

Prepare the youth of our country for agriculture, mining, horticulture, and such other industrial pursuits as may from time to time be deemed desirable, and that such Technical School, when established, should include in the first instance, departments of agriculture, horticulture, mining and manual or mechanical training, and that the Lieutenant Governor in Council should be empowered to take such action jointly with the other Maritime Provinces as would most favorably result in the establishment of a School or Institution having for its object the attainment of such educational facilities, at some point to be selected and deemed most suitable in the Maritime Provinces; and an Act of Assembly, being the Act, 63 Victoria, Chapter 8, was passed authorizing the Lieutenant Governor in Council to enter into arrangements for the establishment of such School;

And whereas it has not been deemed desirable, by reason of the expense which would attend the same, to establish a School for training in the mining and mechanical arts, but it is thought that it would be in the interests of the Province if arrangements were made for the establishment of a School of Agriculture and Horticulture as contemplated by the said Act:

Be it therefore enacted by the Lieutenant Governor and Legislative Assembly, as follows:—

1. The Lieutenant Governor in Council is hereby authorized and empowered to enter into arrangements with the Governments of Nova Scotia and Prince Edward Island, or either of them, for the establishment at some point to be selected and deemed most suitable in the Maritime Provinces of a school or institution affording educational facilities for furnishing instruction and a technical training in agriculture and horticulture, with a farm and the necessary appurtenances thereto annexed, upon such terms and conditions as may hereafter be determined by the Lieutenant Governor in Council.

2. The cost of the annual maintenance of such School or Institution shall be borne in such proportions as may be agreed upon by the Governments of Nova Scotia, Prince Edward Island and New Brunswick respectively, and the management of such Institution shall be according to regulations to be mutually agreed upon by such Governments.

3. The Act, 63 Victoria, Chapter 8, is hereby repealed.

3. It shall be the duty of every Registrar of Probate to prepare and forward to the Attorney General on, or immediately after, the second day of January and the second day of July in each year, a statement of all estates in which Probate or Letters of Administration have been granted by the Judge of the Court of which he is such Registrar, in respect to which the accounts have not been finally passed in such Probate Court, showing the value of the estate as stated in the Petition for Probate or Letters of Administration, together with the names and residences of the next of kin, in cases of intestacy, and with the names and residences of the devisees and legatees in other cases, and also the amount to which such legatee or devisee is entitled, as nearly as such Registrar is able to state the same; together with a statement as to whether the Executor or Administrator has complied with the provisions of the said Act, and if not, in what particulars the same remain uncomplished with.
