ADDITIONAL REGULATIONS UNDER PUBLIC HEALTH ACT.

Venereal Diseases.

103. Venereal Diseases shall be taken to include: Gonorrhoea, Syphilis and Chancroid, and these diseases are hereby declared to be contagious or infectious, and notifiable in the way and manner following:

104. Every person to whose knowledge it shall come that he is affected by venereal disease, or who has reason to believe, or who strongly suspects that he is so affected, shall procure the opinion of a qualified medical practitioner, relative to the matter, and if it be so determined that said person is so affected, he shall place himself under treatment by a said medical practitioner. If unable to procure such opinion or treatment, he shall apply to the District Health Officer of the Health District in which he resides, personally or by post, who will direct his course as to treatment, if necessary.

During the course of the disease, if it be present, he shall attend and carry on treatment as prescribed by the medical

practitioner under whose care he may have placed himself, or may have been placed, in default of which he shall be reported to the said District Medical Health Officer. He shall, until pronounced non-infectious by a qualified medical practitioner, abstain from marriage, sexual intercourse, or any conduct likely to infect another.

105. Every medical practitioner, hospital superintendent, the head of every hospital for the insane or for nervous disease, for epileptics or for the feeble minded, the head of every gaol, reformatory or other place of detention, and of every institution, private, public or otherwise, in any way in control of, and housing inmates, and every person infected with venereal disease shall take and maintain every precaution against the spread of said disease, as is now, or may from time to time, be prescribed by the Minister of Health.

106. Whenever any person is under arrest or in custody, charged with an offence against the Criminal Code of Canada, or against any Statute of this Province, or any Regulation, Order or Bye-law made under the authority thereof, or has been committed to any gaol, reformatory or other place of detention upon conviction of such an offence, and the District Medical Health Officer of the Health District in which any of the said places may be situated, believes that such person is, or may be, infected with, or has been exposed to infection with Venereal disease, the said District Medical Health Officer may cause such person to undergo such examination as may be necessary, or as may be prescribed by these regulations, in order to ascertain if such person be infected with Venereal Disease.

107. Every medical practitioner who shall make such examination and a report, under the authority of the District Medical Health Officer, as prescribed by the foregoing regulation, shall be paid by the sub-district in which said places may be situated, the sum of five dollars, except in case of public institutions, other than gaols, or prisons, receiving aid from the Provincial Treasury, or which are maintained by the Province.

108. If upon such examination it is found that the person so examined is so infected, the District Medical Health Officer shall give such directions for the treatment of such person, and, if necessary, for his detention and isolation and prevention of infection from him as he may deem proper and as may be authorized by these regulations; and said officer is hereby empowered to do and authorize any act necessary to effect the carrying out of such treatment, detention, isolation and prevention, and it shall be the duty of every such person to carry out such directions as to treatment and to obey such rules in relation thereto, as may be laid down; and of every constable, gaoler, superintendent or officer having the care and custody of such infected person in any place or detention, to see that the directions of the District Medical Health Officer are duly carried out.

109. It shall be the duty of every physician in medical charge of every gaol or place of detention, or of the inmates thereof, to report to the District Medical Health Officer of the Health District in which said gaol or place of detention is situated, in accordance with Section 30 of the Public Health Act, the serial number and place of detention, whether before or after conviction, of any person, whether included in the class mentioned in the preceding regulations or not, whom he suspects or believes to be suffering from Venereal Disease,
