

in Kingston, to put the inhabitants on their guard against the marauders, is confirmed by the accounts received to-day; but no alarm for the safety of the town is apparent, on the contrary the greatest confidence is expected that a successful resistance would be made, should the attack be attempted.

THE ARMY.—The flank companies of the 34th Regiment, lately at Three Rivers, under Captains Byron and Hammond, have moved to St. Charles. They arrived there on Friday, and on the following day, Captain Crompton's company joined the two other companies of the 66th, in garrison at Chambly. The other company of the 66th in this District is stationed at Sorel, under Lieut. Rainsford.—16.

This day a Company of the 34th Regiment proceeded to Three Rivers. The Officers are Captain Brisbane and Mr. Lang.

SIR,—I have the honor to transmit to you a copy of a Letter which has been addressed to me by the Trustees of the British Museum, requesting me to instruct the Governors of Her Majesty's Colonial Possessions to make known within their respective Governments the desire of that institution to receive specimens of the natural history of the Colonies; and also, to take advantage of any opportunities which may offer of securing for the Trustees such rare and curious objects as shall appear to be of sufficient importance to deserve a place in the National Museum. I have, accordingly, to request that you will contribute to the utmost of your power towards the promotion of the views of the Trustees of the British Museum.

I enclose several copies of a code of directions which has been prepared by the officers of the Museum, for the guidance of intrepid persons in selecting and preserving Mineralogical and other specimens, and I have to request that you will cause them to be distributed among those who may be willing to collect and present specimens to the Museum.

I have the honor to be, Sir,
Your most ob'dt. humble ser'vt,
GLENELG.

Major Gen. Sir Colin Campbell, K. C. B.

(COPY.)

British Museum, October 2, 1837.

My Lord,—I am directed by the Trustees of the British Museum to acquaint your Lordship, that having a prospect of obtaining, at no distant period, much increased space for the deposit and exhibition of the various objects in their charge, they are anxious to extend and improve the several branches of their collections with as little delay as possible.

To this end the Trustees conceive that your Lordship's influence may very powerfully contribute, and confident of your Lordship's desire to promote the interests of Science, they solicit, without scruple, that your Lordship will instruct the Governors of our Colonial Dependencies to make the designs of the Museum known in their respective Colonies, and to take advantage of any opportunities which may offer of securing for the Trustees such rare and curious objects as shall appear to be of sufficient importance to deserve a place in the National Museum.

These objects when transmitted to England will be carefully preserved, and the names of the respective donors honorably recorded among the contributors to the Museum.

I am further to place at your Lordship's disposal, three hundred copies of a brief code of directions for collectors of Natural History, drawn up by the officers of the Museum, and containing some suggestions which may be useful to persons inexperienced in the selection and preservation of Mineralogical, Zoological, and Botanical Specimens.

I have the honor to be, my Lord,
Your Lordship's ob'dt. humble ser'vt,
(Signed) J. FORSHALL, Sec'y.

The Rt. Hon. Ld. Glenelg, Secretary of State for the Colonies.

SAINT JOHN, March 3.

PARISH POOR.—Monthly Report.—The inclement weather during the whole of the month just expired, and the great extent of sickness prevailing in the habitations of the poor in the City at the present period, have served to increase the inmates in the different Parish Houses, (which are now all filled) till they number upwards of 250 individuals. And at the same time the number of families assisted in private houses in the various quarters of the City by the English Officers, have increased to 212, comprising 782 souls.—*Courier.*

SMALL POX.—We regret to state that this disease still lingers through the City. Several cases have occurred with persons who were previously vaccinated, but in all such cases we have been informed that the disease has been extremely light when compared with others who had not undergone vaccination. We therefore hope, for the future safety of our citizens, that vaccination will be more generally attended to by the heads of families, as a safeguard against the virulence of this direful disease.—*Chronicle.*

Married.

On Thursday evening last, by the Rev. Henry Daniel, Mr. Michael Henniger, of the City of Saint John, to Mrs. Sarah Avery, of Fredericton.

On the 1st inst. at Canim, in the County of Queen's, by the Rev. W. Smithson, Mr. Olonzo Taylor, of Sheffield, to Ellen, third daughter of Mr. James Hunter.

On the same day, at the same place, by the same, Mr. Hugh Cowperthwaite, of Sheffield, to Elizabeth Ann, second daughter of Mr. James Hunter.

Died.

At Saint John, on the 16th ult. Mrs. Effie Lewis, in the 66th year of her age—formerly of New-York, and one of the first settlers of that City. She died in the full hope of salvation, through the merits of her Redeemer; and has left three daughters, who, with many other friends have cause to deplore their loss.

On Saturday last, Mrs. Mills, wife of Private Mills, of the 43d Regiment, leaving three infant children.—On the 26th ult. Frederick Phillips, second son of George D. Robinson, Esq. aged nine months.—On Monday last, in the Parish of Portland, Mr. William White, in the 77th year of his age, a respectable Loyalist, who came into this Province with the earliest settlers.

At Hampton, King's County, on the 20th ult. in the 59th year of his age, Mr. Jacob Sherwood.—For the last two years he was the subject of affliction; but through Divine grace, he was enabled to bear it with Christian fortitude and resignation, in full hope of glorious immortality. He had been a member of the Baptist Church twenty eight years, and has left a wife and eleven children, with a large circle of relatives and friends, to lament their loss.

Suddenly, at Yarmouth, Nova-Scotia, on the 19th ult. in the 46th year of his age, Capt. Anthony V. S. Forbes, Sub-Collector of Her Majesty's Customs at that port. By this dispensation of Providence, his disconsolate widow and family are called to mourn the loss of a husband and father indeed: to them the loss is irreparable. Capt. Forbes entered the army in early life, has served in almost every quarter of the world, and under the command of several distinguished General Officers, who have all borne testimony to his merits as a soldier. Having been upwards of thirty years in the Army and Customs, his whole life may be said to have been devoted to the service of his country—to whose Government and Institutions he was zealously attached. As Sub-Collector of the Customs, he was an efficient Officer; and in discharging the various duties of that situation, urbanity was acknowledged by all. By this community in general he will be remembered with regret, and more particularly among the circle of his private friends, who were acquainted with his many virtues, and best knew the goodness of his heart.—At the same place, on the 18th ult. after a long and severe illness, Mary, wife of Capt. Rains Uley, in the 32d year of her age.

Suddenly, at Annapolis Royal, on the 15th Feb. Jacob, infant son of Mr. Lawrence Hall, aged five months.

DEBATES OF THE HOUSE OF ASSEMBLY.

INDUCED by the pledge of the late House of Assembly, (as contained in their Resolution of last Session, to provide for the Reporting of their debates, and to furnish them gratuitously to any Printer who would undertake to print them daily in Fredericton,) we had made all the necessary preparations for issuing a daily publication of the debates of the present Session; and Mr. Blatch, who originally established and has for seven years executed the Reporting, was prepared to furnish us with the Debates, as reported by himself, agreeably to the intentions of the same Resolution. Our first Number would have appeared about ten days ago; but owing to the House of Assembly having shown, by their discussions on the subject, a reluctance to follow up the intentions of the late House, by patronizing our attempt, our project was delayed. We have, however, again determined to prosecute the work, as far as lies in our power; convinced that a daily publication of the Debates of the Assembly will be interesting and useful to the public generally, and confident that we need fear no competition with regard to the style in which we are enabled to execute it. Mr. Blatch, the Reporter, who is at present attending on the House, furnishes us with his manuscript reports, and we have therefore commenced the publication according to our original intentions. The work will be printed in large quarto, four pages of which, containing twelve closely printed columns, will be issued daily; provided there is sufficient matter in debate; printed with new type, imported expressly for the purpose, and on fine paper, with a full and copious index to the work. The subscription price will be Twelve Shillings and Sixpence for the entire Session, exclusive of Postage. Persons wishing to subscribe to the work will please transmit their names to either of the following Agents; and upon the list being returned to this Office, the Reports will be forwarded to them from the beginning, and regularly continued thenceforward.

We shall occasionally introduce into the Columns of the Gazette, such of the Debates as may be interesting and important to the constituency of the Province generally, and more particularly such as bear upon the Commercial and Agricultural interests of the community.
