

fects or deformities amenable to cure or correction, in each school examined, together with the nature of such defect or deformity, the name and address of the parent or guardian of each such child, and other information which may be called for in schedules laid down for such purpose by the Chief Medical Officer."

Regulation 181 is hereby cancelled and the following substituted therefor:

"181. No Medical School Inspector shall be discharged from office except for cause shown and with the approval of the Executive Council of the Province."

Regulation 182 is hereby cancelled and the following substituted therefor:

"182. In the matter of Rural schools, each Medical School Inspector shall in all such schools in his area make a careful examination of all children found in such schools upon the occasion of his visit to such school for the purpose of examination, at least once during each school year."

"In the matter of Urban Schools, like examination shall be made semi-annually that is to say once during each school term, and like forms obtained from like sources, together with like reports shall be used in this connection as is laid down with respect of rural schools."

Regulation 183 is hereby cancelled and the following substituted therefor:

"183. Such examination shall take cognizance of acute and especially, of communicable disease and also of chronic disease or constitutional defect or deformity which may be present in said children. The parent or guardian of any child to be so examined shall be entitled to be present at such examination, and it shall be the duty of the medical inspector to notify parents or guardians concerned of the intended time and place of such examination, so far as may be practicable."

"To this end, it is recommended that such notification shall be made by the said inspector to the parents or guardians concerned, by way of the teacher and pupils concerned. The teacher or principal shall be notified and he, in turn, shall announce the date of visit to the pupils, for information of parents or guardians. Such notification shall, if practicable, be made at least two school days in advance of visit."

Regulation 192 is hereby canceled and the following substituted therefor:

"192. No child shall attend school without being at least once successfully vaccinated against smallpox and to attain this end it shall be the duty of each Medical School Inspector to vaccinate each school child in his medical school inspection area, free of charge who is not already successfully vaccinated, as shall apply to him for that purpose. For such purpose, the Medical Inspector shall be supplied, free of expense, with an adequate quantity of vaccine for smallpox from a reputable maker of such material, by the Department of Health, which vaccine shall be paid for out of the funds of the said Department. It is recommended that such vaccinations be mainly done during the midsummer or midwinter holidays and that a stated place and time for each school, or group of schools, as may be convenient be set apart for such vaccination and publicly announced at the expense of the said Department."

"Such successful vaccination, whether done by the Medical School Inspector or by some other qualified practitioner shall be, in each case, certified to by the operating practitioner at a date not earlier than one week from the time of operation. Such certificate, or a sufficiently marked vaccination scar upon the person of the said child (genuineness of scar if questioned to be determined by the Medical School Inspector) shall be recognized as prima facie evidence of such successful vaccination by all school authorities of the Province and by all health officers duly appointed under the Public Health Act of 1917 and its amendments and the regulations thereunder."

"The foregoing amendments shall be deemed as having effect and as being in force from and after the first day of August, 1922."

J. E. HETHERINGTON,
Provincial Secretary's Office,
Ft. St. John, 12th Sept., 1922.
