NOTICE

Regulations Governing Camp Site Leases on Crown Lands

Under Section 77, Chapter 20, R. S., 1927

Effective November 1st, 1931

Authorized by Order-in-Council of October 26th, 1931

No camp or building of any kind shall be erected or allowed to remain on Crown Lands without permission from the Minister of Lands and Mines first having been obtained and a camp site lease issued, except buildings erected by timber licensees for logging purposes only. No construction will be permitted until the lease is completed.

A Camp Site Lease is an annual lease issued by the Lieutenant-Governor-in-Council for a term of one year renewable annually during the pleasure of the Minister and on the payment of the annual rental, which is fixed at \$10.00 for the first acre and \$1.00 additional for each additional acre in each case. The area must be in one block and is strictly limited to one acre, but may be up to ten acres if necessary for the buildings that are to be erected. Licenses must be sixty-six (66) feet or more from the bank of any river, lake or stream. The lease conveys the right to erect and occupy a camp

for sporting purposes. It does not convey any hunting or fishing privileges. The lease requires the lessee to take reasonable fire precautions as directed by the Minister. When approved, the sites will be surveyed by the Department for which a nominal fee of \$10.00 for each lease will be charged. If it is necessary to cut trees for construction, arrangements must be made with the timber licensee by the lessee.

Applications for camp site leases should be made on forms supplied by the Department and must give the following information:—

Purpose of sporting camp whether hunting or fishing or both, location, timber block number, name of river, lake or stream, the location of the nearest sporting camps to the site applied for, distance each is away and the name and address of the owner in each case. Information must also be given as to whether the locality in which the proposed site has been regularly hunted by any registered guide and, if so, by whom and for how many years. If the location is under timber license, the written consent of the timber licensee, should be submitted. The survey fee of \$10.00 and the first year's rental of \$10.00 or more, depending on the acreage, must accompany the application. In the event of applications not being approved, the above mentioned fees will be returned. Afterwards the annual rental is payable on May 1st of each year during the period the lease is in force.

All persons who now have camps erected on Crown Lands and who have not complied with these regulations must file application for camp site leases forthwith giving in addition to the above information the size and present value of the camps, when erected and by whom. Immediate attention is required to this regulation.
