THANKSGIVING FOR BLESSING OF PEACE

Ottawa, July 3.—The Government received from the Secretary of State for the Colonies, on Wednesday, two dispatches dated July 1, which are now made public.

"His Majesty has issued a proclamation appointing Sunday, the 9th day of July, as a day of general thanksgiving for the blessing of peace, and it is his desire that this day shall be observed not only in the United Kingdom, but in all quarters of the Empire.

"The King has also given his sanction to a peace celebration in the United Kingdom on Saturday, July 19, and the hope is expressed that all parts of the Empire will join as far as possible in celebrating peace on that day."

Weekly Report, Agricultural Conditions in New Brunswick as Reported by District Representatives of Department of Agriculture

RAIN was fairly general over the Province at the end of the week. This rain did an immense amount of good, but was not sufficiently heavy to carry the crops over a very long period. The need of rain is apparent again and would be very beneficial to the grain, root, and potato crops.

The hay crop will not be materially helped now by rain, beyond thickening it up a little at the bottom. The season for cutting is drawing near and it has practically made its growth. The crop will be generally below the average, especially on old meadows. Newly seeded meadows are looking fairly good, especially where Red Clover has been sown. A year such as this clearly indicates the value of breaking up and reseeding meadows more often.

Reports from Victoria County state considerable damage done by frost to beans, buckwheat and potatoes.

The Eastern Counties report the weather as being too cool for rapid growth of crops. The hay and grain crops on the heavy clay soils have made very little progress during the week.

Reports on Dairying indicate that conditions have been quite satisfactory. The milk flow has been good, and recent rains have freshened up pastures, and will maintain the full flow for some time longer.

A Cheese Board has been organized by the Provincial Dairy Superintendent, for the sale of cheese in the province. Fourteen hundred (1400) boxes were sold through this Board during the week at 30¢ per lb. Some cheese factories have paid off their patrons for the month of May, the farmers averaging \$2.50 per cwt. for their milk.

To the General Public:

I have opened a GROCERY, HARDWARE, FLOUR, FEED and GENERAL MERCHANDISE Store in the stand where my father, the late Mr. G. D. Grimmer, and my uncle, Mr. J. D. Grimmer, have done business for so many years. The place has been thoroughly renovated and an up-to-date stock placed therein.

I would earnestly solicit a share of the trade so generously given my predecessors. I will buy to the best possible advantage and sell to you at the most reasonable prices.

Hoping to have a visit from you at an early date.

Yours very truly,

FRANK A. GRIMMER
