PROCLAMATION

Any and all authority heretofore authorizing the issuing of slash burning permits is hereby revoked

Under authority vested in the Minister of Lands and Mines of the Province of New Brunswick, the prohibition of brush and slash burning throughout the entire Province, effective since May 15, is hereby discontinued until September 15, 1923.

Slash burning Fire Permits may now be issued by any permanent Forest Ranger in the employ of the Government of this Province, but not by Municipal Councilors or any other persons. Such permits may only be issued after the slash has been inspected by the Ranger and found to have been piled in heaps at least 50 feet from standing timber. Such permits shall state the conditions regarding the number of men required to be present during burning and the number of pails, barrels of water, and tools required, or any other condition deemed necessary by the fire warden. All such permits shall also include a clause stating that no burning shall be done except under the direct supervision of the Ranger and in accordance with his directions. Also that no burning must be done after 4 p. m. when there is no wind blowing or during wet weather, and a watch must be kept on all fires until completely extinguished. All fire permits must be issued for as short a period as possible.

Fire Rangers must explain the law, courteously, to all, including the clause that the permittee is legally responsible for all damage caused by his fire to his neighbours even if set under permit, that he must notify his neighbours before he sets fire, and also the new clause which prohibits all slash and brush burning during the spring or summer of 1924.

All Fire Rangers are authorized to and must refuse fire permits where the above requirements are not complied with.

All Fire Rangers are authorized to and must refuse to issue any fire permits and must cancel any they have issued if they consider conditions dangerous in their district at any time.

No Fire Ranger may alter or waive any of the above regulations without the written permission of the Deputy Minister. Special Fire Rangers appointed to assist in supervising slash burning shall be subject to the direction of the Forest Ranger of the District in which he is employed.

This Proclamation will continue in force until September 15th unless sooner cancelled or further extended, depending on weather conditions which may prevail.
