ment, discret on, or hamanity have been displayed and if these officers have since been annoyed which could tend to keep alive anxiety, they have at least, the proud consolat on of feeling that they discharged a paraful, but imperative duty, with temper and moderation; and that by so doing they put an end to disorders, which would probably have led to consequences the most then trous to the ciry of Montreal.

I have the honor to be, &c. (Signed): FIFZRON SOMERSET.

Lient, General Bord Aylmer, K. C. B. &c. &c. by the November mail, from Falwouth, Itis Lords in the Commander of the Forces received a letter from the Military Secretary of the General Commanding in Chief, approving, in the fullest and most handsome terms, of the conduct of Lieut Colonel M mintush, Cap ain Temple and the Military employed in the a fair of the Montreal rot of the 21st of May last. We have been favoured with a copy of the General Order in which Lord As liner has promulgated this fetter, to the troops in British North America, and we have now the satisfaction of publishing it as another testimo it been kno vn in Canada. - Quebec Mercury.

be t Taylor procured him an maned at interview | By with the King, and the Lout, Colonel was honorer with an ad lignce of hearly an hour. - His Mi jesty appeared to hive been much perfectly ac gramed with the affairs which hid taken place. at Montreal; and personally expressed his entire approbation of the Leutenant. Colonel, of Capt Temple, whose name the King mentioned, and of the roops under the rao mands. On the followduling with his Migesty at the Pavillion .- 10.

and useful members of our community, by some old adage, "the pleasure of do ag good is its own 1831, -15. reward" We have seen the long, and even elegin', processions of the fire hen of Boston, New York, Ph ladel, ha, and Baltimore - which are all in lapendent companies, and liighly esteemed for their useful and per lous services. Their funds are constantly supplied by gifts from the dul' r MR. SIMPSON ent co para e bodies of the respective cities, and by donations from the Lisurance Companies. In England, the firemen and their ongines probably are the most efficient and prompt in the world, in consequence of their being kept and paid by the d flerent Lasurance Offices; and there is one marked fe ture different in the management of the eng n wow this side of the A lantic and those of England, and which we think is a great defect here as in England, in the place of men, to draw pyrunid to the zenith, anodst the nose, up- it up ; - when it got there the supply of water evils. fligration, put us more in mind of what the July- leven for the zeal and excitions of the officers val, as your experience may suggest. ment Day may be than any other scene we have and men of the 34th Regt, the fire could not "Since the close of the last Session, expen- of this circumstance, which, we hope, may have

nes as our fire companies, are best lekt when your loase is on fire. We do not wish any to be brought to estimate the value of our firemen by sach a test; but we hope they will receive that C ununnince and encouragement their labours and Profit is employment deserve, and every pecunitis issis and e requisite to their efficiely and prosprinty, -. Montreal Gazette.

## ----UPPER CANADA.

Such persons as give their attention to the proceedings of the House of Assembly of Lowcas Canada cannot fail to have remarked the incheased degree of exacerbation which pervales the recent debates. The position which has been assumed by the Speaker of that House, toe liva. Mr. Papineau, is without parallel in Laglisti Parlian intary history, as well, we fanev, as the annals of Colonial Legislature. We have abvays entertained an idea that to discharge the duties of the Speakership with digusty and propriety, the person holding that hon, situation, should divest himself of party feeling, abstam from all acrimonious debate, such occasions; but perhaps the most effectual and confine kimself chiefly to the proper duties of the chair. Such, we believe, has at least Heen the course pursued by our Upper Canadist an Speakers founded on British precedent, and by no Speaker more carefully than by the present very worthy one. What however do we see in the Legislative hall at Quebec? What out a monstrum horrendum? A lea ler of a Fredericton, and numerous assistance and des-Dusty is chosen as Spraker, who not only for-2 is what is due to the dignity of the chair he occupies; and his peculiar position, as the high medium of communication between the Comgions and the Crown, but seizes every opporfunity, while the Assembly is in committee, to d) leader of his faction, utter long and loud in-Vertives against public men and public men-Silves, and even assail the viceregal throne it-Solf. A more disgusting spectacle than this we think cannot be presented to our view, both as it regards the occupant of the chair himself, and his supporters, who, by the election of such an individual to preside over their deliberations, affront the principles of that constitution, about the pretended imperfect enjoyment of which they with such bold inconsistency. make a clamor. The unhappy riots at Montreat in May last have been brought upon the tapts, and of course afford Mr. Speaker Papi-Stuart, under whose flashing eve and keen cut- some. ting eloquence, the Speaker is ever seen to Avince and quail .- Kingston Chroniele.

Charles Annual Property Commission of the Commis RESURBECTION OF THE ST. LAWRENCE, 1.0 use of their arms; by which, unfortunately, three GUN SHIP .- Our readers will recollect that this cidevant pride of the Canadian lakes, was last FREDERICTON, JANUARY 30. 1833. The General Commanding in Chief, equally winter purchased by Mr. Drummond, for £25, with your Lordship, laments the loss of life on and dismantled to the edge of the water, leavthe occasion adverted to, but in justice to Lieut. ing her prodigious hulk the only remnant of Colonel Maciatosh and Captain Temple, he of her former majesty so firmly bedded in feels bound to say, after an attentive perusal of all the hottom of the waters, as to render every the papers bearing upon the case, that he knows prospect of its removal hopeless and impractino instance in which troops have been employed cable.
