PROSPECTUS OF THE Nashwaak Mill Company.

IN setting forth to the public the general advantages to be derived from vesting capital in establishments of this nature, it is usual by matters of calculation to show immense profits that must of certainty arise therefrom. As the gain or loss must at all times depend upon the activity and enterprise connected with the prudent management under which the affairs are conducted, it is not necessary to enter upon such explanations, but leave that subject wholly upon the localities of the situation where the establishments are to be erected, and the advantageous charter which the Legislature has been pleased to grant.

The River Nashwaak is about 80 miles from the Port of Saint John with its estuary directly opposite to Fredericton, the seat of Government of the Province, and extending into the Country a distance of 85 miles. This stream is well settled and has many extensive Farms on both sides thereof for upwards of 30 miles, where the New Brunswick Land Company are making very extensive improvements and building a Town. About three miles from its mouth is the site where this Company is to carry on its operations. It will not be saying too much when it is asserted that there is no situation in the Province that exhibits greater advantages—the Stream, or rather River, gives an abundance of water at ordinary times for miles, to any extent, and this may be vastly increased both for the use of the mills in a dry season, and also for steam driving, by throwing a short Dam across the outlet of the Nashwaak Lake at a very trifling expense, and at all seasons of the year can be in active operation, and the facility again of getting the Lumber to the Saint John Market is a very desirable object. It can be brought down to the mouth of the Nashwaak in Floats or Scows, and then loaded in vessels, thus preventing the injury which results from Lumber being too long in the water, consequently it will at all times command a better price.

There is attached to the Mill site on both sides of the stream about 1,000 acres of good Land; in addition to this there is a purchase made from Government of 24,000 acres fronting 11 miles on the same stream about fifty miles from the Mills; both these tracts are well timbered, but more especially the latter, which affords the most extensive growths of both Pine and Spruce, and it is also well adapted for settlement, as the continuation of the Royal Road from Fredericton to the Grand Falls passes along the south line of the tract. By the Royal Road the Land lies about 35 miles from the Mills.

With these few observations it is only to repeat that active enterprise must inevitably make the speculation a most advantageous one.

A most substantial and permanent Dam is erected at great expense, across the river, and there is now a mill with two saws, and a Circular, as also a Grist Mill in operation. The former manufactured during the last year about 2,000,000 of Lumber; this will give some idea as to what extent the business may be carried on. It may be well here to remark that the peculiar situation of the site for these Mills gives great advantages for the security of Timber to any extent both from any sudden rise of water, or the clearing out of the ice in the Spring of the year.

Fredericton, 25th April, 1887.

FOR SALE.

ALL that well known Mill Establishment, owned and occupied by T. B. Smith, at the mouth of the Pennycook Stream, distant from Fredericton about eight miles—consisting of a new large and convenient double Saw Mill, containing three up and down Saws and one Circular Saw, all in the very best condition, and cuts annually fifteen hundred thousand feet of Lumber and upwards—and from new inventions lately adopted in this Province, a very small expense would enable it to cut one quarter more; one two and a half story House, 18x36, all finished complete, with a retail and back Store, and a good stand for Country business; a convenient Barn, 30x40; also two Houses, one and a half story high, finished, 14x20; with out buildings, &c. &c. to each; a Blacksmith shop, with three hundred Acres of Land—all situated round the Mills; forty acres of the Farm in open meadow and cultivation, about one half interval, and all of the very best quality; the high land part is well covered with hard wood and Mill Lumber. The Pennycook is well known to be a first rate stream for Mills, and the surrounding Country well covered with Pine and Spruce Timber.

There is attached to the Mills a reserve of ten thousand acres of Timber Land, on which no Lumber has ever been cut.

Should the same not be sold before the first day of June next, it will on that day be rented for one or more years, as may be agreed upon.

Also will be leased—a Farm next adjoining the above described property, containing 150 acres, more or less, with a new House and Barn thereon; a considerable quantity of this Farm is interval, it at present cuts from eight to ten Tons of Hay; the upland is under good fence and tillage.

Also for sale or to rent—a Farm half a mile above the Mills, containing 250 acres, more or less—40 acres of which are interval, and the whole Farm cuts from 25 to 30 Tons good Hay; the upland is well covered with Hard Wood, Spruce and Pine—on which is a very comfortable dwelling House.

Also for sale—a Lot containing 250 acres, three miles up the stream, part of which is interval; on this Lot is a first rate Mill privilege, and at a very trifling expense twenty feet head of water could be raised, and the whole neighbourhood is covered with Mill Lumber of every description.

Also for sale—a large quantity of Timber Land, well covered with Hard Wood, Pine and Spruce, convenient to the Mill Stream; the greater part of which is excellent land for cultivation.

Any person wishing to purchase or rent the whole or any part of the above described Property, can apply to Messrs. Crookshank & Walker, Saint John, Mr. Asa Coy, Fredericton, or the Subscriber on the Premises.
T. B. SMITH.
Mill Town, Pennycook, Feb. 24, 1887.

FOR SALE.

THE pleasantly situated House and Premises in Regent Street, at present occupied by the Subscriber. The House is 39 1/2 feet in front by 30 feet back, two stories high, and well finished. The cellar which extends under the whole building is divided into various apartments, including a kitchen. On the premises are Stables, wood house, &c. Terms moderate. Application to Messrs. McPherson & Coy, or to the Subscriber, will meet due attention.
ANDREW BLAIR.
Fredericton, 8th April, 1887.

English, French & Mathematical ACADEMY.

THE Subscriber, grateful for the patronage hitherto received in the various branches of business, in which he has been engaged, is desirous of again calling the attention of his numerous friends, and the public generally, to his Academy, corner of King and Carleton Streets, and feels confident from his matured experience and extensive knowledge in the above branches, that he shall be able to give satisfaction; and as nothing can be more gratifying to the parent than having his child educated and properly instructed in his first setting forth in life, the Subscriber trusts he shall merit that attention from parent and pupil which his close application to their respective interests may demand.

The English tuition will comprise Grammar, Geography, Writing and Arithmetic, in all their multifarious branches.—Terms 15s. per quarter.

French, Drawing, Enamelling, Landscape and Flower Drawing, 10s per quarter. Instructions on the Piano Forte, to Ladies and gentlemen who may be receiving tuition in any of the other branches, £1 per quarter.

Instruction to those who take lessons on the Piano Forte only, £1 10s. per quarter. The Subscriber will also keep an Evening School, in order to accommodate those who may not be able to attend during the hours apportioned to the day School, in consequence of business or other employment; where he will instruct in the art of Writing and Arithmetic, including Book keeping by Single and Double Entry—a thorough knowledge of which is indispensably connected with business of every kind, particularly to those who are engaged in keeping Merchants' Accounts, &c.—Terms 10s. per month.

Hours of attendance.—Day School, from 9 to 5 o'clock, p. m.; Evening School, from 7 to 9 o'clock in Summer, and from 6 to 8 o'clock in Winter.

The Academy will open on the first day of June next.

INDENTURES for Sale
at this Office. March 29.

TO THE INHABITANTS OF NEW BRUNSWICK.

It has long been a subject of surprise, that a town so populous as is that of Fredericton; and being the seat of government of an extensive and rapidly improving Colony, should be destitute of a News-paper, conducted upon liberal and independent principles; and in which the various objects that from time to time engage the public mind, might be fearlessly, yet temperately discussed.

To this subject the attention of the subscriber has frequently been called; and having for several years conducted *The Free Press* in Halifax; whose independent principles, while it was under his control, are known to many persons in this Province; he is relieved from the delicate task, of recommending himself as the Editor of the proposed Public Journal; with the conviction that the testimony which may in this way be adduced, will ensure for the Publication he proposes to establish, and also for his exertions in the line of his profession, the countenance and support of every friend of religious and civil liberty.

The subscriber therefore avails himself of the present opportunity to state, that if sufficient encouragement offers, he purposes establishing himself at Fredericton; and intends publishing a Weekly Newspaper, to be called *THE NEW BRUNSWICK SENTINEL*, to be devoted to News, Politics, Literature, and the General Interests of the Province. The Price will be Three Dollars per annum, exclusive of Postage—half in advance; and the Paper will be the size of *The Observer*, printed at St. John.

At the present stage of the contemplated undertaking, it might be deemed premature to enter minutely into the details of those principles, by which as the Conductor of the proposed Paper, the subscriber will be actuated. But it may be proper here to state, that he will always be found the firm and consistent advocate of the rights of the people, and the determined opposer of every exercise of arbitrary rule; that the pages of the Journal which he desires to conduct, shall be open to the most searching investigation and unflinching exposure of abuse, wherever it may be found to exist: that no rank however elevated, or power however paramount, shall be exempt from the rigid watchfulness and surveillance of that portion of the Press, which may be under his guidance and control.

But while the *SENTINEL* shall thus be found faithful at its post, its columns shall never be prostituted, by attacks upon private character or inroads upon domestic peace: nor shall a communication or article at any time appear, that may be found to contain expressions vindictive or malignant in their nature or tendency, or personally offensive to the humblest individual. The *SENTINEL* will contain full and impartial Reports of the Debates in the Assembly, also those of great public interest, that may take place in the Legislative Council;—Debates in the Imperial Parliament;—Law Reports, when they can be obtained; and generally whatever may have a tendency to develop the resources of the Province, or promote the domestic comfort, individual happiness, and permanent prosperity of its people.

THE NEW BRUNSWICK *SENTINEL* will appear so soon during the ensuing summer, as the nature of the subscription list and other patronage may warrant, and the Proprietor can remove his establishment from the neighbouring Province. And in concluding this brief Address to the inhabitants of New Brunswick, he trusts he may confidently submit this outline of the proposed Periodical, to the patronage of an intelligent and liberal Public; with the assurance, that its pages and his best abilities, shall be devoted to the interests of this invaluable and important portion of the British dominions, the defence of its liberties, and the support of its laws.
