AT A MEETING OF A NUMBER OF THE MER-CHANTS AND OTHER INHABITANTS OF PREDERICTON, HELD ON THE 26TH DECEMBER, 1833.

To take into consideration the propriety of adopting measures, to obtain the establishment of a Bank in Fredericton, the following Resolutions were agreed to unanimously :--

JOSEPH GAYNOR, CHAIRMAN. CHARLES FISHER, Secretary.

To His Excellency Major General Sir ARCHIBALD CAMPBELL, Baronet, Lieutenant Governor and Commander-in-Chief of the Province of New Brunswick, &c. &c. &c. The Honourable His MAJES. TY's Council, and the Honourable the House or Assembly for the same Province, in General Assembly convened.

The Petition of the undersigned In abitants of Fredericton and the adjacent Country

Humbly Sheweth -That your Petitioners view with much satisfaction the efforts making in the City of St. John, to establish another Provincial Bank : but they are convinced the evils complained of by the Merchants of the City will continue to exist in the interior, unless measures are adopted to ensure a more general ant cipation in the benefits of the contemplated establishment.

That the embarrassments complained of are common to all parts of the country, and to all classes of the community, as well Agricultural as Mercantile: That the recent depreciation of every description of real estate, is mainly to be attributed to the instafficient supply of a circulating medium.

That your Petitioners are decidedly of opinion the incorporation of another Provincial Bank, upon such principles as will make the sphere of its operation co-equal with its name, and render its benefits general, will greatly reniedy the evils which now press so heavily upon all, masmuch as the additional capital which will thereby be put into circulation, will stimulate individual exertion, and infuse new vigor in all classes of society, and into every department of domestic enterprise.

That your Petitioners would most respectfully draw the attention of Your Excellency and of Your Honours to the system so successfully practised in Scotland, of keeping cash accounts, and the payment of a reasonable interest upon deposits, as em nently adapted to the situation and requirments of this Province, a system which, wherever it has been introduced, has been productive of

incalculable good. That, when your Petitioners most explicitly state, that in coming before Your Honors, they are actuated by no feelings of hostility towards the Bank of New Brunswick in its corporate capacty, or towards the individuals who compose its D regtory, they honestly avow their full belief that the increase of the Capital Stock of the present establishment will be productive of serious evil, masmuch as the intimate connexion existing between the trade of this part of the country and of St. John, the great entrepot of the interior, must render our participation in any of its embarrasements unavoidable.

That your Petitioners are not aware that they are guilty of any crime, moral or political, tha should deprive them of rights or privileges now enjoyed by other of their fellow subjects, and they only crave to be placed upon an equal footing

with them. Your Petitioners therefore pray your Excellency and your Honors to take the premises into consideration and pass an act incorporating The Commercial Bank of New Brunswick, and which will like vise contain a clause or clauses rendering it obligatory on the Directors to establish a Branch in Fredericton, to commence operations at the same time and upon the same principles as the principal Institution in Saint John, and also to iqtroduce the Scotch system as far as may be found consistent with the general interest of the country and the safety of the establishment.

And your Petitioners further pray your Excellency and your Honors that you will not give your assent to any Act to increase the Capital stock of the Bank of New Brunswick, nor make

any alteration in its charter during this session of the Legislature, in order that both Banks may be placed upon an equal footing, and enabled to come FITTE Subscriber is directed by the Command before the public under similar circumstances. And your Petitioners as in duty bound will

THE YEAR 1833.

BY MRS. H. BAYLEY. The year indeed is nearly pass'd And many with it gone; Thousands who hail'd its first approach Are now within the tomb.

How many met last new year's day, Who ne'er will meet again; Hearts bounding then with joy and glee, Lie cold within the tomb.

The parents saw with joy their child, Gladden their cheerful home; But now alas! their cherub boy Is inouldering in the temb.

Some pledge of love, some new year's gift, The husband kind brought home, But now of all the brile's bereft-Her husband's in the tomb.

Some cherish'd friend we valued most, Thereas door bliss at home, But now that friend to us is lost, And sleeps within the tomb.
