ANSLOW BROS., Publishers, CAMPBELLTON, N. B., Mar. 15, 1906

THE I. C. R.

Friends of the I. C. R. will read with pleasure the statement of the Minister of Railways that the road will remain the people's property and that it will not be handed over to a commission

Another search in Campbellton is fresh fish. It is passing strange that right alongside of the world-famous salmon river there should be any scarcity of this variety of fish and yet sometimes it is next to impossible to purchase one right in the salmon season

Major Murray's suggestion that a census of the town be taken this year is a good one. The population of our town as announced at the time of the dominion census was 2652. This number was looked upon at the time as very much below the actual population

Word has been received here from Mr. John H. Kelly M. P. P. for Bonaventure county, that the usual grant for the same service will be given this year.

Arrangements have been made with the Department of Agriculture to place one of the Illustration Orchards in the county of Restigouche this year.

The members supporting the government have decided to hold an At Home in the House of Assembly on Tuesday evening next at which all the pupils of the Normal School and scholars attending the University and Commercial College will be invited to attend.

The largest snow storm of the season is said to have fallen last Saturday, the depth being about eighteen inches.

Mr. James McKay arrived home on Wednesday from Cabano, Temis. County after a stay of over two years.

Mr. George Allison who has been ill at Bathurst is expected home this week.

Mr. John Little left last week to visit friends in Moncton.

visable just now, at least the latter scheme can be worked out successfully.

in manufacturing nitro-glycerine. Occasionally some young man or woman, careless or forgetful, stamps on the floor. Then the company has to rebuild and secure new employees. There are some clerks who minister for years in a church without having any trouble with the choir. Another may cause a slight concussion, and the roar of the explosion is heard to the uttermost parts of the parish. There should be in every theological college a chair in choir manufacture and choir management. Young clerics should know the chemical composition of a material so inflammable and so highly explosive before they attempt to handle it roughly.

AT THE CAPITAL

(Continued from first page)

Mr. James McKay arrived home on Wednesday from Cabano, Temis. County after a stay of over two years.

Mr. George Allison who has been ill at Bathurst is expected home this week.

Mr. John Little left last week to visit friends in Moncton.

The Escuminac River school closed on Friday after most progressive term, the teacher Miss Lizzie Subers had leave to go to Montreal. The funeral of Mrs. Leonard L. we of Pointe-Le-Garde took place on Saturday and was very largely attended. A series of meetings are being conducted in the Escuminac church by Rev. Thompson and MacPherson. The collection has been very good, considering the condition of the roads.

POOR PACKAGE DYES MAKE Women Miserable and Cross

DIAMOND DYES Have Made Millions of Wives, Mothers and Daughters Happy and Contented

Women who buy and use of the adulterated, weak and worthless package dyes put up in imitation of the reliable and never-fading DIAMOND DYES, must expect to meet with sad trials and disappointments in the home. Crude package dyes with only fancy names to recommend them, and sold by some dealers for the sake of large profits are the direct cause of much of the feminine bad temper and irritableness manifested in many homes. If our women and girls would avoid trouble, loss of goods and hard cash, they must insist upon getting the DIAMOND DYES whenever home dyeing work is to be done. One ten cent package of the time-tried DIAMOND DYES will always color more goods than will two packages of other dyes, and give brighter, fuller, more brilliant and more lasting shades. Once used, DIAMOND DYES become the chosen dyes for all well-regulated homes. Send your name and address to Wells & Richardson Co., Limited, Montreal, P. Q., and you will receive free of cost our Dye Book, Card of Dyed Colors, Samples and Booklet in verse, entitled "The Long John's Trip to the Klondike."

IF IT'S YOUR FAULT you are bound to feel uncomfortable. When we make your friend a suit that's stylish, while yours at same price, is not, there is something wrong, isn't there? It's in the Cloth and the Tailoring. We know both. Suits made by us wear and look well. We understand cutting and making. MacKenzie & Co., Merchant Tailors.

When Ready for House Cleaning

remember we have in stock WHITENING, CALSOMINE, MURALO, and CHURCH'S ALABASTINE. WE ALSO HAVE A NICE LINE OF Staunton's Wall Paper Wm. Currie & Co., LIMITED.

A MARKET BUILDING

That Campbellton needs a market building is patent to every householder in the town. Year by year the demand for farm produce is becoming greater to such an extent that the supply is far short of what it should be. Housekeepers are put to a great deal of trouble and inconvenience in looking up their wants in this line, if indeed they are successful in the effort at all. If there were a properly conducted market all this would be avoided, as it would encourage the farmers to bring their produce to town and realizing the benefit to themselves they would make the effort to meet the demand. We are glad to note that the Council will take the matter up at their next meeting. It is to be hoped that if the suggestion of Coun. Jondry to put up a building suitable for an opera house and market is not considered ad-

NOW Look Out for Watch Troubles.

The cold weather is apt to harden the oil—that strains the mainspring and effects the motion. C. F. CLARE,

IT'S THE WISEST THING YOU CAN DO.

It's the wisest thing you can do to have your watch examined at this time of year. If it is in good order we'll let it alone; if it needs repairing we'll do it thoroughly at a moderate price. Few watches are cleaned and oiled as they should be—once a year. People usually wait until something breaks. The Other Way is the Cheapest in the End and saves the Watch The Jeweller, CAMPBELLTON, N. B.

FACTORY OF J. & D. A. HARQUAIL CAMPBELLTON, N. B.
