

The Annual Meeting of the College Council will be held on Tuesday, the 26th, at 11 in the forenoon, when the College will be examined; and at three in the afternoon of the same day, Mr. George Lee, A. B. will, by special appointment, deliver a Commemorative Oration.

From Quebec Papers to June 12.

LORD DURHAM'S FIRST LEVEE. His Excellency the Governor General held his first LEVEE yesterday, at the Castle of St. Lewis. It was more numerously attended than on any former occasion, and conducted with that state and solemnity which have so powerful an influence in inspiring respect for the public authority, without which, whatever may be the form of Government, it is in vain to expect public order and a ready submission to the laws.

The Bishops and the Clergy of all religious denominations, the Judges and Magistrates, the learned professions, the Civil and Military Officers, the Merchants and Citizens generally, all seemed anxious to pay their respects to the new representative of the Crown, commissioned to restore peace, and we trust, prosperity and happiness to these Provinces.

The general opinion seems to be that we shall be governed, and well governed, a thing we stood greatly in need of; that individual and partial interests and ambitions will be made to yield to the general interest, and the welfare of the Provinces permanently conciliated with the interests of the great Empire of which it forms a part.

The high Commissioner to whom this duty is assigned, must, however, have time to acquire the necessary local knowledge. He is entitled to the full confidence of every good subject of the British Crown, by which he has been selected, according to its lawful prerogative. We have nothing to fear under the British Government, subject to all the responsibilities of the British Constitution and laws: and we trust that the industrious and peaceable inhabitants of this Province will be permanently relieved from the dissensions and anarchy produced by men contending for power, distinctions and emolument.

We understand that the EARL OF DURHAM has ordered the Government garden in the rear of Wolfe and Montcalm's Monument, to be thrown open to the public, to be used as a promenade.

It has been rumoured that steps will also be taken to remove the ruins of the old Castle.

We have perused the observations of Albany and New York papers, of different political parties on the capture, plunder and burning of the British steamer SIR ROBERT PEEL. It is admitted that the PEEL was in the American waters at the time that the party came from the American shore, and the deed is unequivocally condemned. It is laid to the charge of the refugees from Canada, and revenge is imputed as one of the motives. It is alleged further, that there was a personal hostility to Capt. ARMSTRONG of the Sir Robert Peel, who had resided on the United States' frontier during the winter, and was said to have given information of the movements of the refugees. We apprehend that these last allegations are altogether erroneous; a more inoffensive man than Capt. Armstrong does not exist, or less disposed to act improperly in any way.

The affair will be one of the most unfortunate to the refugees—it will destroy any honest sympathy which prevailed in their favor. The Government of the State of New York and of the United States, must give security to their neighbours against further depredations, and make reparation for the past. This, we trust, will be done with that readiness which shows a willingness to do what is right, without any other consideration than a regard to their own character.

We are persuaded that after the recommendations of the Governor General and Sir George Arthur are known, there will be no danger of any retaliatory acts on the part of the inhabitants of Upper Canada. They may trust to their own Government, which is both able and willing to afford them protection, and at the same time to suppress any unauthorised hostility against their neighbours in the United States.

CAVALRY.—One troop of the 1st Dragoon Guards, arrived this day in the Transport Maria, Captain Humble, which vessel left Cork on the 6th ultimo. The people of Quebec, it appears, are not destined to have a sight of the Cavalry arriving here, this troop, as was the case with the Hussars, proceeding up immediately. The transport leaves to-night at twelve o'clock, in tow of the Steamer Canada.

The Upper Canada papers state, that the persons taken in a Schooner with Theller, on the Detroit frontier in January last, have been released and sent to the United States, and that Sutherland, Durand and others, sentenced to be transported, are to be sent to Quebec.

We are happy to learn that Lord Durham intends following up his Proclamation on the subject of the audacious outrage of the Americans upon the Steamer Sir Robert Peel, by despatching a special mission to Washington. An officer of high rank will be sent with instructions to Mr. Fox, the British Minister, and also with a letter of introduction to the President, Mr. Van Buren, to whom he will personally state the Governor General's views upon this important question, and demand from the head of the American Republic a frank and explicit avowal of his own sentiments and intentions as to the future.

In the mean while preparations are making on an extensive scale to place the whole border line, on the British side, in a state of Military efficiency, in readiness for events of whatever complexion, whether peaceful or warlike, piratical or sympathetic!

The Americans will soon learn that if they can sympathise with the disaffected of our possessions, British authority and British bayonets can sympathise with the loyal and steadfast. Sir John Colborne's mission is directed to this purpose, and who can doubt that the veteran will execute his task satisfactorily?

Preparations are also making in Montreal

to receive His Excellency the Governor General immediately, should there be further demonstrations on the border, rendering his presence nearer the scene of action, or at the scene of action, if requisite. It is pleasing to witness this commendable promptitude in a British Governor when the National Honour is concerned.—Herald.

The Hon. Lieut. Col. Grey, of the 71st Light Infantry, left town this morning for Washington. He carries despatches for Mr. Fox, the British Minister, as also a letter of introduction to the President, Mr. Van Buren, to whom, the Quebec Herald says, "he will personally state the Governor General's views upon this important question, (the piratical destruction of the Sir Robert Peel steamer) and demand from the head of the American Republic a frank and explicit avowal of his own sentiments and intentions as to the future." Colonel Grey was accompanied by two officers of his regiment, Sir Hew Dalrymple, Bart., and Lord Aberdour.

From our Montreal Correspondent

"Montreal, Sunday, 3rd June.

"The 85th regiment is under orders to march for Upper Canada, to-morrow morning at 6 o'clock."

"There are various rumours afloat to-day from Upper Canada,—one is, that an attempt was made to burn the steamer Great Britain, which I do not believe,—of others, that two of the individuals who burned the Sir Robert Peel are in the custody of the United States authorities. Scanlan, formerly a low auctioneer at Kingston, is said to be one of them."

"The Cygne arrived this afternoon from Quebec, where she left at nine o'clock on Thursday morning."

"You will perceive by the Albany Daily Advertiser of Friday, that the news of the burning of the Sir Robert Peel reached that city on the evening previous, and that Governor Marcy had proceeded to Watertown in consequence."

"The 43rd regiment are to march into town to-morrow morning; and the 71st, from the Island of St. Helens, to-morrow or the day after."

"Monday, 4th June,—There is nothing new here to-day."

"The 43rd regiment came into town at two o'clock from Laprairie."

"The 85th left at half-past seven in the morning for Upper Canada, in two divisions, one to proceed by the Rideau, and the other by the St. Lawrence."

A second troop of the 7th Hussars arrived yesterday from Cork, consisting of 4 Officers and 30 men, and 33 horses. The transport which brought this troop is the Elizabeth, No. 8, 392 tons, Capt. Stockdale.—Agent, Lieut. Vicary, R. N. The officers are—Capt. Hon. H. Cole; Lieuts. Saville and Preston; Dr. Beaven. The transport, with the cavalry moved upwards last night in tow of the British America steamer.

This day, the following arrived:—transport Bonadice, No. 13, 427 tons, in 46 days from Woolwich with 5 officers, 226 men, 24 women and children of the Royal Artillery.

Transport Sutor, No. 18, 380 tons, 6th May from Cork with 5 officers and 57 men, and horses of the 1st Dragoon Guards.—Quebec, June 12.

From the New York Albion, June 9.

WATERTOWN, June 4, 1838.

Dear Sir.—There is a rumour this afternoon that the William IV. was burnt last night, but it was not fully credited. There was an express brought to the District Attorney this afternoon that Bill Johnston was on an island fortified with about thirty men, and bid defiance to the Queen and all the Queen's friends, and to every body. This is not fully believed; the authority is doubted. They are calling out the militia by regiments to go and take the island and arrest him.

THE SIR ROBERT PEEL STEAMER.—Important Evidence.—Dr. Scott, of Brockville, called upon to attend one of the pirates, states in evidence they are almost all Canadian refugees. They called themselves by feigned names: Sir William Wallace, Judge Lynch, Crockett, Nelson, &c. About 120 spikes were found in their shanty on one of the 1000 islands in the outlet of the lake. The Canadians express themselves fully satisfied with the efforts on the American side to arrest the guilty. Only two of the pirates out of 22 persons engaged in the outrage are believed to be Americans. The excitement caused by the affair at Toronto, led to some propositions to have armed schooners on the Lakes to protect the commerce. The sum of \$4000 reward is offered at Quebec for the recovery of the pirates. The whole number taken on the American side is now thirteen, up to Friday night. The prisoners have been marched off to jail at Utica or Albany.

Bill Johnston, with some ten or twelve others of the Pirates, are at large in the 1000 islands. They bid the Officers defiance. Four persons suspected live in Onondaga county.

"The following is a list of all that we have as yet been able to learn who are implicated: William Smith, refugee from Canada, in jail; William Nickles, do. do.; Marshall W. Forward, do. do.; Anderson, do. do.; James Potts, do. do.; Seth Warner, — Warner, brothers, do. do.; Nathan Lee, American, do.; Henry Hunter, do.; Hugh Scanlan, refugee, on bail; Daniel McLeod, refugee, not arrested; Samuel C. Frey, do. do.; Robert Smith, do. do.; John Tarr, do. do.; — Thayer, do. do.; — Robinson, do. do.; William Leister, do. do.; William Johnston, French Creek, not arrested; William Coppennell, do. do.; James Hunter, do. do.; William Robbins, do. do."

Governor Marcy had arrived at Watertown, and was using every exertion to have the offenders brought to retribution. He had gone to Sackett's Harbour, to proceed thence to French Creek and Ogdensburg, to return by Oswego. Gov. Marcy has issued his proclamation, offering the following rewards for the principal persons engaged in the Sir Robert Peel affair: William Johnston, late of French Creek in the county of Jefferson; Daniel McLeod, a refugee from the Province of Upper Canada; Samuel C. Frey and Robert Smith, also refugees from the said Province. For William Johnston, \$500; for Daniel McLeod, \$250; for Samuel

C. Frey, \$250; for Robert Smith, \$250. Also \$100 for the detection of each one of the others. He also orders and commands all civil and ministerial officers of the State, to use every vigilance to bring the offenders to justice.

From the Sandwich Herald.

ATTACK UPON BRITISH OFFICERS AT DETROIT.—Colonel Hill, Capt. Sparke, and Lieut. Robinson, of the Queen's Light Infantry, in full uniform, accompanied by Dr. Dewson, Surgeon of the Regiment, in plain clothes, went over to Detroit about noon on Friday, and whilst walking through the streets, were assailed by the cry of "Tory, Tory," from individuals, and also by disgusting and abusive language, and were thrice pelted with stones, eggs, and mud, of which they took not the slightest notice.

The officers behaved with the greatest forbearance, and, at Col. Hill's request, went quietly on board the ferry boat; but, on turning to do so, Capt. Sparke was kicked by the cowardly rascal who first pushed against him; several eggs were also thrown at the officers when on board of the boat, one of which passed close to the head of Miss Mason, sister to the Governor.

Another officer, Lieutenant Cameron, of the Queen's Light Infantry, who had been sent, on the 17th, with despatches to Amherstburgh, on his return last Sunday morning in the Steamer General Porter, was grossly insulted and pelted with stones and mud, whilst proceeding on horseback from the landing to the ferry boat. Lieut. Cameron was informed that the man who led the mob on Friday and Saturday, was a fellow named Appleby, alias Capt. of the piratical steamer Caroline, and now of the steamer Constitution.

St. John, June 16.

A Coroner's Inquest was held last evening at Indian Town, on view of the body of Richard Farmer, late Steward of the Fredericton, steam boat, who fell from the gangway of the boat the same day while in the act of washing some utensils, and sunk before assistance could reach him. Verdict—"accidental death by drowning."

The deceased who was a most deserving man, has left a wife with four helpless children.—Courier.

DRESSING CASUALTY.—On the 9th inst. Capt. Stockpole of the barque Faguet, and Capt. Mitchinson of the Francis Lawson, with two of the crew of the former vessel, named William Keswick, of Liverpool, and James Souter, of Montrose, lost their lives by the upsetting of the Faguet's boat, while coming on shore from that vessel, then lying off the ballast ground at Saint Andrews. Captain Stockpole, with two survivors, (James Middleton and John Williams,) were taken off the sunken boat soon after the accident, by Mr. Job Gardiner, who was passing in his wood-boat, and heard their cries, (there being a dense fog at the time.) They were brought on shore and medical aid immediately procured, but Captain S. suddenly expired while being undressed: Middleton landed quite active and alert, and Williams speedily revived. The bodies of Capt. Mitchinson, as well as those of Keswick and Souter, were found in the afternoon, and every attention paid to their obsequies by the inhabitants, among whom a strong feeling of sorrow was excited by the sudden death of so many of their fellow beings, who were all persons much respected.—N.
