

and others, His Majesty's subjects labouring under the same privation of common rights, a fair and reasonable proportion of the Representation in the Provincial Assembly. Secondly to obtain such a form in the system of Judicature, and the administration of Justice as may adapt them to the present state of the Province; Thirdly to obtain such a composition of the Executive Council, as may impart to it the efficiency and weight which it ought to possess; Fourthly to resist any appointment of Members of the Legislative Council otherwise than by the Crown, but subject to such regulation as may ensure the appointment of fit persons; Fifthly to use every effort to maintain the connexion of this Colony with the parent state, and a just subordination to its authority; and sixthly to assist in preserving and maintaining peace and good order throughout the Province, and ensuring the equal rights of His Majesty's subjects of all classes. If these objects, are indeed all that are desired by the whole Commercial interest, I trust it will be satisfactory to those who aim at them to know, that there is not one of them which is not strictly within the line of duty of the King's Commissioners to take into consideration, to receive respecting them the fullest evidence and information which may be offered and finally to submit to our Gracious Sovereign and His Ministers their important and well weighed conclusions.

In the mean while, to the Canadians, both of French and British origin, and every class and description, I would say, consider the blessings you might enjoy, and the favored situation in which, but for your own dissensions, you would find yourselves to be placed. The offspring of the two foremost nations of mankind, you hold a vast and beautiful country, a fertile soil, a healthy climate; and the noblest river in the world makes your most remote city a port for ships of the sea. Your revenue is triple the amount of your expenditure for the ordinary purposes of Government; you have no direct taxes—no public debt—no poor who require any other aid than the natural impulses of charity. If you extend your views beyond the land in which you dwell, you find that you are joint inheritors of the splendid patrimony of the British Empire, which constitutes you, in the best sense of the term, citizens of the world, and gives you a home on every continent and in every ocean of the globe. There are two paths open to you. By the one you may advance to the enjoyment of all the advantages which lie in prospect before you; by the other I will not say more than that you will stop short of these, and will engage yourselves and those who have no other object than your prosperity, in darker and more difficult courses.

At a Convocation held this day, the Rev. Henry James Jarvis, A. B. was admitted to the degree of Master of Arts.

From the St. Andrews Standard, Oct. 22.  
A meeting of the SAINT ANDREWS and QUEBEC RAILROAD ASSOCIATION took place last evening at Smith's News Room for the purpose of receiving a report from the Deputation appointed to wait upon His Excellency the Lieutenant Governor with an address as mentioned in our last number.

Thomas Wyer, Esquire, having taken the Chair, and order being called, the Report was submitted; and we have the satisfaction to say that the result of the mission exceeds our most sanguine hopes. His Excellency Sir Archibald Campbell received the Deputation very cordially and paid the utmost attention to the views and suggestions laid before him. Having considered the undertaking as a national concern of great importance, and that such a line of

Communication could not fail to result in solid advantages to these Provinces, His Excellency was pleased to say that he was ready to meet the wishes of the association to the extent of his power, and that he would correspond with His Excellency Sir Colin Campbell, the Commander in Chief, and through him bring the project under the notice of Lord Gosford, the Governor General in Canada. By this means the assistance of the Scientific gentlemen of the Engineering Department at Quebec may be procured; and His Excellency is of opinion that no difficulty will exist in obtaining the valuable Services of Capt. Yule, who has already examined a portion of the Country through which the projected Rail Road will probably pass.

The Deputation also reported that His Honor the Chief Justice, The Honorable Justice Botsford, W. F. Odell, T. Baillie, G. F. Street, Geo. Shore, Jos. Cunard, C. J. Peters, C. Simonds, Speaker H. A. Capt. Kendall, R. N., C. N. B. L. C. and Capt. Owen, R. N.

had become members of the Standing Committee. We are assured that every facility which could be desired from all branches of the Government, will be cordially afforded to the association. We have been favoured with the following address presented by the Deputation to the Lieutenant Governor:—  
To His Excellency Major General Sir Archibald Campbell, Baronet, G. C. B., Lieutenant Governor and Commander in Chief of the Province of New Brunswick, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY.  
The undersigned members of a Committee lately appointed at a numerous and respectable meeting of the Merchants and principal inhabitants of St. Andrews and its vicinity, to take into consideration the expediency of constructing a Rail way from this portion of His Majesty's North American Colonies to Quebec in Lower Canada, as will more fully appear by the accompanying Resolutions; beg leave most respectfully to suggest for Your Excellency's approval, the utility and importance of such an undertaking.

In following up the unanimously expressed opinion of the well informed portion of this community of the reciprocal and certain advantages that must accrue to the inhabitants of New Brunswick and the Canadas, by facilitating the transportation of Commodities of British, Colonial and foreign origin, and opening up a high way for the immediate development of the vast and inexhaustible internal resources of this Country; and knowing Your Excellency's devotion to the welfare of this Province particularly, and to the encouragement of enterprise generally, are induced respectfully but earnestly to solicit that Your Excellency will be pleased to take the premises into consideration and grant such countenance and encouragement to the contemplated important undertaking, as Your Excellency may see meet, and as in duty bound will ever pray.

St. Andrews, Oct. 7, 1835.  
To which His Excellency was pleased to direct the Honorable the Provincial Secretary to make the following reply.  
FREDERICTON, OCT. 15, 1835.

Gentlemen,  
I am directed by His Excellency Sir Archibald Campbell, to acknowledge the receipt of your address, conveying to His Excellency the Resolutions, passed at St. Andrews, for taking into consideration the construction of a Rail Road, from that place to Quebec.

His Excellency fully appreciates the zeal and spirit of enterprise which prompts this undertaking, which, if accomplished, cannot fail to be highly advantageous to all the British Provinces, not only in a commercial point of view, but as affording a certain and speedy line of communication, prove of great importance in other respects. His Excellency, therefore, ever desirous to promote, to the utmost of his ability the welfare of New Brunswick, will be most happy to give every aid and support in his power to this measure, which meets his full approbation, and to which he cordially wishes success.

Permit me, in making this communication, to express my own hope, that your views and expectations in this important matter may be fully realized.

I have the honor to be &c.  
WM. F. ODELL.

The following Resolutions, among others were unanimously passed:—  
Resolved.—That the Committee of management be authorised to appoint a deputation, to consist of Gentlemen to proceed to Quebec, on the business of the association, with full powers to act in all matters relative to the projected undertaking.

Resolved.—That the committee be authorised to procure suitable and competent persons to perform an exploration of the proposed route, from St. Andrews to Quebec, to take Levels and Scientific surveys, so as to enable the deputation about to proceed to Quebec, to say something positive, before the public of the Canadas, on their arrival there.

Resolved.—That a petition be presented to His Excellency Sir Archibald Campbell, praying that he may be pleased to appoint

a fit and proper person, to accompany the Surveyors employed by this association, in exploring the contemplated line of Road; which Petition shall embody the assurance that all expenses and charges, incident upon the Survey, will be borne by this association.

If any evidence were wanting of the determination of our community to ascertain the practicability of making the intended railway, it could be amply met by the fact, that our people vie with each other in the liberal manner in which they come forward to offer their means for its attainment; it has been found necessary to repress too liberal subscriptions, and therefore only a little more than a thousand pounds have been taken up for the exigencies of preliminary expenses.

We conclude this notice with inserting the answer of Chief Justice Chipman to the address of the Committee, which has been obligingly sent us.

"The Chief Justice, has the honor to acknowledge the receipt of the communication made to him, by the Deputation of the St. Andrews Rail Road Association, and to say, in reply, that his name and best wishes are quite at their command."  
Fredericton, 13th October, 1835.

HALIFAX, OCT. 28.

FIRE.—At an early hour yesterday morning, a House in the long range of Buildings on the south side of Marchington's Wharf was discovered to be on fire. An alarm was instantly given—the Troops in Garrison, Seamen from His Majesty's Ships, and Inhabitants, soon assembled, and every exertion was made to extinguish the same; but we regret to state that before an effectual stop could be put to the destructive element, all the buildings in the range, (except that nearest to the end of the wharf), a Store and Keeper's Dwelling House in the Ordnance Yard were destroyed. The wind was from the north west, and, most fortunately, very light. The Town is, as usual, much indebted to its Military and Naval friends for their exertions, and the conduct of our fellow townsmen was, with some few exceptions, every way creditable to them.

St. John's, N. F. Sept. 29.

A special Session of the Central Circuit Court was opened yesterday for the purpose of trying the Hon. Judge Des Barres one of the assistant Judges of the Supreme Court of this Island, upon an information charging the Hon. Judge with having, in the month of December 1833 altered or falsified, or having caused to be altered or falsified, for a corrupt purpose, a certain Summons issued by the Magistrates on the 16th of the same month. The cause came on before the Hon. Judge Lilly, (who had received a special Commission for the trial of the same) and a Petit Jury. After a long and patient investigation of the Evidence both on the part of the Crown, and for the defence, the Jury retired about eight o'clock, and after half an hour's deliberation, returned a verdict of—Not Guilty.
