

printed and properly expended, but little alteration or improvement will appear upon those roads. The proposed steam packet will obviate these difficulties in facilitating the means of reaching those places in a short and certain time; and we look forward with much pleasure to the speedy accomplishment of this project. While the country around us attracts during the summer its hundreds, Liverpool and springs its tens of thousands, little known, places which possess for the traveller, pleasure, interest and delight. In Lunenburg, he is almost spoiled by the kind hospitality and gaiety of its inhabitants, while the rich fields and beautiful farms about it, convey the idea of plenty, peace and happiness. The beautiful English-like village of Liverpool, demands as he passes on his way, a few hours, or if he can spare them, a few days of the traveller's time. The neat and uniform appearance of its whitewashed houses, the unanimity and good feeling which pervade all circles and classes there; the splendid water-falls which a short hour's walk will introduce him to; the attentions and politeness of friends, and above all, the bright and sunny smiles of its lovely and poetical girls—form almost a little paradise, over which even in memory we fondly love to linger. And Shelburne too, to him who loves to dwell upon the wreck of premature decay, to meet in every walk with the last remains of noble buildings which, like their possessors, have briefly passed away,—to behold the spirit of desolation brooding over and overshadowing with its gloom this once thickly populated village—to him it will afford a melancholy pleasure, to tread amidst the ruins, and trace them in thought, back to their state of former beauty;—while, about a mile from the town in a romantic spot, is situated a mineral spring, whose virtues were once deemed as great, and efficacy undoubted, as now are the waters of the Wilmot Springs. The numbers who would be induced to make this delightful tour, if the means of doing so were facilitated by a steam boat, would we feel certain, yield as much profit to the Proprietor, as it would afford gratification and convenience to men of pleasure and business.—*Acadian.*

MECHANIC'S LIBRARY. It affords us a sincere pleasure in announcing that the spirit of improvement has at length appeared among us, and that the means it offers are beginning to be embraced and cultivated. The formation of the above Society promises much, which we expect to see shortly realised. That a place so largely populated as Halifax, and possessed of so much native talent, should be devoid of the first means of improving it, by the acquirement of knowledge, through a well selected Library has long been with us a matter of astonishment as well as of regret. The one which takes the name of Halifax, has ever been as a sealed book unto the many to whom it should be open—a sort of Eden, filled with the branches of the tree of knowledge, whose fruit it was forbidden, all save a chosen few, to pluck. But a better day at length has dawned, and we fondly hope, that beneath its light, many and useful institutions may be shortly formed, which will profitably occupy the time, and improve the mind, and widen the resources of the youthful and other inhabitants of this place.—*Acadian.*

THE SEASON.—That our climate has astonishingly altered with the last fifteen or twenty years, no one who has a sound mind or good memory will presume to deny; in proof of the assertion it may be sufficient to state, that within the past week, Strawberries and all other sorts of berries have been found, and that Green Peas of a second crop, have been plucked in this place.—*Id.*

PRODUCE.—Immense quantities of country produce have been brought to market even at this early period of the season.—Large quantities of Pork were selling this week at 3s. and 3d. per pound. Geese, at 1s. 3d. each, and very fine fowls were freely offered at 1s. 3d. per pair, all other kinds of country produce are selling equally as cheap. Potatoes are offered at the wharves at 1s. per bushel by the quantity. *Id.*

FALL OF WARSAW.

We were last evening put in possession of the Liverpool Times of the 20th September, received by the Barque *Eleanor*, and have selected from it the important intelligence of the capitulation of Warsaw to the Russians. The Times, in remarking on this event, says—
"Warsaw has once more fallen into the hands of its barbarous oppressors, after a desperate but unavailing struggle, which lasted two days. After the outworks had been carried by assault, by the overwhelming hosts of the Russians, the city was saved from the horror of a storm, by a capitulation. The entrance of the Russian army took place on the morning of the 8th September, the Polish forces and government having retired the previous night to Modlin, a regularly fortified city on the Vistula, about 20 miles north of Warsaw. The surrender of Warsaw does not therefore necessarily extinguish all hopes, though we fear that the utmost that the Polish army and government can now expect, is to obtain reasonable terms of surrender. So far as the present accounts extend, no outrages appear to have taken place after the surrender of Warsaw. The news will produce an immediate sensation in France, and may, perhaps, even throw power into the hands of the war party. A month ago, it would have led to the inevitable destruction of the Perier administration."

MILITARY DAY AND SHAM FIGHT.

We were once more gratified with a Sham Fight on Monday last, in which a goodly number of our militia took an active part. The principal positions were nearly the same as in the sham fight of last year, of which our readers will recollect we gave a partial description; but in addition to the foot soldiers, we had our troop of cavalry, which by several gallant charges certainly gave great effect to the movements of the day. The rapidity and facility with which the well disciplined and gallant Riders threw themselves into square upon the approach of the Horse,

and again wheeled into line upon their retreat, and the daring and fearless manner in which our troopers pressed forward to the very points of the bayonets, afforded us an earnest of what they would do upon the battle-field against the real foes of our country. A gallant stand was made at Mill Creek Bridge by the Grenadiers, who had with incredible haste thrown up a barricade, as well for cover as for preventing their opponent's sudden advance. Upon the whole, we may venture to assert that nothing of the kind has ever been conducted with so much spirit and effect among us heretofore; and we were happy in hearing that Sir Archibald Campbell, who was present during the whole day with his family, was highly pleased with the days' performance.

SEVENTH REPORT

OF THE

FREDERICTON TEMPERANCE SOCIETY.

Agreeably to notice, the Seventh Quarterly Meeting of the Fredericton Temperance Society was held in the Baptist Chapel, on Monday, the 17th ult. At 7 o'clock the President took the chair, and the Rev. S. Busby opened the meeting with prayer; after which the Secretary read the Rules and Members names of the Society. Several excellent Speeches were made, and powerful arguments introduced in favour of temperance combinations.

Owing to the inclemency of the weather in the evening, this meeting was less numerous attended than on any former occasion, but the number who came forward and subscribed to the rules exceeded our most sanguine expectation. We are now fully warranted to say, that many who a few months since were open enemies, not to temperance, but to temperance societies, have now offered us the right hand of fellowship, and enrolled their names among our own.

Daring, or very unthinking, indeed, must that man be, who will now oppose a cause that the first in talent and highest in station are so eagerly establishing in the Mother Country. We, in our little Society, have borne the "proud man's contumely," but since prejudice is decreasing in like ratio as West India importation, our head will not be trodden by the hand of time, when those who are yet silent but sullenly averse to our measures will become friendly to our exertions when they see that a people's wealth and comfort is a nation's riches and revenue.

The land to which some of us belong and the country that we have adopted, through the use of ardent spirits, had well nigh sunk into inactivity, and poverty like a bird of prey, hovered over our Kingdom and Colonies, but at a time we least expected, the Genius of Temperance, who was hid behind thick clouds of obnoxiousness, came forth in splendour, and, like an angel of mercy, "with healing under his wings," restoring the drunkard to his friends, and his exertions to his country; and binding up the broken hearted orphans and widows of the living husband.

By order of the President,
FRANCIS BEVERLY, Secretary.
Fredericton, 31st October, 1831.

[FOR THE ROYAL GAZETTE.]

MR. SIMPSON,

SIR,—I have been at the Wilmot Spaw Springs in Nova-Scotia, and was there eighteen days; and while there, was not idle in making enquiry of the cures or supposed cures the mud and water has made; and procured the annexed certificates from the proprietor of the spring, which I send to you to insert in your paper if you may think it of any use to our fellow beings that may have the like disorders to struggle with in the course of this life of pilgrimage on this world.

I promised the proprietor of the spring to hand these certificates to you, and if you should believe it would be useful to individuals afflicted with diseases that medicine does not seem to relieve, they can make a trial of the water. I find myself bettered by my visit to the springs.

(Signed) A SUBSCRIBER

Copies of Certificates from persons relieved or cured by the Wilmot Spring Water in Nova-Scotia, viz—

I do certify that I have been long afflicted with a Cancer, and not being able to find any relief from medical assistance, was advised to visit Wilmot Spring, and to my great satisfaction, in five days after my arrival the ulcer was entirely healed, and the scars chiefly removed, and I at this time find no inconvenience from the effects of the disease.

(Signed) L. J. FULMER.

Wilmot, 19th July, 1831.

I the subscriber do hereby certify that I had a Cancerous Ulcer on my breast, which caused a great deal of pain and alarm. On my way to Halifax to have it taken out, I was advised to go to the Wilmot Spring, which I did, and by applying a wet leaf to the sore, in the course of a week effected a complete cure.

(Signed) RICHARD HAINES.

Wilmot, 2d August, 1831.

I do certify that after being afflicted for many years with a Cancer in the corner of my eye, I was advised to attend the Wilmot Springs, and by applying the water to it for a short time, it has made a complete cure.

(Signed) ELIZABETH SPROWL.

Wilmot, 3d August, 1831.

I saw the husband of Mrs. Sprowl, who resides not one and a half mile from the spring, I intended to have seen the woman, but the last six days I was there it was stormy disagreeable weather that prevented it.

This is to certify that the subscriber heretofore having been for a long time afflicted with the external Piles, the Gravel, and inflammation on the Lungs, hearing of the virtues of the Wilmot Spring, came to visit and prove its healing qualities, and having for one week drank freely of the water, bathed, and washed, find myself to all appearance perfectly recovered.

(Signed) JOHN PALMER, Canning, N. B.

Wilmot, 26th Sept. 1831.

This is to certify that my Daughter was troubled two years with the Scrofula on her neck, and being advised to send her to the Wilmot Spring, which I did, and after the course of three or four weeks, by using the water and mud it made a complete cure, as witness my hand.

(Signed) DONALD McPHERSON.

Wilmot, 26th Sept. 1831.

Agreeably to advertisement, the annual Meeting of the New-Brunswick Auxiliary Bible Society, was held in the Masonic Hall on Wednesday evening last, the President, JOHN M. WILMOT, Esquire, in the Chair. The attendance on the occasion was unusually numerous and respectable. From the Report, which was read by the Secretary, it appears that the Society is in an improving condition. The number of subscribers is rapidly increasing, the desire for the Scriptures is greater, and the general interests of the Institution are becoming more popular. It was pleasing to learn, that in consequence of the investigation made by the Committee into the Biblical wants of the poor, 80 bibles and 24 testaments have been distributed during the past year, among that class of the community.

After the Report was read, the following Resolutions were successively moved and adopted:—

1st.—Moved by the Rev. Mr. Naylor, and seconded by Wm. Taylor, Esquire, President of the Fredericton Bible Association—

That the Report now read be received and printed under the direction of the Committee.

2nd.—Moved by the Rev. I. W. D. Gray, and seconded by Neville Parker, Esquire—

That this Meeting learn with great satisfaction, that the Parent Society in London has, during the past year, been in the receipt of a large increase of funds, and been more extensively useful in the dissemination of the Scriptures.

3d.—Moved by Alexander M'Leod, Esquire, and seconded by Mr. Charles Wiggins—

That this Meeting rejoice to learn that so many copies of the Holy Scriptures have been issued from our Depository, and so many of the poor cheaply or gratuitously supplied, during the past year; and that it ought to be matter of prayer to Almighty God, that every copy of his word, so circulated, may prosper to the end for which it is sent, in building up the Church, and in turning sinners from darkness to light, and from the power of Satan unto God.

4th.—Moved by the Rev. Mr. Strong, and seconded by J. C. Waterbury, Esquire—

That the thanks of this Meeting be given to the President, Office Bearers, and Collectors of the Ladies' Bible Association, for their unremitting and successful exertions in favor of Bible circulation—and to the Branches of Grand Lake and St. Stephen's for their continued attachment to the Auxiliary.

5th.—Moved by the Rev. Mr. Desbrisay, and seconded by Mr. James—

That the following Gentlemen compose the Committee for the ensuing year:—

Messrs. Zebulon Easty, John Owens, Nathan S. Demill, Hugh Allen, John Robertson, Charles D. Everett, John Bradley, Robert Sabin.

6th.—Moved by Mr. Wm. Ewing, and seconded by Mr. Demill—

That the existing regulation appointing the Annual Meeting to take place on the last Wednesday of October be rescinded, and that a Regulation be substituted appointing the Annual Meeting to take place on some day in Christmas week, that will appear to the Committee most agreeable.

The collection taken up at the close of the Meeting amounted to £8 10s.

We are much gratified in looking over the names of those who moved and seconded the Resolutions, to find Gentlemen from every Protestant denomination in the City. This circumstance augurs well for the Institution, and it may be considered as the earnest of a more extended liberality of sentiment, and perhaps as the pioneer of the complete extirpation of those feelings of personal animosity, which too frequently arise on account of differences of opinion and profession.—*Courier.*

ACCIDENT.—On Saturday last, a boat with ballast, coming from the Breakwater to the upper part of the Harbour, rowed by two seamen, filled and sunk off Pelling's Wharf. The rope which was attached to the bow of the boat, unfortunately got entangled round the leg of one of the men, named Thomas McEachern, aged 24 years, a native of Campbelltown, Scotland, by which he was taken down with the boat, and drowned.—The other saved himself by swimming to the shore. The body of McEachern was shortly afterwards picked up, but life extinct.—*St. John Observer.*

The remains of Henry Chapman, aged 16 years, son of Wakefield Chapman, Esq., of Whithy, who unfortunately lost his life by a fall from the main rigging of the bark Harbinger, were respectfully interred in St. Paul's Church Yard, on the afternoon of Wednesday last. They were followed to the grave by a large and respectable body of the inhabitants, from different parts of the river.—*Miramichi Gleaner.*

HALIFAX, Sept. 28.

The Royal William Steamer, came up the harbour in fine style on the afternoon of Wednesday last, her passage had been favourable and no obstacles or accidents encountered on the way. But while we allude to the passage of this fine boat, it pains us to express our fears, that she will prove to Nova Scotia of but very little value. We surmise not wherefore it is, that while around us we behold joint stock speculations successful, amongst ourselves they always produce a failure, steam boats and canal projects fall alike eventually to the ground. The Royal William brought no passengers, and little more than a nominal freight.

Pictou, Oct. 26.

The Royal William, Steamer, passed, on Thursday the 20th ult. a brig wrecked on Cape Gaspe, apparently about 250 tons, no figure head or quarter galleries, white lower masts, and mast-heads, a broad white streak with black ribbon through. The steamer rounded to, and passing close by her, observed several persons on board stripping the rigging, unloading sails, &c.—saw two shore boats in attendance—supposed the persons on board to be inhabitants. On the 23d ult. spoke sch'r Edward, of Halifax, from Demerara, bound to Miramichi.

Married.

In Christ Church, on the 26th ult. by the Rev. S. D. L. Street, Mr. Samuel Rody of the Parish of Woodstock, to Miss Jane Wilson of the same place.

In Chr Church, on the same day, by the same, Mr. Thomas Jackson of the Parish of Northampton, to Miss Maria Wright of the same place. At Northampton, on the 27th ult. by the same, Mr. Peter Grant, to Miss Mary Ann Wright all of the same place.

At the Parish of Hampton, King's County, on the 28th Sept. by the Rev. Mr. Walker, Mr. Joseph Watson, jun. of Charlotte County, to Margaret, fourth daughter of Caleb Wetmore, Esq. of the former place.

Died.
On the 1st instant at Musquash, in the Parish of Lancaster, Thomas Menzies, Esq., at the advanced age of 98 years and seven months.—This venerable gentleman had served as Major in the American Legion, and came to this province at the close of the Revolutionary war, he was one of the first race of Aldermen, nominated in the Charter of Saint John, and has ever since been in the Commission of the Peace. He was universally and justly respected by all who had an opportunity of being personally acquainted with him. Suddenly, at Glasgow, on the 19th September, William Ewing Esq. Merchant.

A General Meeting of the
Subscribers to the FREDERICTON LIBRARY is particularly requested at the Library on Monday next the 14th instant at 12 o'clock.
7th November, 1831.

SLEIGHS & WAGGONS.

THE subscriber has on hand a variety of Sleighs, Waggon, &c. of good workmanship and built of the best materials, which he will dispose of on moderate terms for cash or approved credit; he would also inform the Public, that he intends carrying on the Carriage and Sleigh making business in all its various branches. Purchasers will be supplied at short notice with the above articles, which will be made after any model which they may require.

RICHARD DUNN.

Fredericton, November 9, 1831.

NOTICE.

ALL persons having any demands against the Estate of Bajah Ingraham, late of Woodstock, deceased, are requested to present the same duly authenticated within three months from this date; and all persons indebted to the said Estate, are desired to make immediate payment to

MARY INGRAHAM, Administratrix.

BENJ. INGRAHAM, Administrator.

Woodstock, November 2, 1831.

FOUND.

A SILVER WATCH, by one of the Subscribers Family this morning. Any person, upon giving the number or description of the same may have it, upon paying the expense of this advertisement; and on application to

WILLIAM FERGUSON.

Fredericton, Nov. 7th, 1831.

PAINTING, &c.

L. WARREN, hereby intimates that he has just returned from New-York, and has opened his Shop in Mr. MINCHIN'S Brick House, above the Attorney General's Office, where every description of HOUSE, SIGN, CHAIR, COACH, SLEIGH, FANCY and ORNAMENTAL PAINTING, GILDING, GLAZING, VARNISHING, PAPER HANGING, &c. will be executed with the utmost despatch, in the best style of workmanship, and on the most reasonable terms.

L. W. respectfully begs leave to return his sincere thanks to his Friends and to a generous Public, for the very liberal support which he received during his former residence in Fredericton, and as he has since endeavoured to acquire a perfect knowledge of the most approved modes of BRONZING, transparent SIGN PAINTING, and imitating Wood and Marble, of all kinds, as practised both in Great Britain and in the United States of America, he trusts that his efforts to give general satisfaction in the exercise of these Branches of his profession will be successful.

L. W. also begs the attention of the Public to various specimens of his work in all the foregoing Branches, which may be seen at his shop, and he flatters himself that they will be found superior to any thing of the kind, which has heretofore been introduced into this Province.

N. B. Mixed and Dry Paints, Spirits of Turpentine, Varnishes, Painting Brushes, Gold Leaf &c. &c. may also be had at his Shop, at moderate prices.

Fredericton, 3th October, 1831.

GEORGE H. HART,

Book-Binder, Stationer and Copper Plate Printer.

RESPECTFULLY informs the Inhabitants of Fredericton, and its Vicinity, that he has commenced the above business in the Store formerly occupied by Mr. James Tibbitts; he has on hand a general assortment of STATIONARY, and orders in his line will be executed with neatness and dispatch; he therefore respectfully solicits a share of public patronage.

Mr. H. having a LIBRARY, comprising upwards of 200 Volumes—intends opening a Public Circulating Library, if sufficient encouragement be given to enable him to procure the latest Periodical, and other new works. Gentlemen disposed to encourage such an institution, will please to call and subscribe.—The Terms are as follows:—

For one year : : : £1 5 0
" 6 months : : : 0 13 9
" 3 months : : : 0 7 6
" 1 month : : : 0 3 9
" 1 week : : : 0 1 3

Fredericton, 2d August, 1831.

NOTICE.

ALL Persons having demands against the County of YORK or any of its Parishes, for services or supplies of any description whatsoever, since the period of the January Sessions in 1831, are requested to deliver them to the Subscriber, previous to the 24th day of December next; and all collectors and other persons who may have received monies on account of the said County or Parishes, are also requested to render an account of the same previous to the above mentioned date.

A particular attention to this notice is requested, in order that all accounts may be added and laid before the General Sessions in January 1832.

JAMES TAYLOR, Junr.

Auditor.

Fredericton, October 5th, 1831.

NOTICE.

THE Co-partnership heretofore existing between the Subscribers, under the firm of Langen & Robertson, is this day dissolved by mutual consent. All persons who are indebted to said firm, are requested to call and settle the same; and those who have demands, will please render them for adjustment to either of the Subscribers.

T. L. LANGEN.

T. R. ROBERTSON.

Fredericton, 16th August, 1831.

The Subscriber begs leave to acquaint the public, that he will continue to transact business at the Store formerly occupied by Langen & Robertson, and will be happy to supply his friends with any article in his way, either for cash or country produce.

T. R. ROBERTSON.

August 16, 1831.

THE SUBSCRIBER begs leave to inform the Public that he has taken the Store formerly occupied by the late Samuel Grover, where he continues to transact business on his own account, and will be happy to supply his friends and customers on the most reasonable terms.

GEO. WOODS.

24th September, 1831.

TEAS.
