finding the whole expedition, or any part of it, and a reward of two thousand five hundred (2500) roubles for giving the first exact indications of tracing the party.

Dated at the office of the Secretary of State of Canada, this eleventh day of May, 1904.
