A number of legacies, rather as tokens of remembrance than as splendid bequests, are made to members of Mr. Coutts' family. Her grace's secretary has a handsome annuity for his life. To the household servants one year's wages are given, and several bequests of jewellery, &c. to a very trifling amount have been made to various acquaintances. I now step forward to supply the deficiency, and to express my deliberate opinion, that if Mr. Fisher also be chosen, he will be found on trial the most useful and most efficient Representative, that, with only one exception, this County has ever had. Mr. Fisher has not been indebted to any of the adventitious circumstances which usually go so tar in furthering the views of those who are candidates for popular favor-and not only have these been wanting, but he has had to encounter a storm, of opposition of such duration and of such violence, that it is wonderful he has not sunk to rise no more.
