FREDERICTON, APRIL 4, 1928.

[PAGE 81

PROCLAMATION

By His Honour, the Honourable William F. Todd, LL. D., Lieutenant-Governor of the Province of New Brunswick.

WILLIAM F. TODD

WHEREAS, the Legislative Assembly of this Province, convened on Thursday the 23rd day of February last, and continued its sittings until this day, being the 30th. day of March instant, I have thought fit to prorogue the said Legislative Assembly, and the same is hereby prorogued accordingly to Thursday the 3rd day of May next.

Given under my hand and seal at Fredericton the 30th day of March, in the year of our Lord one thousand nine hundred and twenty-eight, and in the eighteenth year of His Majesty's Reign.

By command of the Lieutenant-Governor.

ANTOINE J. LEGER,
Provincial Secretary-Treasurer.

Fredericton, March 30th., 1928.

This day at 1.30 p. m. His Honour, William Frederic Todd, Lieutenant Governor of the Province of New Brunswick, came to the Assembly Chamber and being seated on the Throne after assenting to the several bills passed during the session, was pleased to close the session with the following speech:

SPEECH

Mr. Speaker and Gentlemen of the Legislative Assembly:

While the Session has been a short one yet much business has come before the House which has required and received unremitting attention. In view of the recent revision of the Statutes no important change has been sought in public Legislation, but many instances have arisen where the revision by presenting the law in a succinct form has called attention to the need of minor amendments which you have adopted.

Experience under the Liquor Control Act of last session has shown the necessity of amending that measure so as to render the enforcement of the Act more certain. You

have provided, I think, means by which objections to merely technical procedure will no longer be successful in such litigation and that nothing but an honest defence will avail a person who is accused of an infraction of the law.

The establishment of a Provincial Police Force has accomplished much for the enforcement of law and order, and I feel that as this force is brought up to strength and acquires proper training it will still further demonstrate its utility.

The adoption of the Long Term Credits Act will enable this Province to cooperate with the Dominion in extending to farmers a form of credit which they cannot obtain from ordinary financial institutions.

The provision of greater accommodation for forestry and mineralogy in connection with the Provincial University marks the co-relation which should exist between that institution and the development of the natural resources of the Province.

I thank you for the liberal provision which you have made for the service of Agriculture, the construction of roads and public services generally. The assistance which you have given to those unfortunates who require to use sanitariums for the treatment of tuberculosis will be much appreciated not only by the patients but by the municipalities which thereby obtain an appreciable measure of relief.

The outlook for development in the Province in industries depending upon our Crown Lands is good. The power at Grand Falls will be available this year for assistance to that class of industry and it appears probable that considerable enterprise will be displayed in connection with our mining possibilities.

I wish our people all success in their efforts toward progress, material as well as social, and trust that the blessing of God may abide upon them and those engaged in the public work which is so essential to the public welfare.
