THE SOCIETY FOR

PROMOTING CHRISTIAN KNOWLEDGE

REPORT.

the year has now elapsed since the reorganization of the Fredericton District Committee of this valuable Society, under new, and (it is hoped) in some respects improved regulations. During that period the Officers of the Committee, at their monthly meetings, have been busily and successfully engaged in forwarding by all means in their power, the designs of the Society. The nature of their operations, however, is such that a very brief report is deemed sufficient. They have reported a valuable selection of Religious and other works published by the Society in England, a Catalogue of which with the prices annexed has long been before the Public, and many of which have been disposed of to members and other purchasers. The present plan of this Committee is to sell, on the lowest possible terms, than to give, except in very particular cases. It is hoped that the charitable work, to gratuitous distribution, where that is necessary, may safely be left to private benevolence; which, they think, may be more satisfactorily engaged in bestowing such gifts, than in enabling the Committee to bestow them. At present too, the liberality of the Committee is restrained by deficiency of means; as they incurred last summer a heavy debt to the Parent Society, the much greater part of which remains unpaid although they have made a considerable remittance, and are about to make a larger. Their remaining Stock exceeds the amount of their remaining Debt; but they have requested further supplies, on credit, that they may be enabled to proceed with their operations.

His Excellency the Governor has kindly consented to assume the office of Patron of the Committee, which at present consists of the following members.

They earnestly request the attention of the public to the fact, that, altho' subscription to an amount less than 11 8d. does not constitute a member, and give the privilege of a vote at their meetings, subscriptions to any inferior amount are now thankfully received, and entitle the

subscriber to all the privileges of a member, except the vote. They apprehend that this is not generally understood, as they cannot otherwise account for there not being any Subscriber of less than 10s on their list. It must, one would think, afford gratification to every well-disposed person, to contribute according to his means to so laudable an undertaking.
