THE BURGLARS called at the store owned by Frank Schurman at River Philip on Monday night of last week. They received about $8.00 in cash.

ACADIA COLLEGE is to have a law course added to the University work. The lectures will be given by W. E. Roscoe, of Kentville.

ELECTIONS NEXT MONTH.—The writs for Huron, Montreal Centre, Cardwell and Missisquoi will be issued within two weeks, and the elections will take place about the middle of December. A strong effort will be made to induce Sir William Hingston to come out as the conservative candidate in Montreal Centre.

S. S. CONVENTION—The Semi-Annual S. S. Convention of the parish of Westmorland will be held at Tidnish on Wednesday Nov 13 inst. All Sabbath School workers and all interested in S. S. work, are invited to attend. Mr. James Fillmore, Bay Verte Road, is president of the Convention, and Miss Lavers, Point de Bute, Sec'y.

Quarrying Co. will ship a cargo of stone to New York, which will close his work for the season. The Wood Point stone continues to hold its own in the market as a fancy building stone.

WEDDING BELLS.—The home of Mr. Chipman Richardson, Westcock, was the scene of a quiet and very pretty wedding last evening, when his daughter, Miss Minnie was united in marriage to Mr. Seth Campbell of Sackville. The bride was attired in a dress of light goods, trimmed with pink velvet. After congratulations were received the guests sat down to a sumptuous repast. The bride received many handsome presents.

MT. ALLISON LECTURE COURSE.—The first of a course of "University Sermons" arranged for the students of the Mount Allison Institutions, is to be delivered in Lingley Hall on Sunday next (10th inst.) by the Bishop of Nova Scotia, the Rev. Dr. Courtney. These services will be open to the public and will begin at 2 p. m. Standard time (2.30 local.) Other distinguished preachers of different denominations are expected to take part in the Course.

A MILL took place on Saturday night in front of Chignecto Hall between the the bantam from Westcock church and the slugger from Frosty Hollow. Unlike the principals in the Corbett-Fitzsimmons affair, they came to time before the crowd realized what was in progress. Before the POST reporter could ascertain if the Marquis of Queensbury rules governed the fight, the bantam was knocked out and the belt handed over to Frosty Hollow. It is a cold day when Frosty Hollow gets left.

THE RURAL CEMETERY.—The newly purchased addition to the cemetery of five and a half acres has been connected with the old cemetery by a road and a stone culvert across the brook. As the lots have all been sold in the old cemetery, a portion of the new has been laid off and the company are now offering a number of desirable lots for sale. The price is seven cents per foot. A high close board fence is being erected separating the care-taker's cottage and garden from the grounds. It is the intention of the company to keep making improvements, in the way of roads, fences, tree planting and otherwise adorning and beautifying it, as rapidly as their finances will allow.

THANKSGIVING DAY, November 21st.

I. C. R. wants 340,000 Ties, 40,000 of which are wanted between Truro and Pairsec.

THE COPP Wooden-ware Factory is rushed with orders and an enlargement is in the air. A new variety moulder has been placed in the factory this week.

SPRINGHILL:—On Saturday last the boys at the mines went on strike, because of threatened reduction of wages but the managers had a conference on Monday and the mines are working as usual.

SHIPMENTS:—JOS. BOWSER shipped two car of hay to Halifax this week and one to Newcastle.

—Jas. Patterson shipped one car of hay to Harcourt and Jos. Black a car to Halifax.

—Two cars of stone were shipped at Toronto.

A DIFFICULTY.—There is but one rink in Sackville but there are two sets of sports who want to make use of it at the same hour. Curling and skating are two forms of amusement so diverse one from the other that they will not amalgamate, hence the difficulty. The managers of the new rink are having to allot space to the promoters of both. The opinion expressed by a visitor to Sackville who has examined the rink is that it promises to be one of the best in the Maritime Provinces.

LIBERAL CONSERVATIVE CONVENTION—The annual meeting of the Liberal Conservative party of Westmorland was held in Sackville on Tuesday. Mr J. L. Black presided and in his opening remarks paid a kind tribute to the late John A. Humghrey. Mr. Jos. L Black was reelected president; Mr O M Molanson, vice president; Mr D Hogan, treasurer, and Mr R W Hewson sec'y.

A resolution was passed endorsing the principles and policy of the Liberal Conservative party; also a resolution in touching reference to the late Mr Humphrey. Speeches were made by Senator Wood and H. A. Powell, M. P.

RETURNED FROM CAPE BRETON.—Station Agent Sutherland of Aulac has just returned from a two weeks trip, having spent most of the time in Nova Scotia. He went as far as Cape Breton but seems to have been impressed most with New Glasgow and the country in that part of the province. The steel works alone at New Glasgow employ between 3 and 4 hundred men. There are also coke works and and evidence of growth and progress everywhere on the New Glasgow side of the river. The people move quickly and look as if they meant business and knew what they were after, at least so thinks "Jamey."

CANADIANS NOT WANTED:—On Thursday afternoon last nine provincialists, most of them from P. E. Island, went through to Vanceboro, en route to the Maine lumber woods or other places of employment. On Friday morning eight of them came back, the whole lot having been stopped at the border under the provisions of the alien contract labor law. The ninth one got off the train a short distance this side of Vanceboro, and probably walked back. His companions returned to their homes. The Calais Times says it is reported that a number of New Brunswickers have been turned back from the Maine woods this fall.

COOKVILLE METHODIST S. SCHOOL:—Mr. E. Murray, superintendent, and his staff of teachers are to be congratulated on their successful work in the S. School. The recitations by the children on last Sabbath evening were very interesting and well rendered. We were sorry not to hear more children's voices in the singing: an improvement could be made in this department, which we hope will come with the passing months. If the parents and children will see their relation to each other and to God under the promises now given to them through Christ and the high and holy engagements that are sure to the consistent God-serving, as set forth in the pastor's address, there will surely be even happier days and greater development for the dear little ones of that happy S. School. Com.

MT. ALLISON LADIES COLLEGE—The Eclectic society of the Ladies' College intends holding an entertainment on the 29th inst. Miss Laurie Deacon will sing and there will be other novel and attractive features.

—Mr. Hammond and Mrs. Hammond left last week for Montreal and New York.

THE CONCERT given on Friday evening in Beethoven hall by members of the faculty of Mount Allison conservatory of music was a decided success. The attendance was large and enthusiastic and the various artists were all cordially received.

—Miss Fanning, has a magnificent mezzo-soprano voice with a fine range, and her rendition of the various numbers was flawless. Her first number was the great aria from Gluck's Alceste, "Divinites du Styx," for which she received a tumultuous recall, giving as encore a song of Franz Ries, "Lass mich in dein Augen Schen." Her last number was an "Agnus Dei" of Bizet's, with flute obligato, played by Mr. Chas. Chisholm. The ensemble in this number was perfect, and Miss Fanning received another enthusiastic encore, giving as her final song that little gem of Chadwick's, "Allah." The conservatory is to be congratulated on the valuable addition to the staff which they have obtained in Miss Fanning.

—Miss Webster, delighted the audience by her rendition of Will Carleton's "Convict's Christmas Eve." Miss Webster shows in her work a perfect technical training and a remarkable faculty for the delineation of character. Her style is pure and natural. She received a double encore, responding to both.

—Mr. Wootton, whose appearance has been eagerly anticipated, more than sustained the reputation formed of him from the press notices. The Rubenstein Etude and Schubert's Impromptu were rendered with masterly style and fluish. The Nocturne and Scherzo of Chopin were magnificently played and full of Chopinisque romance and fervor. In response to persistent applause she gave as an encore a highly musical and graceful number entitled "A Love Song."

—Mr. Chisholm, played all his numbers with absolute precision, and in all his work showed himself the thorough artist. A concerto of DeBeriot, Romance and Reverie of Vieuxtemps, and a Berceuse Iclave by Neruda were the numbers played by him. The first number on the programme was a selection by the string orchestra, formed by the pupils of Mr. Chisholm, and their work well sustained Mr. Chisholm's deservedly high reputation as a teacher and leader.

As the guests have their way paid to that abode of ease and comfort and as the county pays their board and they have nothing to do but eat and sleep they ought to be happy.

St. Joseph's College Notes.

—The annual Retreat of the students took place on the 30th and 31st ult. The usual study and class-work was abandoned for the time, the boys giving themselves up instead to a service of purely religious exercises. Rev. Father Krein, C. S. S. R., of St. John, conducted the retreat for the English speaking students, while the French ones were favored with the personal direction of the Rev. President, Father Roy.

—November 1st is an important date in the college calendar. It marks the cessation of Tuesday half holidays, and the regular opening of the gymnasium. Meeting of the Grand Division.

The annual meeting of the Grand Division of N. B., which was held in Sackville on the 30th and 31st., ult showed the order to be in a fairly prosperous condition in the Province. G. W. P. Maxwell, who makes an excellent presiding officer, was again elected to that office. Grand Scribe, Armstrong, also particularly well fitted to fill that office was re-elected. The appointment by the government of out lawed rum sellers as liquor venders under the Canada Temperance Act was condemned and a resolution passed asking for better means of reaching physicians who grant certificates to persons to enable them to secure liquor as a beverage in direct violation of the spirit of the Act. A medical man in one of the counties had been fined for the violating of the law in this way but the penelty was to light where the temptation was strong.

The three sessions were interesting and harmonious. The installation of officers was conducted by Mr. Bradley, a member of the national division. C. W. Everett of St. John, Mr. Bradley of Washington, and Mr. Robertson of "the Old Bay State," all members of the National Division were present. These gentlemen were on their way home from attending the session of the Grand Division of Nova Scotia. A public meeting was held on Thursday evening in the Bethel church, at which Mr. Bradley and Mr. Everett, were the principal speakers.

The next annual meeting of the division will be held in St. John the last Wednesday in October. The place for holding the semi-annual was left the the executive committee. Mr. H. H. Pitts of Fredericton, who was one of the delegates from York, seems to be in the best of spirits, and as ready as ever to champion the Bathurst School question or any other question that needs a man with the courage of his convictions. Mr. Anslow of the Newcastle Advocate, is as calm and collected as ever and is looking as if there was lots of good opposition fight in him yet. Mr. Anslow is one of the oldest active members of the Grand Division, of course always excepting Brother Bell of Sackville, who has probably attended more sessions of the Division than any other member. Before leaving for home the delegates voted this session one of the most plesant and successful of the forty-eight years of the existence of the Grand Division.
