TIGHT BINDING
RELIURE TROP RIGIDE

though the soil is immensely rich. Farms, situated 10 or 15 miles from the oigina springs, are being leased to a better advantage to the owners than those upon which the springs were first discovered. Poor farms, back in the woods, that would not have been accepted and occupied gratis a few years ago, now cannot be bought for $100 per acre; even that offer very often causes the would-be purchaser to accept as remuneration for his liberal offer a scornful look from the farmer.

UNITED STATES.

In reference to the statements made by Lord John Russell in Parliament, that the British Government would probably recognize the seceded States as belligerents, the New York World says:

"The intention to treat the Southern Confederacy as a belligerent power, competent to grant letters of marque, argues nothing as to the recognition of the Southern Confederacy. In our revolutionary war we granted letters of marque, which were held to be perfectly valid, two years before we were recognized by any foreign power, and under which our privateers captured, during the first year, five hundred and thirty British vessels, valued, with their cargoes, at five millions of dollars. The British Government will not treat the rebel privateers as pirates; but if they capture British goods in American bottoms, and the Confederate States do not give prompt satisfaction and make full compensation, the British Government will treat the new confederacy as it would any other belligerent which should violate British rights. Instead, therefore, of being a mere punisher of pirates, Great Britain is in a fair way to become a party to the war."

MAINE TROOPS.

PORTLAND, 15. The second Regiment of Maine, Col. Jameson, 800 strong arrived here at 12.30 last night, from Bangor, and were quartered in the Mechanics and New City Hall. At 10 o'clock this morning they were escorted by a portion of the 1st regiment, and marched through Congress and State streets to the Western Depot, attended by an immense concourse of citizens. They took the cars for Boston, by the Boston and Maine route, the train consisting of fifteen cars, which left at 10.30 amidst the greatest enthusiasm.

MASSACHUSETTS.

The Boston Journal says the special committee on the Governor's message were in session yesterday morning, and had under consideration the bill introduced in the Senate Tuesday by Mr. Northend of Essex, establishing one or more camps for drilling the troops.

The committee have also unanimously agreed to report a bill for the issue of State scrip to the amount of seven million dollars, the proceeds to be loaned to the government of the United States.

A bill was introduced in the House in the afternoon by the same committee, to approve and ratify all expenditures and obligations made by the Governor and Council for the equipment and maintenance of the troops sent to the seat of war, and also authorizing the Governor to take what further measures may be necessary for the arming and subsistence of so much of the military force of the Commonwealth as are needed for defending and maintaining the authority of the Government of the United States; and to this end he may appoint all needful officers, and fix their rank and pay.

To defray these expenses the Treasurer of the Commonwealth is authorised to issue scrip to the amount of three millions of dollars, which shall be called the Union Fund. The scrip is to bear interest at a rate not exceeding six per cent., and shall be redeemable in not less than ten and not more than thirty years from the first of July, 1861.

BALTIMORE, May 15. Gov. Hicks, in response to the charge of Mayor Brown, that the former authorized the destruction of the bridges, says he will soon furnish conclusive proof that such destruction was part of the movements of conspirators against the government, and known in other parts of the State before its consummation, and will clearly exonerate himself from their aspersions.

The city is quiet this morning; the Massachusetts and New York troops are strolling the streets entirely unarmed.

It is rumored that Gen. Butler will make more arrests today, of persons in high position.

Governor Hicks issued the following proclamation evening of the 14th. Whereas, the President of the United States, by his requisition of the 13th of April, has called upon me, Governor of Maryland, for regiments of infantry or riflemen to serve three months, said requisition being made pursuant to law, and whereas, to said requisition has been added the written assurance of the Secretary of War that said four regiments shall be detailed to serve within the limits of the State of Maryland, or for the defence of the Capital of the United States, and not to serve beyond the limits aforsaid; now, therefore, I, Thomas Holliday Hicks, Governor of Maryland, do call upon the loyal citizens of Maryland to volunteer their services to the extent of four regiments to serve three months within the limits of Maryland, or for the defense of the Capital of the United States, to be subject to the order of the Commander-in Chief of the United States Army. Given under my hand, etc., May 14.

(Signed) THOMAS H. HICKS.

WESTERN VIRGINIA CONVENTION.

WHEELING, May 14. At the evening session of the convention, the Committee on Federal and State Relations reported resolutions opposing immediate action for a seperation, but leaving it to the convention, to meet here on the 11th of June, for final action on that point. In other respects the resolves rather strengthen than diminish the position looking to future action; also propose a committee to prepare an address to the people of Virginia on the subject. The report was adopted.

A discussion ensued. Mr. Carlisle moved to recommit, with instructions, and addressed the convention in favor of immediate action.

It is understood that the committee agreed—16 to 6—against the immediate division of the State.

VIRGINIA.

NEW YORK May 18th.—It is believed that Virginia will be attacked at three different points next week.

It is reported that Gen. McClellan will enter Western Virginia at the head of the Western troops simultaneously with Gen. Butler's movements upon Norfolk, and a column of regulars will move forward from Washington.

WASHINGTON, May 18th.—A brilliant feat is reported to-day to the Secretary of the Navy, performed by a party from the New York 8th and 13th Regiment.

An expedition was sent to recover the Smith Point light ship, removed from Chesapeake Bay by the secessionists, and it returned to-day in safety. The party of the expedition were two detachments from the New York Eighth Artillery and one company from the 13th Regiment.

None of the United States soldiers were hurt, although bullets were dug out of the wood-work of the boat.

May 19. The transportation of immense bodies of troops to Fortress Monroe takes place with the least possible delay. Major General Butler will forthwith repair thither, where he will establish his headquarters as Commandant of the new Military Department of Virginia, North Carolina and Tennessee. This fact is significant of future events.

OPERATIONS OF THE BLOCKADING FLEET.

PHILADELPHIA, May 18. The gunboat Yankee arrived here to-day, towing three schooners loaded with tobacco, all belonging and bound for Baltimore for Richmond; they surrendered to the Harriet Lane and were ordered in here by the flag officer of the Minnesota, and is being unloaded.

Lieut. Bryant, prize master, states that the ships North Carolina and Arago have been seized and taken to New York.

Twenty vessels have been detained by the fleet including five tobacco schooners, which will probably be sent here.

MATTERS AT ST. LOUIS.

ST. LOUIS, May 18. Two pieces of cannon and several hundred muskets, rifles, and a quantity of ammunition, were taken from the Police Commissioners, and carried to the Arsenal; also 60 Colt's navy revolvers from the American Express Co.

MORE PRIZES CAPTURED.

Steamer Delaware from Philadelphia, reports passed on the 17th, off Romba Hook steam tug Yankee with three schooners in tow, one having had both masts shot away and was deeply laden. Supposed to be prizes.

ENGLISH AND FOREIGN.

The Persia Off Cape Race.

ST. JOHNS, Nfld., May 20th.

The R. M. Steamship "Persia," of the Cunard Line, from Liverpool on the 11th, and Queenstown on the 12th for New York, was intercepted off Cape Race on Saturday 18th, at 8.30 P. M.

GREAT BRITAIN.

A large amount of war material was tendered as freight for the Persia, but refused. In the House of Lords, Lord Derby expressed his hope, that the forthcoming Proclamation by the Government would give emphatic warning, that if British subjects should engage in privateering, or become involved on either side, their blood should be on their own heads, as England would not ask redress for them, or afford any. Lord Granville said that such would be the natural result of the Proclamation.

The Opinione of Turin, says that the time has arrived when France should recognize officially the Kingdom of Italy, and it calls on Napoleon to do so.

A religious insurrection had broken out at Kanran, Russia, when seventy peasants were shot.

Advices from Shanghae to 23d March, state that the three trading ports selected under the treaty are Utan, Kinghankoo, and Houking, at each of which consuls have been placed. At Canton, on April 1st, an edict was published announcing the establishment of a Board of Foreign Affairs at Pekin.

All quiet in Japan.

The state of things in New Zealand has improved. An armistice of 48 hours had been granted to the natives.

THE LATEST INTELLIGENCE BY TELEGRAPH TO QUEENSTOWN.

From London, Sunday morning 12th.—The Privy Council met yesterday at Whitehall.

Lord Palmerston, Lord John Russell, Lord Herbert, and the Duke of Somerset, and other Ministers, were present. The Attorney General, Solicitor General, and Queen's Advocate, attended, for the purpose of settling the form of the Proclamation to be issued by the Queen in Council next Tuesday, warning British subjects against illicit or overt complicity in the Civil War now raging in America. The usual Saturday Cabinet Council was not held in consequence of the above meeting.

PARIS, May 12.—During yesterday's sitting of the Chambers, a discussion took place upon a petition demanding a revision of the Maritime Convention between England and France.

The Persia has 158 passengers and £242,000 in specie.

To the Electors of the City and County of St. John

GENTLEMAN,—The Liberal Party having nominated me as a Candidate for seat in the General Assembly of this Province, I place my services at the disposal of the Electors. If I am honoured by being returned, I will serve the constituency to the best of my ability.

I will give my support to such measures as I believe will be advantageous to this City and County and conductive to the best interests of this Country.

Your obedient servant.
may 20 CHARLES N. SKINNER.

To the Electors of the City and County of St. John.

GENTLEMEN—Having been nominated at a large and influential meeting of the Liberal Party as a Candidate for the representation of the City and County of Saint John in General Assembly, I have allowed myself to be put in nomination.

If you return me Gentlemen, I pledge myself to devote whatever ability I may possess to the advancement of the interests of the City and County of St. John, and the Province generally.

As regards my political principles, I shall always be found on the side of reform and Progress, and advocate only such measures as I consider are calculated for the general good

Yours, Respectfully,
may 20 W. A. ROBERTSON.

To the Electors of the City and County of St. John.

GENTLEMEN—On the 5th June you will be again called upon to exercise your franchise in the selection of four members to represent you in General Assembly.

I trust that I have not falsified the promises made on my behalf by those friends who brought me forward in 1857.

The unsolicited honor I have received by your Election of me during my absence has ever been an incentive to justify the confidence so handsomely placed in me by you, and my only fear and doubt have been that I have not fulfilled your expectations.

It may not be advantageous in a pecuniary sense that a man should leave his private business, but it cannot but be esteemed an honor as well as a gratification that he should possess the regard and the confidence of his fellow Citizens sufficient to induce them to return him as their Representative

I shall again be a Candidate, and if elected I shall endeavor to do as heretofore; to represent the interests of all without favor or affection to any—and to lend my aid in originating or perfecting any measures for the good of the Country, that may be brought forward; neither hesitating to support or fearing to oppose what after due consideration I may deem to be right and best, or otherwise.

Should you again honor me with your confidence, I trust I shall be able to meet you at the close of the next term and render you a good and satisfactory account of my Stewardship

I remain your most obedient,
JOHN W. CUDLIP.
St John N. B. may 17 1861.

To the Electors of the City and County of St. John.

GENTLEMEN.—Having been requested by a large number of my fellow citizens to allow myself to be put in nomination at the coming election as one of the Candidates to be chosen by you to represent the City and County of Saint John, in the General Assembly, I beg respectfully to inform you that I have consented to become a candidate.

I now solicit your votes; and if I should be honored by your election, I will endeavor to discharge my duty honestly and fairly.

I belong to the class that have had to work their way in the world, and my interests are identified with men of industry, and men of progress. It will be my policy to support such measures as will best promote the interests of mechanical and industrial pursuits. On those pursuits depend the prosperity of this City, and of the whole Province. New markets are now opening for our manufactures, and the convulsions of other countries may bring capital to our shores. Proper legislaton and sound policy will be required to develope the great natural resources of this Province. So far as it may be in my power, the Electors of the City and County of St. John may depend upon my exertions and my abilities being devoted to their welfare, should they elect me to be one of their Representatives.

I am, Gentleman, your obedient servant,
may 20 A. MAGEE

To the Electors of the City and County of St. John.

GENTLEMEN,—A large number of my fellow citizens having requested me to become one of the Candidates for your suffrages in the election of members to represent you in General Assembly, which will take place on the 5th of June next, I have with some hesitation, consented. The varied and important interests, the mercantile and financial questions, the commercial policy of our country, cover so broad a field, that I doubt my own capacity to do what is best, but if you who have known me in the different pursuits of business during the last thirty years, think that I can promote the advancement of this Province by representing you in the Legislature, I am willing to serve. Everything that I possess is at stake in this Province. With the prosperity and welfare of those around me, my feelings are identified. I shall be prepared to give my support to all measures which will develope the resources of the Province, and to all acts of a Liberal and Enlightened policy.

I have respectfully to ask your votes.

Your obedient servant,
may 2 — D. J. McLAUGHLIN.

To the Electors of the County of Kent.

GENTLEMEN—I am again induced to become a Candidate for the representation of your County, by the solicitations of many friends; and I now respectfully solicit all who are favorable to my return as one of their Representatives, to assist me at the approaching Electon.

In politics, as in every other matter my motto has always been, and I trust always will be, Fair Play, Equal Rights and Equal Privileges to all British subjects. The Government that adheres to these and acts honestly with the public funds, will have my support—and no other.

Yours respectfully,
WM. S. CAIE.
Kouchibouguac, County Kent, April 26, 1861.

TO THE ELECTORS AND FREEHOLDERS OF KING'S COUNTY.

GENTLEMEN:—The day is at hand when you will be called upon to choose three of your most able and discreet men, and Loyal Subjects, to serve you in General Assembly for the COUNTY OF KING'S. I intend to offer myself for your suffrages. Should I have the honor to have a majority of your votes, I will try to serve you to the best of my ability.

Gentlemen:—I am a Liberal, but not as some of the present ones now in the Government. I do also pledge myself to go for the wants of the people, independent of class or creed; also for the removal of the Public Building to a more convenient place. Electors—I will on the day of nomination state to you my political principles.

Gentlemen,
I am your most obedient, humble servant,
SAMUEL FREEZE.

CELEBRATED PATENT DOUBLE ACTION FLEXURE SKIRTS.

BY the use of Joints in the hoops of a Skirt, a heavier and better quality of Steel can be used, giving to, and retaining in the Skirt, a more graceful and elegant form; while the flexibility of the joints prevent the bending and breaking of the Hoops under pressure, and brings them back to their original form when pressure is removed, also permits the Skirt to assume an easy position when the wearer is seated.

The quality of braid and the peculiar construction of the Skirt, adding so greatly to its durability, particularly commend it to the favor of those who desire to unite in their purchase Elegance, Convenience and Economy.
