DEPT. PUBLIC WORKS

BRIDGE NOTICE.

Note.—No tenders will be considered unless the persons tendering distinctly state that they have made or caused to be made, an inspection of the site of the proposed work.

Sealed tenders, marked Tender for Mitton Bridge will be received at the Department of Public Works, Fredericton, until Wednesday 21st day of March, 1923, at 5 o'clock, P. M. For building Mitton Bridge, Parish of Coverdale, Albert Co., N. B., according to Plans and Specifications to be seen at the Public Works Department, Fredericton, N. B., at the office of the Provincial Tax Inspector, Bank of Montreal Building, St. John, N. B., at the residence of Fred Leeman, Five Points, Salisbury, at Lane Colpitts, Colpitts, N. B., and at the office of Geo. Cochrane, Moncton, N. B.

Each tender must be accompanied by a certified bank cheque made payable to the Provincial Secretary-Treasurer, or cash for an amount equal to five per cent. of the total amount of the tender, which will be forfeited if the party tendering declines to enter into contract when called upon. Such certified bank cheque or cash will be returned to the parties whose tenders are not accepted, but with the party to whom the contract is awarded it shall be retained until the final completion of the contract and its acceptance by the Department. Not obliged to accept lowest or any tender.

P. J. VENIOT,

Minister of Public Works.

Department of Public Works,

Fredericton, N. B., March 1st, 1923.

DEPT. OF HEALTH

Regulations of the Saint John Sub-District Board of Health, additional to the Regulations of the Department of Health regarding Dairies and Milk, under authority of Section 44 of the Public Health Act, 1918.

1. These regulations shall apply to all that portion of the City and County of Saint John lying within a radius of two miles of the Old Court House in the City of Saint John and to that portion of the Village of Fairville and the Parish of Lancaster south of the Village of Fairville in the County of Saint John lying within a radius of two and one half miles of the Old Court House aforesaid, which District shall be known, for the purpose of these regulations, as "The Saint John Milk District."

2. It shall be unlawful for any person firm or corporation to sell, hold for sale or offer for sale for human consumption in the Saint John Milk District any milk or cream that has not been scientifically pasteurized to the satisfaction of the District Medical Health Officer. (a) The term "pasteurized" shall not be applied to any milk or cream unless it has been subjected for at least twenty minutes and not more than thirty minutes to a temperature of not less than 142 degrees (Fahrenheit) and not more than 148 degrees (Fahrenheit) and then at once cooled to 55 degrees (Fahrenheit) or under and kept at that temperature or below until delivered to the purchaser or consumer.

3. All milk or cream sold in the Saint John Milk District must be delivered in sealed cans or glass bottles tightly stoppered, or other receptacle approved of by the District Medical Health Officer, and all milk or cream sold in bottles must be bottled in the plant where it is pasteurized, or if sold in cans such cans must be sealed in the plant where it is pasteurized; but dairies which sell milk, cream and butter only, and no other commodities, may sell loose milk in the dairy only.

4. All milk cans must be closed tight and sealed in the milk houses at the dairy farms before being sent forward to the Saint John Milk District from the milk house, and no milk shall be brought into the Saint John Milk District except in cans sealed with seals containing the name, initials or identifying number of the producer.

5. All milk cans used in transporting milk to the Saint John Milk District shall be of a type and size approved by the Saint John Sub-District Board of Health and shall at all times be in a satisfactory condition.

6. All empty cans must be cleaned, sterilized and sealed at dairy (or pasteurizing plant) before being returned to the Dairy Farm.

7. Milk cans must be used exclusively for milk. Any can used for returning skim milk, whey or sour milk from the dairy to the producer must not be used for milk and such can must be painted some distinctive color and plainly marked with the words "Not to be used for milk," the letters of which shall not be less than two inches in height.

8. The above regulations shall go into effect on and after the first day of May, 1923.

Passed by Sub-District Board of Health of St. John City and County St. John, N. B., June 27, 1922.

(Sgd.) JOHN KELLY, Chairman

(Sgd.) T. M. BURNS, Secretary.

Approved:

(Sgd.) WILLIAM F. ROBERTS,

Minister.

February 21st, 1923

THE HONOURABLE THE MINISTER OF HEALTH REPORTS FOR THE INFORMATION OF THE COMMITTEE OF THE EXECUTIVE COUNCIL:

That the Westmoreland County Sub-District Board of Health at a meeting held on the 16th day of February, A. D. 1923, passed by-laws regarding the sale of milk and cream in the City of Moncton:

By-Laws Regarding the Sale of Milk & Cream in the City of Moncton, Passed by the Westmoreland County Sub-District Board of Health on the 16th Day of February, A. D. 1923.

1. No person shall sell or offer or have in his possession for sale milk or cream in the City of Moncton without a license therefor from this Board. The license shall be called a "Vendor's License" and shall be for the calendar year in which it is issued.

2. Every person applying for a Vendor's License shall with the application therefor furnish this Board with a declaration in writing that he is willing to submit all cattle owned, possessed or controlled by him, and any cattle subsequently acquired, to veterinary examination and to the Tuberculin Test for the diagnosis of Tuberculosis, by a Veterinary Inspector or Inspectors appointed by this Board, or by any Veterinary Inspector or Inspectors of the Department of Agriculture of the Dominion of Canada, Health of Animals Branch, under and in accordance with the provisions of The Animals Contagious Diseases Act or any regulation or Order-in-Council passed or that may hereafter be passed under the provision thereof. Such test and examination shall be made whenever deemed necessary by the Veterinary Inspector or Inspectors appointed by this Board, or whenever so ordered by the Veterinary Director, General of Canada, or required by the regulations or Orders-in-Council under the Animals Contagious Diseases Act aforesaid, or by the by-laws, rules or regulations of this Board, or otherwise made under the provisions of the Public Health Act of 1918.

3. (a) All dairies in which milk and cream are produced for sale in the City of Moncton shall be licensed. The license shall be known as a "Dairy License" and shall be for the calendar year in which it is issued. Where the dairy is owned or controlled by the holder of a Vendor's License, a separate Dairy License shall not be required, but in such case, the Vendor's License the application therefor, the granting and the continuance and the suspension or cancellation thereof, shall be subject to all by-laws, rules and regulations respecting a Dairy License.

(b) No Dairy License shall be issued unless the dairy conforms to the required standard.

(c) The standard shall require that the stable shall have an ample amount of air space, and at least two square feet of window glass for each cow, and shall be well ventilated, drained and kept clean and sanitary.

(d) Every person applying for a Dairy License shall with his application furnish the Board with a certificate of a Veterinary Inspector of this Board, that the dairy in question conforms to all by-laws, rules and regulations applicable thereto.

4. All cattle including bulls, owned, held or otherwise in the possession, custody or control of any holder of a Vendor's or a Dairy License shall be tested with tuberculin in accordance with and under the provisions of the Animals' Contagious Diseases Act and the regulations and Orders-in-Council passed or that may hereafter be passed thereunder, or with the by-laws, rules and regulations of this Board or otherwise made under the provisions of the Public Health Act of 1918 and at such time or times and otherwise in all respects as mentioned in regulation No. 2 hereof.

5. Two years from the date of the first test of the cattle of a dairy, the sale within the said City of Moncton of unpasteurized milk or cream from the said dairy shall be prohibited, unless a Veterinary Inspector of this Board or under the Animals Contagious Diseases Act of Canada, certifies that the said herd contains no reactors and in his opinion is free from tuberculosis.

6. All cattle bought or acquired by the holder of a Vendor's or Dairy License shall be submitted to the tuberculin test and shall thereafter remain in isolation to the same by the Veterinary Inspector mentioned in regulation No. 2 hereof conducting such test before being brought to the premises of the purchaser and shall thereafter remain in isolation to the satisfaction of such Inspector until retested and certified as fit to enter the herd.

7. Cattle declared by the Veterinary Inspector conducting the same to have reacted to the tuberculin test shall be deemed for all purposes to be tuberculin and shall be disposed of as the said Inspector may direct under the provisions of the Animals Contagious Diseases Act or any regulation or Order-in-Council passed or to be passed thereunder.

8. Every Vendor's or Dairy License shall be subject to the condition that the
