

from the close of the present school year, give an opportunity (as in 3 and 4 above) for all teachers who have been licensed without the certificate of Grade "B" (physical training) to obtain this certificate, so that no school need be without a teacher competent to give the prescribed physical drill effectively in all the departments of the school.

(10) The course of instruction to enable male school teachers to instruct cadet corps in advanced military drill and rifle shooting will be conducted either at, or under the supervision of, a Military School of Instruction.

(11) The certificates granted to those who pass a satisfactory examination will be called a Grade "A" (Military) and will represent competency to instruct in both physical training and advanced military drill including rifle shooting.

(12) The Militia Department will grant to those male teachers who attend an Infantry School of Instruction and obtain a Grade "A" certificate, the same transport and allowance as are paid to officers of the Militia for similar attendance.

(13) The Militia Department will pay the annual bonuses referred to in Par. 1 to those teachers who hold Grade "A" military certificates and are members of the Militia, as mentioned in Par. 1, (c), and who actually instruct a cadet corps belonging to the school. The annual bonuses will be paid upon the certificate of an Inspecting Officer of the Militia that the instruction imparted is satisfactory.

(14) The Militia Department will draft a syllabus of the work required to be done by a cadet corps in order to entitle a teacher to the annual bonus.

(15) The amount of the bonuses to be paid by the Department of Militia and the minimum number of boy members necessary to enable a cadet corps to be formed, will be fixed after discussion between the Department of Militia and the Education Department of the Province.

(16) The Militia Department will be prepared to supply for the use of cadet corps, belts, caps (if desired), a proportion of arms and ammunition, and, in addition, drill books for the more advanced training. Uniforms, if worn, must be supplied by the schools themselves.

(17) The Militia Department further agrees to provide a Provisional School of Instruction at the University of N. B., Fredericton, should the Senate of the University so desire, to enable those students in the junior and senior years to obtain a Grade "A" (military) certificate, provided allowance is given for this work as an optional subject on the University Arts' course of study, and provided a sufficient number of students elect to undergo this training.

Approved by a Committee appointed by the Board of Education.
