### ADDITIONAL REGULATIONS UNDER PUBLIC HEALTH ACT.

#### Medical Inspection of Schools.

173. The schools of the Province shall be taken as constituting two classes, that is to say, urban and rural schools.

174. "Urban" schools shall be those situated in cities, towns and incorporated villages, and shall include consolidated schools, whether situated in urban localities or elsewhere.

175. "Rural" schools shall be taken to include all other schools not comprised within the class of urban schools.

176. For the purpose of Medical Inspection of Schools, it shall be the duty of each sub-district Board of Health to divide its sub-health district into Medical School Inspection areas in such a manner, as far as may be, that each such area shall include but one class of schools—urban or rural.

177. In each such area there shall be appointed, with the approval of the Chief Medical Officer, by the sub-district Board of Health concerned, a Medical Inspector of Schools, who shall be a legally qualified medical practitioner of the Province, and who shall be paid a fixed yearly sum for his services by the said sub-district Board of Health, out of the funds of the Board.

178. Each such Medical School Inspector shall be subject to the immediate direction of the District Medical Health Officer concerned, under the general supervision and control of the Chief Medical Officer.

179. It shall be the duty of each Medical School Inspector to render a half-yearly report, that is to say, upon the close of each school term, to his District Medical Health Officer, through the Secretary of the sub-district Board of Health concerned, setting forth the number of schools in his inspection area, the number of schools and children examined, with the names of the respective teachers, the number and nature of defects discovered, physical and mental, the number of children affected with communicable disease, the disposition of such cases of defects and disease, the results therefrom, and generally such other information as may be called for by schedule laid down by the Minister; and as may be deemed expedient to be obtained by the District Medical Health Officer.

180. Such reports shall be transmitted to the Chief Medical Officer, who shall incorporate them, in whole or in synopsis, in his annual report to the Minister.
