Mr. President, and Honorable Gentlemen of the Legislative Council;

Mr. Speaker, and Gentlemen of the House of Assembly;

The Session, which is now brought to a close, has been distinguished by discussions upon various questions confessedly of high importance; and I earnestly desire that the result of your labours may be productive of solid benefit to the Country.

Mr. Speaker, and Gentlemen of the House of Assembly;

The proceedings of this Session have been viewed with intense interest by the people of this Province, who will now judge how far your deliberations and decisions may have coincided with the views or realized the expectations, of your intelligent and loyal Constituents:—

There is, however, one point—acknowledged to be of deep and general interest to the Country, which I cannot but regret that you should have passed over without notice.—I allude to the Dispatch from His Majesty's Secretary of State, relative to the resumption of the collection of the Quit Rents—a point which I had hoped would have been deemed of sufficient importance, to have received some separate and specific consideration; and that some provision would have been made for the relief of your Constituents, in the event of the proposals respecting the surrender of the Casual and Territorial Revenue, not being acceded to:—the more especially so, as this prudent foresight could in no degree have militated against the acceptance of any propositions to be made for that end.

I thank you, in the King's name, for the supplies which you have voted for public purposes; and I will take care that such of them as are placed at my disposal, shall be applied, with economy and effect, to the several objects for which they are intended.

His Honor the President of the Legislative Council then said,

Gentlemen of the Legislative Council;

Mr. Speaker, and Gentlemen of the House of Assembly;

It is His Excellency's will and pleasure, that this General Assembly be prorogued until the first Monday in June next, and this General Assembly is accordingly prorogued until the first Monday in June next, when here to be holden.

ADDRESS TO HIS MAJESTY and the IMPERIAL PARLIAMENT on the subject of the existing Duties on FOREIGN WOOD.—  
TO THE KING'S MOST EXCELLENT MAJESTY.

"The Humble Petition of Your Majesty's Legislative Council and House of Assembly of the Province of New Brunswick, in General Assembly convened:—

"MAY IT PLEASE YOUR MAJESTY,

"THE Council and Assembly of Your Majesty's loyal Province of New Brunswick, feeling that during the present Session of the Imperial Parliament, an alteration of the Wood Duties may again be agitated, and apprehensive that such alteration would be productive of serious injury to the great interests connected with the Wood Trade, are once more induced to address Your Majesty on this all important subject.

"The Council and Assembly, on the 10th March, 1833, brought this matter, by a dutiful and humble Petition to Your Majesty, and from them in 1831, under consideration, which Petitions have been acknowledged by Your Majesty's Principal Secretary of State for the Colonies, and were duly presented during the last Session.

"Aware, that to the reasons there set forth, and to others which have been urged on the attention of Your Majesty by the numerous Petitions presented from other quarters, the Council and Assembly have little to add; they feel that they would be wanting in the high obligations they owe to the Province, and the interests of so large a class as those engaged in the North American Wood Trade, whether with reference to the British Capital invested or British Shipping employed in it, if they did not again bring this deeply interesting subject under the notice of Your Majesty.

"The Council and Assembly assure Your Majesty that annually the outlays in this purely British Trade greatly increase,—large Establishments are made with a view to its continuance,—an immense capital has within a few years been invested in Saw Mills,—upwards of five hundred of which, some at a cost of many thousand pounds each, have been erected in the Country, and although the Whitewood Deals produced from them, can barely compete with those from the Baltic at the existing difference of Duty, they afford a valuable export—enable the Merchant to make remittances for his British Goods, and increase the number of British Ships engaged in the Wood Trade, independently of the immense advantages afforded by the employment this comparatively new and extensive branch of business gives to the British Emigrants arriving on these shores.

"The Council and Assembly earnestly implore Your Majesty to give this and their other dutiful Petitions Your Majesty's most gracious and favorable consideration, assuring Your Majesty, that by adhering to the protective policy so judiciously established in favor of Your Majesty's North American Colonies, Your Majesty's faithful subjects residing therein can be alone preserved from the disastrous consequences which its abandonment must inevitably produce.

"And Your Petitioners as in duty bound will ever pray."

ADDRESS TO HIS MAJESTY on the subject of the CASUAL AND TERRITORIAL REVENUE and CIVIL LIST OF THE PROVINCE.

TO THE KING'S MOST EXCELLENT MAJESTY.

"MAY IT PLEASE YOUR MAJESTY,

"WE, the Representatives of Your Majesty's faithful and loyal subjects, the people of New Brunswick, beg permission to approach the Throne, reiterating those sentiments of loyalty and attachment to Your Majesty's person and Government, for which this Province has been so long and so especially distinguished.

"The House of Assembly feel themselves under the imperative necessity of again bringing the subject of Your Majesty's Casual and Territorial Revenues in this Province under Your Majesty's most gracious consideration.

"The great and lasting benefits to accrue to Your Majesty's Government, as well as to Your people in this Province, by the surrender of Your Majesty's Casual and Territorial Revenues, upon the permanent provision being made for the Civil List, to be secured by an Act of the Provincial Legislature, have already been submitted to Your Majesty, and were, in the month of June last, brought more immediately under the notice of Your Majesty's Government by a deputation from this House, and Your Majesty's principal Secretary of State for the Colonies was pleased, in accordance with the views and wishes of Your faithful subjects, by Dispatch, dated the third day of August last, addressed to His Excellency the Lieutenant Governor, to express the gracious determination of Your Majesty to give up Your Majesty's rights to these Revenues, but that as he was not then prepared to set forth the terms and conditions, he would, by another Dispatch, fully particularize the nature of those terms and conditions, upon which such surrender would be made.

"That accordingly, Your Majesty's said principal Secretary of State by a subsequent Dispatch, being No. thirty, and dated the thirtieth September last, did particularly set forth the terms and conditions upon which Your Majesty might properly be advised to accede to the wishes of Your Majesty's faithful subjects as before expressed.

"That at the present Session of the Legislature of this Province, a copy of the said last mentioned Dispatch, was laid before this House by His Excellency the Lieutenant Governor, by Message, dated the twelfth day of February last, by which it appeared that Your Majesty would consent to make the surrender on condition of the annual sum of fourteen thousand pounds being permanently secured to Your Majesty, chargeable with the several heads of expenditure therein mentioned.

"That although this House were clearly of opinion that the sum of £14,000 was greatly beyond what was necessary for that part of the civil Establishment of the Colony as before mentioned, yet taking into consideration the assurance of Your Majesty's Government expressed in the

said Dispatch, that the surplus would be expended on subjects connected with the Colony, after full deliberation during the fourth and fifth days of March last, came to the following Resolution:—

"That while it was the opinion of the House, that the sum of £14,000 required by Your Majesty's Government as a permanent grant for the surrender of the Casual and Territorial Revenues in this Province, is greater than the charges contemplated to be made thereon require; yet the great desire of the House of Assembly to have this important subject finally settled with the Government should, in the opinion of the House, induce the Assembly to accept of the proposal contained in the Dispatch from the Right Honorable the Secretary of State for the Colonies, as communicated to the House by the Message of His Excellency the Lieutenant Governor of the 12th February last:—and it was further resolved as the opinion of the House, that a Select Committee should be appointed to prepare a Bill agreeably to the foregoing Resolution, with suitable enactments, to ensure the full and efficient control and management of these Revenues to the Legislature, as also over the disposal and regulation of the sales of Crown Land, and also the balance due and unpaid on all Crown Lands heretofore sold, with all other sources from which the Revenues have arisen, or may hereafter arise.

"That in accordance with the said Resolutions a Committee was appointed, and had proceeded to prepare a Bill, securing to Your Majesty the permanent annual sum of £14,000 chargeable upon all the Revenues of the Colony, with suitable provisions to invest the Legislature with the management and disposal of Your Majesty's Crown Lands and Casual and Territorial Revenues, from whatever source derived, and providing that the Commissioner of Crown Lands and Forests in the meantime should be governed by the present Royal Instructions until altered or varied by future Provincial Legislative enactment, as contemplated by said Dispatch.

"The House of Assembly would here beg leave to assure Your Majesty that the Resolution so entered into, was upon the full conviction that the said Rights and Revenues of the Crown were to be surrendered without any reservation of, or deduction from the Revenue arising from sales of Land already made, or to be made, or other resource of the Colony, but that early on the following day an Extract of a Dispatch from Your Majesty's said Principal Secretary of State, to the Lieutenant Governor of this Province, was communicated by His Excellency, and is as follows:—

"Downing-Street, 4th, January, 1834.

"In your Message, communicating to the Assembly the proposal contained in my Dispatch of the 30th September, you will take care distinctly to explain, that the payments expected from the New Brunswick Land Company are not included in the Revenues which is offered to the acceptance of the Assembly."

"The House of Assembly having, previous to the receipt of the said last mentioned Dispatch, been led to hope, that a settlement of this long agitated and highly important question was about being satisfactorily accomplished, was much concerned and disappointed to find that such additional stipulations should afterwards be communicated to them as would tend to prevent the present settlement of this momentous question, the terms of which the House supposed had been definitively stated by the Dispatch of 30th September.

"That the House, after full consideration of the last mentioned Dispatch, were compelled, by a due regard to the interests of Your Majesty's subjects in this Province, to discharge the said Committee from preparing a Bill upon the said Resolution, as before stated.

"The House of Assembly still anxious to accomplish an object of such great importance to the Province, again beg leave to address Your Majesty, in the confident hope that when Your Majesty shall have taken the subject into your most gracious consideration, Your Majesty will accede to this reasonable request of Your Majesty's faithful subjects, the House of Assembly of New Brunswick; that the terms proposed by the said Dispatch, No. 30, may yet be considered definitive, and that Your Majesty will be most graciously pleased to grant to the Legislature of this Province a surrender of the above mentioned Rights and Revenues, with a full control of the sales of Crown Lands, and Your Majesty's other Territorial Rights in this Province, upon a permanent grant to Your Majesty, Your Majesty's Heirs and Successors, secured on all the Provincial Revenues, of the annual sum of fourteen thousand pounds, current money of the Province, charged with the payment of the Salaries mentioned in the said Dispatch; a measure of all others the best calculated to promote the interest and prosperity of Your Province, and the happiness and contentment of Your Majesty's most faithful and loyal subjects, the inhabitants of New Brunswick."

WESLEYAN MISSIONS.—The annual meeting of the Woodstock Branch Wesleyan Missionary Society, was held in the Chapel on Wednesday evening last. The meeting was addressed by His Honor Judge Beardsley, (who kindly consented to preside on the occasion) the Rev. Mr. Joll and several other Gentlemen. Though the evening was very unfavorable, the congregation was large and respectable. The interest excited upon this occasion, is a convincing proof, that the inhabitants of Woodstock, and its vicinity, are fully sensible that the promotion of the cause of missions is an object of paramount importance. The proceedings of that evening, must not only convince the most sceptical, that the pressure of the obligation upon all, to promote the great cause of our common Christianity, is there deeply experienced, but that the interests of that

section of the Church, with which the society, especially alluded to, is connected, are rapidly expanding in the interior of the Province.

The amount collected and subscribed that evening, exceeded £16.—*Watchman.*

We lament that fortuitous and uncontrollable circumstances prevented the Rev. Mr. Ford from visiting us during the Session of the Legislature—but we are happy in having authority to state that the Rev. Lecturer may be shortly expected among us.—*Id.*
