## LIQUIDATORS' PROGRAM

## Views of Interested People in Montreal The Light and Power Company Stock

TORONTO, Dec. 22.—The attorney General has suggested that the liquidator of the York County Loan & Savings Co, in the conduct of matters, including the realization of assets, should be counselled and assisted by the advice of a committee of shareholders residing in the different provinces so that all shareholders may, through their representatives, feel assured that the conduct of matters is being wisely carried on and also present their views when necessary. In order that the shareholders shall be put to no unnecessary expense in proving claims the liquidators announce no formal proof is necessary at the present time. Receipt books and certificates may be sent in and will be checked with the books of the company. # 10,000 IMMIGRANTS

## S. A. To Bring them Here Before May 1st

(Toronto News.

Immigration to the extent of 10,000 persons, including servant girls, farm help and factory hands, is the plan of the Salvation Army for the spring of 1906. All plans have been carefully laid.

"Immigration on such a large sale has never before been successfully performed by any colonization or immigration official, either government or otherwise, with such handicaps as the Salvation Army has had, and will have, to overcome," said an Army official to The Sunday World.

"In the first place, although it is comparatively easy to obtain immigrants, it is extremely difficult to get the class required for this country, and as the Army has received favors and encouragement from the government we must do our utmost for Canada's welfare in the matter of bringing or sending to this country responsible men and women who will ultimately become Canadians and who will bring some money and resources into this country.

"This class of persons is extremely hard to induce to leave home, as has been proved many times.

"Some trouble in the matter of transportation has also been overcome. The Army intended to charter a vessel from each of the ocean lines.—Allan Line, C. P. R. Line and Dominion Line—but the Allan Line could not afford to lose one of their vessels for the time required on account of being handicapped now by recent mishaps to the steamers Victoria and Bavarian. The C. P. R. have only three ships on the ocean route, and they would not consent, so that only one vessel could be chartered outright from the Dominion Line.

"Either the Kensington or the Southwork will make three trips during the month of May, and will bring out nearly 5000 people; for the rest, accommodation will be secured on each of the other lines, and the whole party of 10,000 will be in Canada by the first of May.

"Situations for this number have already been secured through the agency of information bureaus founded all over the Dominion, from Charlottetown, P. E. I.. from which place Brigadier Howell, immigration agent has just returned after completing all preparations, to Quebec, Montreal, London, Winnipeg, Brandon, and as far west as Vancouver. The immigrant pays to the Army the price of transportation straight from his own hearth to the door of the Canadian farmer, the Canadian factory employer, or the housewife in need of a maid. to any spot in the wide Dominion.

"About one-half of the number will be young girls, who will engage the servants in good houses, and the demand for these is even greater than for male help.

"All these preparations have taken much time, thought and labor to perfect. For the past year soldiers of the Army have been detailed especially for the task of canvassing situations and as each application has been made a report is sent to headquarters, so that the Army knows to the last detail that a situation is secured for their immigrant and the immigrant is advised beforehand, so that each may know what to expect before he commits himself in buying his transportation.

"It is a well-known and much advertised fact," continued the informant, "that, every immigration venture that has been undertaken lately has had some flaw in the machinery, and immigrants have often been misinformed as to what to expect when they came to this country, and naturally have made complaints, but from all indications and all information which has been freely given by the Army, no trouble of this kind will ever arise in our well-laid plans.

## ARCHBISHOP CRUCHESI'E TEMPERANCE CRUSADE

## Montreal Prelate's Mandament Calling for abolishment of Treating habit

MONTREAL, Dec. 24 —Archbishop Bruchesi, of the Roman Catholic diocese of Montreal, issued a mandament against intemperance which was read today in all the churches under his jurisdiction.

A short time ago his grace announced that he would soon begin a crusade against the use of alcoholic liquors and in line with that his programme as read today proposes to establish temperance centres in every parish and to limit the number of hotels, saloons and other places where intoxicating beverages are sold, to impose high taxes for licenses and to maintain general suppression measures.

The archbishop declared that the clergy would be first to set an example and it would be expected that heads of families would do likewise.

"Let all kinds of alcohol disappear from the homes," the letter reads in part, "and let the treating practice be done away with and temperance leagues be established in every parish for children, young men and heads of families with St John Baptist as patron."

The Reverend Franciscan fathers are appointed apostles of the temperance movement in the archdiocese.

# "Weak Heart"

Palpitation and irregular action of the heart are due largely to a thin, watery condition of the blood. The heart and nerves refuse to perform their proper work for want of support. Pale, weak, or anæmic people should use "PSYCHINE" and avoid heart troubles. "PSYCHINE" makes rich blood, tones the system, regulates the heart action and restores vitality. All weak people should have a bottle handy in case of sudden heart troubles.

## A FELINE DITTY —ON— DIAMOND DYES.

My kittens three, were white and gray,
'Twas hard to keep them clean;
No matter how I worked each day,
The kits looked very mean.

They'd go out in the morning clad
So tidy and so trim;
At night, they'd come home looking sad,
With clothes so soiled and grim.

I could not keep them tidy, neat,
One hour of the day
When they were in the field or street,
With other cats to play.

I then procured the DIAMOND DYES
And made a dye bath hot,
And to my kittens great surprise,
I dipped them in the pot.

To-day, my kittens are all dressed
In black so rich and deep;
I mourn no more, and now am blessed
When'er I roam or sleep.

The moral of my song is plain,
To women bright and wise;
If you would pleasure, profit gain,
Just use the DIAMOND DYES.
