### LEGISLATURE OF NEW BRUNSWICK.

### HOUSE OF ASSEMBLY.

Wednesday, March 1.

A Message from His Excellency the Lieutenant Governor, by the Gentleman Usher of the Black Rod, requesting the immediate attendance of the House in the Council Chamber.

The House attended, and being returned, Mr. Speaker reported, that he had addressed His Excellency to the following effect:—

"May it please Your Excellency—

"The Assembly during an unusually long Session, turned their attention to such objects as appeared to them best calculated to promote the general welfare; many Bills have been passed, which I trust will in their operation, be found beneficial for the purposes intended.

"Large sums have been granted for the opening and improvement of Roads, for the erection of Bridges, and for various other objects, of public utility: these sums if judiciously expended, will greatly add to the general good.

"Other measures of importance have occupied the attention of the Assembly, which time will not now permit me to particularize.

"The Assembly have passed 'A Bill to provide for the payment of the Ordinary Services of the Province'; 'A Bill to appropriate a part of the Public Revenue for the services therein mentioned'; and 'A Bill to provide for the opening and improving Roads and for erecting Bridges throughout the Province.'

"These three Bills I now tender to Your

Excellency in the name and on behalf of His Majesty's faithful and loyal Subjects the Commons of New-Brunswick, and pray Your Excellency's assent to them.

"The Assembly, at an early period of the Session, took into their most anxious consideration, the Message of Your Excellency, dated the 23d December last, with the accompanying copies of Despatches from the Right Honorable Lord Glenelg, His Majesty's principal Secretary of State for the Colonies, dated the 31st August, the 5th September, and the 31st October, 1836.

These Despatches clearly and distinctly stated the conditions upon which our Most Gracious Sovereign had consented to surrender to the Legislature, the disposal of the nett proceeds of His Hereditary, Territorial and Casual Revenues, and to prevent the possibility of misapprehension, the draft of such a Bill was sent with the last of these despatches, as would contain the provisions necessary for giving full effect to the gracious intentions of His Majesty.

"The great principles which would be settled by carrying into effect these gracious intentions, are essential to the future quiet and prosperity of this Province. Harmony would then be restored to the Legislature, confidence in the Public Departments, and to the people would be secured 'the blessings of responsible Government.'

"The Assembly in that spirit of loyalty, for which they have ever been distinguished, have passed a Bill in strict accordance with the terms as dictated in the aforesaid Despatches, and in the terms of the draft which was recommended by the Home Government, and approved of by the King; this Bill has been concurred in by the Legislative Council, and it now only requires Your Excellency's assent, to give it full force and effect. I therefore most earnestly hope that it is now about to become a law of this land.

"This highly important Bill bears the title of 'A Bill for the support of the Civil Government of the Province.' I now tender to Your Excellency this Bill, in the name and on behalf of His Majesty's faithful and loyal Subjects, the Commons of New-Brunswick, and pray that Your Excellency will be pleased to give your assent to it.

"The Assembly have also passed 'A Bill for imposing duties upon certain articles imported into the Province.' This Bill I also tender in the same name and on the same behalf, and pray Your Excellency's assent thereto."

[His Excellency then, after having given his assent to the several Bills passed during the Session, with the exception of that providing for the Civil Government of the Province, was pleased to close the Session with the following Speech to both Houses:]

"Mr. President, and Honorable Gentlemen of the Legislative Council;

"Mr. Speaker, and Gentlemen of the House of Assembly.

"Having given my assent to the Bills of the present Session, with the exception of that for providing for the Civil Government of the Province, it only remains for me to terminate your labours, by closing this Session; in doing so, however, I cannot refrain from expressing my regret, that my recommendation to put a suspending clause to that Bill has not been adopted. Had such a clause been added, it might by this time have received the consideration of His Majesty's Government, and this important question have been finally settled, with a full understanding of all its bearings. As

it is, and viewing as I do, the serious objections which I have already stated, and in which I consider the welfare of so many of His Majesty's subjects to be materially involved, I deem it my imperative duty to withhold my assent, and to reserve the Bill for the opinion and decision of His Majesty."

And His Honor the President of the Legislative Council then said:

"Honorable Gentlemen of the Legislative Council, and Gentlemen of the House of Assembly.

"It is His Excellency the Lieutenant Governor's will and pleasure that this General Assembly be prorogued until the first Tuesday in May next; and this General Assembly is accordingly prorogued until the first Tuesday in May next, then here to be holden."

The *Caledonia*, from Liverpool, brings us dates from London one day later, viz. 3d of January.

The intelligence is in no degree important, except the report that the siege of Bilbao had been raised, and a detachment of the Queen's forces had entered and relieved the town. The Carlist force retired, but with small loss.

At Toulon, great efforts were making to send out reinforcements to Algiers, with a view of equipping a large force against Constantine in the spring. France was tranquil, and preparations making to bring to justice the person who made the late attempt on the King's life.

The English papers are still crowded with details of the disasters occasioned by the recent snow storm. The money market was firm, and Funds still at 90 and upwards.
