THOMAS BAILLIE, C. C. L.

Crown Land Office, Fredericton, 1st April, 1835.—2m.

LOWER CANADA.

PROVINCIAL PARLIAMENT.

LEGISLATIVE COUNCIL CHAMBER,
QUEBEC, 18th March.

This day, at two o'clock, His Excellency the Governor in Chief came down in State to the Legislative Council Chamber, and being seated on the Throne, the Gentleman Usher of the Black Rod was sent down to the House of Assembly to command their attendance before His Excellency; and that House being come up, His Excellency was pleased to reserve the following Bill for the consideration of His Majesty's pleasure thereon, namely:

"AN ACT to authorize Counsel to ad-

dress Jurors in behalf of Prisoners in Capital Cases."

After which His Excellency was pleased to close the Session with the following Speech:

Gentlemen of the Legislative Council, Gentlemen of the House of Assembly, It appears by the customary Official Reports transmitted to me daily by the Clerk of the House of Assembly, that for some days past the attendance of a sufficient number of Members to constitute a Quorum has been wanting; to enable the Assembly to proceed to business; and as it may be inferred from some recent proceedings of the Assembly that no further business will be transacted in that branch of the Provincial Parliament, I can no longer feel justifi-

ad, notwithstanding my great anxiety to prolong the present Session, in detaining from their homes and usual occupations, those Members of the two Houses of the Provincial Parliament who may be disposed to persevere in the performance of their Legislative duties.

Gentlemen of the House of Assembly, I have upon this occasion only to express my regret that the present Session should have failed in producing those measures of relief in relation to the Financial difficulties of the Province, which are so urgently required under existing circumstances.

It would have afforded me much gratification, had I been enabled to report to His Majesty's Government that the responsibility so generously incurred with the view of relieving in some measure the urgent wants of the Public Service, had ceased to exist, by the re-payment from out of the Public Funds of the Province, of the advance equal to Thirty-one Thousand Pounds, Sterling, made in pursuance of the instructions of the late Secretary of State for the Colonial Department, from the Military Chest.

Gentlemen of the Legislative Council, Gentlemen of the House of Assembly,

I informed you at the opening of the present Session that I was then in possession of important Communications, and that I expected to receive others from His Majesty's Government, upon subjects of vital importance to the interests of the Province. The Communications which were adverted to on that occasion as having been received, have been since laid before you; but I have not yet received those which I then informed you I expected to receive, and which I have every reason to believe must now be near at hand. That the expected Despatches will possess an extraordinary degree of importance to the general interests of the Province, and will require that communications should take place in relation to their contents, between the Head of the Executive Government, and the two Houses of the Provincial Parliament, can hardly admit of a doubt being entertained; when it is considered that the Committee of the House of Commons to whom were referred, in the last Session of the Imperial Parliament, certain matters relating to the affairs of this Province, including the Petition of the House of Assembly, dated the 1st of March, 1834, recommended with reference to the unhappy differences existing between the two Branches of the Colonial Legislature as well as between the House of Assembly and His Majesty's Government, that the practical measures for the future Administration of Lower Canada should be left to the mature consideration of the Government responsible for their adoption and execution.

Under these circumstances the premature termination of the Session, which is now unavoidable, is an event deeply to be regretted.
