

available, also all lodged trees left in the woods. The lower limbs of every fallen tree shall be lopped off, so that the top will be flat on the ground to rot.

20. No portable saw mill will be set up on Crown Land without first obtaining a License from the Crown Land Department.

21. This License to be subject to "The Manufacturing Condition," as authorized by Section 1 of Schedule "A" of Chapter X. 1 George V., as amended by Chapter 20, 8 George V., 1918.

22. Permission is granted to the Licensee to cut and carry away all blown down lumber, burnt lumber and trees affected by the spruce budworm, all irrespective of size; provided the operations are conducted under the Forest Engineer of the district, who will first give his permission to cut such lumber. And where the lumber is only partially destroyed by such fire, or where trees are blown down, he may call upon the Licensee to remove the whole or any part of such burnt or blown down lumber before it decays, as may seem reasonable to the Minister. On failure to comply with such demand, the Licensee may be called upon to pay the stumpage on such lumber as by these regulations prescribed.

23. Any logs cut and delivered in a stream or lake where they are liable to float down before being scaled by the Government Scaler, to be subject to a penalty of double stumpage.

E. A. SMITH,
Minister of Lands and Mines.

No.	SITUATION	Sq. Mls.	
	Training Ground Reserve.
