

rages, committed in the open day, on the road between Carbonear and Harbor Grace, that could possibly disgrace a civilized community. Between 3 and 4 o'clock, on the evening of Tuesday last, Mr. Henry Winton, Editor of the Public Ledger, of this town, accompanied by Capt. Churchward of the Brig Hazard, lying at Carbonear, was proceeding, on horseback, from the latter place to Harbor Grace, when they were waylaid on Saddle Hill by five men, with painted faces, who, in the first instance, struck Mr. Winton off his horse with a large stone, and while he lay on the ground, insensible, cut off both his ears, part of one of his cheeks, and inflicted other severe wounds on his person, in a most brutal manner. While this piece of butchery was going on, Capt. Churchward was hurrying into the adjoining woods by two of the band, who ordered him on his own peril, not to offer resistance or to make the slightest noise. Having completed their diabolical purpose, the gang retreated to the woods, and Mr. Winton was conveyed to Harbor Grace, where his wounds were dressed by Dr. Stirling, who, we understand expresses rather a favorable opinion of the state of his unfortunate patient. There are hopes that one of the ears, which was not altogether separated from the head, may yet be restored. Immediately on the receipt of the above melancholy intelligence—which created a most powerful sensation throughout the town—His Excellency the Governor issued a Proclamation offering a reward of Two Hundred Pounds for the discovery of the perpetrators of so abominable an outrage; and it is reported, that a detachment from the Garrison will be immediately despatched to Harbor Grace, to aid and assist the Magistrates there in the search, and enquiry in which they are now actively engaged.

THE BARQUE BEAVER, Captain Allen, fitted out by Messrs. Lawson, as a South Sea Whaler, sailed on Monday morning. Her crew are nearly all Nova Scotians—and Mr. Henry Lawson, a young gentleman of spirit and activity, also makes the voyage. We have never doubted that, if conducted with skill and economy, the Whale Fishery would become as profitable here as it has been in the United States—a dozen or two of such vessels as the Beaver, fitted out and unloaded at our wharves, would soon revive the spirit of commerce, and furnish employment to the laborer and artisan. We are happy to learn that the cost of the whole outfit of this Vessel, will not be much more than one third of that of the Pacific, and that such a return as she made would be an ample remuneration.—*Nova-scotian.*

We understand that Messrs. John Hammond, Wm. Vaughan, and D.J.M. Laughlin, are making arrangements for building a large and powerful Steamer, intended to ply on the Bay of Fundy. The machinery, which consists of two engines of fifty horse power each, (equal, we believe, to a single engine of 120 horse power,) is already purchased, and the boat we learn is expected to be launched in about three months.—*Saint John Courier.*

French Crown Pieces.—We have lately had a few complaints from the "Sequestered Village," about the value of the French Crown or Six Livre Pieces, coined immediately before and during the French Revolution, [1792 and 1793.] and our opinion has been required on this subject. We reply, that such coins pass current in Saint John for five Shillings and Sixpence—the rate at which they are taken in our Banks.—*Ibid.*

BOARD OF HEALTH.

At a Meeting of the BOARD OF HEALTH for the County of York, held at the County Court House, in Fredericton, on Monday the fifth day of May, in the year of our Lord one thousand eight hundred and thirty-four:

ORDERED, That no Building or place within the Town of Fredericton, between the River Saint John and the received Street called Charlotte Street, shall be used as a Slaughter house for the killing or butchering of any Oxen or other animals whatsoever; and every person offending against this order, shall for each and every offence forfeit and pay the sum of Five Pounds, to be recovered and applied as the Law directs.

The District Committees are enjoined to pay particular attention to the proper cleaning of the Tanneries in the Town.

Whereas the depositing rubbish, filth, scrapings of yards, and other offensive materials, below, on or near the Bank of the River, tends to affect the purity of the air, and therefore, in case of the Town of Fredericton being visited by any malignant pestilence, may tend to its increase and spreading among the Inhabitants; for prevention thereof, it is Ordered, that no dirt, rubbish, filth, scrapings of yards, or other offensive material of any description, shall be deposited or laid on any part of the shore or bank of the River in front of the Town of Fredericton, between the upper side of the landing next adjacent to Government House grounds and the first inlet below the Town; and that any person or persons who shall cast, deposit or lay, or aid, assist or be concerned in casting, depositing or laying any dirt, filth, rubbish, scrapings of yards or other offensive material, on any part of the said Shore or Bank, shall for each and every offence forfeit and pay the sum of Forty Shillings.

Resolved, That the quantity of rubbish placed and suffered to remain and increase on the Commons and uninclosed grounds, and in the public streets of the Town of Fredericton, and the stagnant water which is frequently allowed to remain in the gutters and water courses of the said Streets, cause unwholesome exhalations and are dangerous to the public health, it is therefore Ordered, that from and after the publication of this Order, no rubbish, straw, packing cases, barrels, boxes, lumber, dirt, filth or water, be suffered or permitted to be placed, thrown, cast or remain in or upon any part of the said Streets or Commons; and any person or persons offending against this Order, shall for each and every offence forfeit and pay the sum of Ten Shillings, to be recovered and applied as the Law directs. And for the more effectual prevention of the accumulation of dirt, rubbish and stagnant water, as aforesaid, it is further Ordered, that every householder within the Town of Fredericton shall, on Saturday in each and every week, cleanse and sweep (or cause to be cleansed and swept) the Street in front of the house and premises by him or her occupied, from the margin to the outside of the gutter or water course of the said Street, and to clean out the gutters or water courses so as at all times to afford a free passage to the water which may be therein, and when there shall be a space of ground (without any Inhabitants residing thereon) between any two Buildings, the persons residing on either side thereof shall cleanse and sweep the same, each person to cleanse and sweep the fall adjoining his or her house or premises: Provided always, that no person shall be required to sweep or cleanse a greater distance than four rods to the right or left of his or her house or premises; and when any house is occupied by more than one tenant or family, it shall be equally the duty of every such tenant to perform and obey this Order; and every person or persons who shall neglect or refuse to perform the duty required by this Order shall, for each and every offence, forfeit and pay the sum of Five Shillings, to be recovered and applied as aforesaid.

Ordered, That no dead beast or animal whatsoever, shall be cast or thrown into the River Saint John, or any other River, or in or upon any part of the Lands within the County of York, under the penalty of Twenty Shillings for every breach of this Order: And further, that the Owner of any such dead beast or other animal shall, within twenty four hours after the death of such beast or other animal, bury the same or cause it to be buried at least three feet below the surface of the earth, under a penalty of Twenty Shillings, for every offence or neglect of this Order.

Ordered, That every House occupied by any tenant within the Town of Fredericton, shall forthwith be provided by the owner or occupier thereof with a decent and sufficient Privy, with a sufficient Vault beneath the same, and if any house be unprovided therewith after the first day of June next, the owner or occupier thereof (at the election of the

Committee for the District in which such house may be situated,) shall forfeit and pay a penalty of Forty Shillings, for each and every week he, she or they shall neglect to provide the same, to be recovered and applied as the Law directs.

Fredericton, 8th June, 1835.
