The Warrants issued are to Nos. 729, of which those from No. 1 to No. 124 inclusive, are already paid by the Treasurer. In future, notice will be given monthly in *The Royal Gazette*, of the last number paid, in order that the holders of subsequent numbers may be enabled, as far as practicable, to judge of the probable time of Payment.

To be continued.

The January Mail arrived here on Monday last, by express from Halifax, but it has not furnished us with later dates than we were previously in possession of. Intelligence from Jamaica has been received of the passage of the Slave Emancipation Act, by which the apprenticeship System is adopted, which in Bermuda has been "dispensed with." Two great experiments will thus be tried at once. We shall give extracts from (if not the whole of) Earl Mulgrave's speech in our next. It is satisfactory to learn that the negro population remained quiet at the momentous change in their destiny; which was followed by Lord Mulgrave's making the tower of the island, and addressing them in language suitable to the important occasion.

We have much pleasure in calling the attention of our Towns-folk to Mr. Howe's astronomical entertainment to be given up this evening at the Madras School House at 7 o'clock. Having witnessed a partial exhibition of the "mathematic glories of the skies" by Mr. Howe, we can assure our readers that their time and money will be well spent in attendance upon his lectures. The most beautiful and sublime luminaries of the spangled firmament, are, as it were, seized by the united grasp of science and art, and brought into the Lecture Room for inspection. The machinery is simple, while the effects are highly gratifying and instructive. We wish Mr. Howe an overflowing House, and all that inspiration in lecture which the subject is calculated to afford.

Price of admission 2s. 6d.

From one of our English Papers just brought by the January Mail, we extract with peculiar satisfaction the following paragraph:—

"A simultaneous effort appears to be making throughout the Country, in support of the Society for the propagation of the Gospel in Foreign Parts, from which the government aid is about to be withdrawn. A meeting for this laudable object was held at the Guildhall, Worcester, on Tuesday, the Right Rev. the Diocesan in the chair. Resolutions were moved and seconded by the Bishop of Rochester, the Rev. Sheriff of the County (J. Brown Esq.) Rev. Archdeacon Onslow, Dr. B. Cooper, Major Bond, Hon and Rev. J. S. Cocks, Messrs. Clifton, Lechmere, Gutch, Dent, and other gentlemen, both lay and clerical. The collections at the doors amounted to 27l. 12s. 6d.—New Annual Subscriptions have been received to the amount of 58l. 13s., and donations amounting to 40l. 6s."

HOUSE OF ASSEMBLY.
19th February, 1834.

Mr. Partelow, from the Committee of Finance, submitted a Report, which he read and is as followeth:—

The Committee appointed to take into consideration the state of the Finances of the Province, submit the following Report:—

That they find upon investigating the Accounts and Papers which have come under their consideration, the state of the Province, with regard to its Financial concerns, to stand thus on the 31st December last:—

Warrants issued and unpaid now in the Treasurer's hands, say,	£27,000
Appropriations of 1833, for which Warrants have not yet issued,	7,000
Debentures given in 1832, payable January 1st, and February 1st, 1834,	2,700
SINCE PAID.	
Drawbacks, for which the requisite Certificates had not been lodged,	800
To meet which your Committee learn from the Report on the Treasurer's Accounts, that there were in Bonds and Cash in the hands of the Treasurer and Deputy Treasurers on the 31st December last, including £1500, which will be almost immediately received from Bonds sent last year to the Attorney General for collection.	28,000
Deficiency,	£9,500

Exclusively of the funded debt due to the Fire Insurance Company and the Saving's Bank, amounting with interest to fourteen thousand pounds, and making the whole deficiency £23,500,—£9,500 of which, will only be required to be provided for from the Revenues of the present year; leaving the remainder disposable.

The credits given by Law at the Treasury, will, however, prevent much of the Revenue of the present year coming into the Treasury, and your Committee therefore conceive it would be proper that the Appropriations of the Session should be upon as limited a scale as possible.

Without giving an opinion as to the causes which have led to the great discount on Warrants the last year, and the difficulty in realizing them upon scarcely any terms; Your Committee conceive it would give a much greater facility to their circulation, if they bore interest from the time they were presented for payment at the Treasury, and the holders informed there would always be the parties to negotiate them, either with one of the Banks or some Capitalist, without being subject to any loss.

Respectfully submitted,
JOHN R. PARTELOW,
JAMES BROWN, Junr.
EDWARD B. CHANDLER,
Committee Room, Feb. 19th, 1834.

Extract of a Despatch from Lord Goderich to Sir Archibald Campbell, Dated 3d May 1833.

THEIR Lordships have also concurred, at my suggestion, in the propriety of granting to the Provincial Secretary, and to the Attorney General a commuted allowance, in lieu of that portion of their emoluments which are at present derived from the sales of Land and Timber. The other Fees which they are entitled to receive may be continued to the present holders of the Offices; but when vacancies occur, the propriety of giving fixed Salaries in lieu of all Fees may be brought under consideration; I am, however, of opinion that the change ought not to be made too hastily, as in many instances, the effective discharge of the duty is best secured by making the remuneration of the Officer proceed from Fees."

A True Extract.
J. CAMPBELL, Private Secretary.

Extract of a Despatch from the Right Honourable E. G. Stanley to Sir Archibald Campbell, dated 11th September, 1833.

In reference to your Despatch, No. 4, of the 8th of January last, containing statements of the Fees on Land and Timber, received by the Provincial Secretary for a period of five years, I have the honor to forward to you the enclosed letter, containing the opinion of the Lords Commissioners of the Treasury, that the Commutation allowed to the present Secretary should be £1180 per annum, to cease with his tenure of the office; And, I have to desire that you will take the necessary measures for carrying into execution the views of their Lordships on this subject."

A True Extract.
J. CAMPBELL, Private Secretary.

Extract from the Letter containing the opinion of the Lords Commissioners of the Treasury, referred to by Mr. Secretary Stanley, in his Despatch of the 11th September, 1833, Dated 9th September, 1833.

HAVING laid before the Lords Commissioners of His Majesty's Treasury, your letter of the 17th ult. transmitting, with reference to one from this Board of 9th October last, on the subject of the proposed Secretary of the Province of New Brunswick, in lieu of his fees on Sales of Land and Timber, the copy of a Dispatch from Sir Archibald Campbell with its enclosures, I have in command to request that you will state to Mr. Secretary Stanley, that my Lords are of opinion with reference to the statement now submitted to them, that it will be reasonable to allow Mr. Odell's commutation at the rate of eleven hundred and eighty pounds per annum, in lieu of all Fees to the Department of the Colonial Secretary at New Brunswick, on Grants and Sales of Crown Lands and Licences to cut Timber, to commence from the period, when the allowance of eight hundred pounds, authorized by Viscount Goderich's Dispatch to Lieutenant Governor Sir Archibald Campbell, of 30th April 1832 was to take effect, and to be payable at the rate of 4s. 6d. per dollar, out of the Colonial Revenues derived from these sources, with the understanding, that this remuneration is to be payable so long only as Mr. Odell holds his present Office of Secretary, Registrar, and Clerk of the Council of the Province, and upon the condition that he continues to pay out of his emoluments such salaries or other charges of the Secretary's Department, as he has heretofore been accustomed to defray: My Lords accordingly request that instructions to this effect may be conveyed to the Lieutenant Governor of New Brunswick, with directions, should Mr. Odell have continued to receive any portion of his Fees on Sales of Land or Timber, after the allowance of £800 per annum was granted to him, under the impression that this commutation was not intended to comprise the whole of those fees, to call upon him to repay the fees so received to the credit of the Colonial Revenue Fund, and thereupon to cause the additional commutation to be issued to him."

A True Extract.
J. CAMPBELL, Private Secretary.
