SHEDIAC CHURCH.—It is said the Presbyterian church at Shediac will be rebuilt immediately. The insurance on the last amounted to $2,000. The new one will cost, it is estimated, about $3,000. Already six hundred dollars has been subscribed by the different members of the congregation, Messrs. C. C. Hamilton and James Webster each contributing two hundred dollars.

OBITUARY.—A communication from Winchester, Mass says: Mr. and Mrs. Milfred Goodwin lost suddenly by Cholera Infantum their only daughter Annie Pearl aged 11 months and 29 days. Funeral services were conducted at their home, Winchester Highlands by Rev. C. E. Holmes; the singing by a band of little children who sang "Safe in the arms of Jesus" and "We shall sleep but not forever." The floral offerings were many and beautiful. They laid there little Pearl to rest in Wildroad cemetary Mr. and Mrs. Goodwin came from Port Elgin, N. B. to this town some time ago. They have made a host of friends who heartily sympathize with them in their sad affliction.

MEN OF THE MOVEMENT.—"Men of the Movement," the first of the seven monthly parts of "Ten Years of Temperance" has just been issued from the Templar publishing house Hamilton, Can. Its literary and typographical excellence is in every way creditable to the publishers and cannot fail to intensify the desire of its readers to secure the succeeding numbers. Among the full page photogravures are very fine likenesses of the late William H. Howland, Sir Oliver Mowat, Hon. George W. Ross, Minister of Education, Hon. S. H. Blake, Q. C. and George F. Marter, M. P. P., and others eminent in the world of letters, ministers, lawyers, editors and of trade, thirty in all. The price of the book is only 25 cents, or one dollar pays for the whole seven parts, if remittance is made to the Templar publishing house, Hamilton, Ont.

HISTORIC QUEBEC.—A neatly printed little book descriptive of the historic city of Quebec and it picturesque surroundings has been received. Though different points of interest in and around the ancient city are charmingly described, and there are fine illustrations of Wolfe's monument on the Plains of Abraham, the Martello towers, the new Chateau Frontenac hotel on the famed Dufferin terrace, the old Breakneck stairs, Falls of Montmorenci, etc., etc. "Historic Quebec" is sent free, on application to agents of the Canadian Pacific Railway, or to the manager of the Chateau Frontenac.

A SAD CASE.—A youth of fourteen years or thereabouts came down in the train Monday evening from Cape Tormentine. He was on his way to Dorchester jail in charge of a constable to serve a sentence of thirty days for stealing gooseberries from a bush belonging to a family living near his own. A fine of $3 and costs $13, was imposed or thirty days in jail and the lad's father who it is said is able to pay, refused to do so. Much sympathy was expressed for the boy on the train and $10 of the $16, necessary to secure his release was made up. The rest was not obtained and he was allowed to go on. There was nothing criminal in the appearance of the boy who looked bright and intelligent. It seems that there has been a feud between the two families for many years on account of this gooseberry bush which the owners have never been able to guard effectually from depredations; but it certainly seems a great pity that a young boy should have the reproach of a jail cost over his life for so slight an offense and one which he may have been encouraged to commit.

RHODES, CURRY, & Co., of Amherst are now constructing a number of buildings at Glace Bay for the Dominion Coal Co. These include, a machine, work, and locomotive shop, contract price $12,000; general offices including bank offices for Union Bank of Halifax $12,000; four official houses, $3,000 each; a warehouse, 105 x 30, $3,000; oil house, brick, 20 x 40, $1,500; a railway station $3,500. They have also under way a hotel at Old Bridgeport $5,000; a railway station at Bridgeport $2,000; and 50 houses at Old Bridgeport contracted for two months ago and now being moved into position. These houses cost about $750 each and are of a very superior class. The work at Old Bridgeport is in charge of Mr. Ed. Rhodes, during his vacation from Acadia College. Mr. Rhodes, who is only eighteen years of age, is a son of N. A. Rhodes, Esq., and has already shown that marked ability which so largely characterizes his father.

"Is a frog a fish?" This is a problem which the officials of the fisheries department has recently had to consider. Petitions have been forwarded to the department from the inhabitants of Northumberland county, Ont. praying for a close season for frogs. A lucrative trade in the shipment of frogs' legs is being done in that county, but it is discovered that the very time when the frogs are spawning is the one when the greatest havoc is wrought amongst them. Possibly a change will be made in the fishery laws so as to embrace frogs. The departmental officers say in their embryotic stage frogs are certainly fishes, but later on they take an amphibious character.

AN INTERESTING EVENT takes place this afternoon at the residence of Mr. Ovid Weldon when his daughter Hattie S. will be united in marriage to Mr. Hedley Hallet of Bermuda. Rev. William Harrison will officiate.

SHIPMENTS.—By I. C. R. from Sackville Monday to Halifax, one car lobsters from M. G. Siddall, Port Elgin; Wednesday one car cattle to Halifax from W. W. Fawcett, Sackville; Wednesday to Toronto four cars stone from Woodpoint quarries.

THE CIRCUS.—A great number from Sackville attended Cook & Whitby's Circus at Amherst yesterday, many going by train but more by carriage. Great numbers also attended from Tidnish and other places while Springhill sent eight loaded cars. The show was pronounced by all one of the best that has ever visited these provinces and all who did not seek to outwit the pea-and-shell man went away well satisfied.

ASSIGNED.—E. C. Gooden & Co., general merchants of Baie Verte. have made an assignment to Hazen Copp of Port Elgin and A. W. Bennet of Sackville for the benefit of their creditors. There are no preferences. The direct cause of the failure is said to be heavy losses in connection with the lumbering business at Westchester, N. S. The firm has always borne the highest reputation for honesty and stability and much regret is expressed at their present difficulties. The liabilities are estimated at about $25,000 and it is thought a payment of perhaps fifty cents on the dollar may be arranged.

SWEDISH QUARTETTE Tuesday evening next. Plan of hall at Drug Store.

COMING EVENT.—The appearance of the famous "Swedish quartette" in Music Hall, next Tuesday evening, promises to be one of the most pleasing entertainments ever given in this place. In speaking of the Grand Reception concert, given in the public gardens at Halifax last week, in honor of their excellencies, The Governor General and Lady Aberdeen, the Halifax Herald says: The singing of the "Swedish quartette" was a feature of the evening. Their music was harmonious and delightful; every number was encored, and their artistic work was evidently very highly appreciated. Alderman Mitchell deserves the thanks of the community for enabling them to again enjoy the beautiful singing of this concert company.

SHULEE FIRE.—A report says:—Sad havoc has been made in lumber woods at Shulee. The fire in the woods reported to be dying out is raging with renewed vigor and many thousands of dollars will not cover the loss sustained. The fire started at the back of Mr. Gillispie's house at Shulee, right handy Prescott & Gillispie's mill at the head of the harbor, burned through the best timber land to what is known as the Flat Brook, thence towards the Finger Board and right through a man's garden. The mail driver the other day had to carry the mail on his back to Shulee, the smoke being so extremely dense on the road. The passengers on the mail cart only got through after exceeding difficulty. No houses have been burned, but the fire still rages and is now threatening Barnhill's mill. Two hundred men are fighting the flames day and night.

Valentine Nowacki, the leader of the foreign forces of the coke strikers, in Pennsylvania proposes to make an offer to the Japanese government to furnish 5,000 soldiers for use in their war against China. The Slavs have been trying for some time to find a place to go and leave the coke region. Nowacki will confer with the Japanese legation at Washington. He is a soldier, and so it is claimed, is every adult foreign coke striker in the region. Since war was declared between China and Japan, Nowacki has had lieutenants in all parts of the region feeling the pulse of his countrymen in regard to offering their services to Japan in the way of five regiments. All seem anxious to go and Nowacki's lieutenants report that it would be an easy matter to recruit 5,000 Slavs in the coke region.
