Dept. Public Works

SEALED TENDERS

marked "Tenders for Lumber for Andover Highway Bridge, Victoria Co., N. B." will be received at the Department of Public Works, Fredericton, N. B. until Wednesday, 20th day of October, 1926, at noon.

This specification to be seen at the Public Works Department, Fredericton, N. B., and at the office of the District Engineer at Woodstock, N. B.

Each tender must be accompanied by a Certified Bank Cheque, made payable to the Provincial Secretary-Treasurer, or Cash, for an amount equal to five per cent of the tender, which will be forfeited if the party tendering declines to enter into contract when called upon. Such certified Bank Cheque or Cash will be returned to the parties whose tenders are not accepted,—but with the party to whom the contract is awarded, it shall be retained until the final completion of the contract and its acceptance by the Department. Not obliged to accept lowest or any tender.

Specification for Material

All material shall be delivered at the site of bridge, where it shall be carefully culled by the officer duly appointed to oversee the same.

Such material shall be piled in such suitable and convenient manner to be easily accessible for such inspection and culling.

The officer in charge shall refuse to inspect the same until such material is so suitably arranged, and any expense caused the Department by such delay shall be deducted from the contract price for lumber.

All condemned material shall be at once removed away entirely from such accepted material and the bridge site generally.

The material throughout to be of the best quality of its respective kinds. It shall be of a large, free from sap growth, straight grained, free from large or loose knots, wane edges, through- or round shakes, large or through season cracks, decay, mould, worm holes, or any defects impairing its strength or durability; to be sawed straight and of full and even length, width and thickness.

Bill of Material

4" thick birch plank, not less than 6 inches in width and in single lengths of 12 ft. 33900 ft. B. M.

4" thick black spruce plank, not less than 6 inches in width and in single lengths of 12 ft. 33900 ft. B. M.

Contractors tendering shall state separate prices per M. ft. B. M. for which they will supply each of the above classes of material.

The entire amount of material to be delivered on or before the First day of January, 1927.

D. A. STEWART,
Minister of Public Works.
Public Works Dept.,
Fredericton, N. B., Sept. 30th, 1926.
