On this supposition, how is it to be aced in the London Courier of the evening of the 15th, in the space of half an hour. Courier Office.

Tuesday Evening, May 15, half past 3. Reports have been current for the last hour that Earl Grey has been sent for by the King, and requested to continue in office. Up to this time, however, we have no authority to confirm these reports. The Duke of Wellington was for two hours with the King this morning; but nothing has transpired as to the nature of the interview. It is said, but we know not how truly, that Mr. Croker, Mr. Wynn, Mr. Goulburn, Mr. Baring, and Mr. Manners Sutton have refused office.

Twenty Minutes to four. Earl Grey has not been sent for by the King, but it is confidently asserted that the Duke of Wellington will not be able to form an adminis-

The Earl of Harewood is said to have made a strong representation as to the state of Yorkshire, and generally of the manufacturing districts in the North. His Lordship has, we hear, declared it impossible to answer for the consequence, if a Government be attempted upon any other principle than that of a large and efficient Reform.

SECOND EDITION.

Courier office five o'clock. In consequence of a communication transmitted this afternoon from the King to Earl Grey, his Lordship immediately summoned a Council Montreal, having left there the 11th.
