

# Catarrh

To prove irrefragably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free trial boxes of Dr. Shoop's Catarrh Cure. Do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly is so convincing as a physical test of any article of real genuine merit. But that article must possess true merit, else the test will condemn, rather than commend it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., in combination with a velvety cream like Petroleum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by a mechanical means internally, Dr. Shoop's Restorative Stomach Dressing, a lack of general strength, bloating, belching, biliousness, bad taste, etc., surely call for Dr. Shoop's Restorative.

For uncomplicated Catarrh only of the nose and throat nothing else, however, need be used.

## BAPTISTS HOLD QUARTERLY SESSION

The Quarterly Meeting of the United Baptist Tenth District was held in Whitneyville church on Tuesday and Wednesday March 26th and 27th. Rev. N. H. Macne, Whitneyville, president, at the chair, Rev. P. F. Snell, Newcastle, secretary.

First session opened Tuesday evening. Rev. Mr. Snell preached from Luke XXV.

Wednesday morning session began at 10, services were conducted by Rev. Mr. Thorne.

Wednesday afternoon, the first part of the session was devoted to Missions, and was led by Miss Agatha E. Forsythe, who read an excellent paper on Characteristics of the People of India.

This paper gave much valuable information concerning the races, castes, and religions of India and the state of the Baptist Missions there.

Rev. C. P. Wilson followed with an address on Missions, speaking especially of the Grand Kigwe, P. O., missions.

Next came an address on socialism and christianity by Henry Harvey Stuart. Mr. Stuart's paper was discussed by Revs. Wilson, Allan, and Thorne; and, on motion of Rev. Messrs. Wilson and Allan, the meeting voted unanimously to have the paper published in full in the "Maritime Baptist."

Wednesday evening, the opening praise service was conducted by Rev. Mr. Allan. Rev. Mr. Snell preached the sermon; and an evangelistic meeting in which many took part, was conducted by Rev. Mr. Thorne, after which meeting adjourned sine die.

Among those who were present at the meetings were: Rev. C. P.

Wilson; Doaktown, Rev. F. T. Snell, Messrs Mason Betts, Jared Tozer and others from Newcastle; Mr. and Mrs. Abraham Tozer, of Lyttleton; Mr. and Mrs. Malcolm Amos, Lower Der y; Lev. W. Artemas Allen of Port Elgin, and many others.

A hearty vote of thanks was extended the good people of Whitneyville for the handsome way in which the visiting brethren were entertained.

## IT PAYS.

I owe my success to the newspapers, and to them I freely give a certain profit of my yearly business.—John Wanamaker.

## RE-NOMINATED.

At the Opposition Convention in Sunbury County, last week, Messrs Hazen and Glaser, the present representatives were unanimously selected as the party's standard bearers in next provincial contest.

## A STRENUOUS MAYOR.

At Fredericton on Wednesday Harvet Cooke, a 220 pound resident of St. Marys, insulted Mayor McLeod in his office, and his worship kicked him down the stairs. Cooke then invited him to come down, and the mayor accepted the invitation and thrashed Cooke again.—St. John Sun.

## TO VISIT BRITAIN.

Dr. James R. Inch, Chief Supt. of Education, his niece, Miss Flewelling, and his granddaughter, Miss Dorothy Hinton, are to sail on May 20 on a trip to the old country. Dr. A. H. MacKay, superintendent of education for Nova Scotia, will also accompany the party, and with Mr. Inch, will attend the big educational conference to be held in London.

## ACADIA WINS DEBATE.

Last Wednesday night, before an audience such as Wolfville has seldom seen, Acadia defeated Mt. Allison in the intercollegiate debate. Acadia won both on argument and delivery. The question discussed was: Resolved, that a Legislative Union of the Maritime Provinces as like equitable would be advantageous. Mt. Allison had the affirmative. Acadia was represented by A. B. Malcolm, '07 (leader); Bryce D. Knott, '07, and J. M. Shortliffe, '08. The Mt. Allison debators were J. S. Smiley, '07 (leader); J. N. Ritchey, '09, and I. C. Rand, '09.

The canoe drifted languidly across the bosom of the star-bid lake.

"Dearest," I was present to-day during your graduation exercises. I heard you recite "Curfew Shall Not Ring To-Night."

"Really?" murmured the sweet girl grady.

"Yes, but I shall ring to-night."

"You? What shall you ring?"

"Why—er—you."

And as he leaned forward and slipped the slender and gold hand on her white finger the accompaniment moon dropped behind a cloud just as she has been doing since the days when Antony vided Cleopatra.

## Everybody Agrees

that COD LIVER OIL and IRON are beyond question the greatest medicines known. Then why does not everybody take Cod Liver Oil and Iron? Simply because most people cannot take the Oil and few can digest the Iron in any ordinary form. These difficulties have been entirely removed by the introduction of FERROL, which the Iron is scientifically combined with the Oil, rendering the Oil palatable and the Iron digestible. While

## FERROL

is manufactured from the best quality of Cod Liver Oil (the whole of the Oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared that not one person in a thousand finds any trouble in taking it, and infants digest it without difficulty. Moreover the well-established value of the Oil and Iron is immensely enhanced by the process of manufacture, and as the formula is freely exposed it is not to be wondered at that physicians everywhere have fully endorsed FERROL and use it largely in their practice. FERROL is invaluable for the treatment of any kind of Lung or Bronchial troubles, while for wasting diseases it has no equal, and

Sold by T. Wran & Co.

## I. C. R. PENSIONS

It is expected that in the near future there will be many changes among the I. C. R. trainmen and employes generally all over the road, as the result of the railway pension bill, which is expected to come into force on the first of next month. The number of employes, who will take advantage of the pension allowance is variously estimated at from one to five hundred. If the unions work out as railway men understand it, the number who will retire from service will probably be nearer five hundred than one hundred. The maximum allowance to a retiring employee is understood to be two thirds of the salary he is drawing when he leaves the service, and the minimum sum is fixed at twenty dollars a month.

It is stated that many conductors and drivers will take advantage of the pension. There are a good many conductors, especially on the road at the present time, who have passed the age limit specified in the pension bill and many of them have been waiting for the retiring allowance they will now receive to quit the service. A large number of employes it is said, have already filed their applications for the retiring allowance, while on the other hand old men, still active, are showing a disposition to remain in their positions as long as possible. Several well known conductors, running into Moncton and resident there, will retire from the service. Some of them have been in the service thirty-five or forty years and have reached the age at which employees will be allowed to retire.

There is as yet much speculation among railway employes as to just how the pension scheme is going to work out, and information from officials having instructions with regard to the working of the bill is being largely sought after.

There many employes from every branch of the service eligible for the maximum amount allowed. Naturally, the younger men in all branches of the service, affected to the bill, are looking forward to promotion in view of the anticipated retirement of so many of the older employees.

## Care of Rheumatism

Mr Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief the pain gradually but surely left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned. If troubled, with rheumatism try a few applications of Pain Balm. You cannot be pleased with the relief which it affords. For sale by all druggists."

## I. C. R. INSURANCE ASSOCIATION.

Secretary W. C. Paver, of the I. C. R. Employees' Relief, and Insurance Association, has issued his report for the month ended on March 25th. There were three claims during the month as a result of the Brookfield accident. Samuel C. Keith, of Sussex, the baggage master, was insured for \$1,000, while Fireman Luther Hill and Engineer Flavin, both of Halifax had \$250 each. There were two deaths at Campbellton, A. Bellevue, trackman; and O. Frenette, clerk, each having \$250, and James Rafferty, a foreman of St. John for \$1,000. Joseph Michaud, operator at River du Loup, had \$250. In addition to these deaths, A. J. McDonald, a member of the Temporary Employees' Accident Fund, died on the twentieth of March from injuries received on the eighth inst. The fees and levies for the month are Class A, \$2.20; Class B, \$1.30, Class C, 85 cents.

## Gentle and Effective.

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head."

Price, 25 cents. Samples free at all druggists.

Eva—"I saw Charlie Cogger yesterday."

Edna—"To say. And did he tip his hat?"

Eva—"No. He wagged his foot."

Edna—"Wagged his foot? Why, that is a strange way to greet a lady."

Eva—"Well, you see 'ne poor fellow was under his automobile mending a break."

## Government Standard Seeds

Purchasers of red clover, alsike and timothy seeds who want a good clean article should see to it that the seeds they buy are clearly represented by a reliable person or firm to be of first quality, by being marked "No. 1," "Prime," "Fancy," "XXX," or such other designation for which a special standard of purity is fixed in section 4 of the Seed Control Act.

"Government Standard," is a term coined by seed vendors and may be misleading unless clearly understood, Section 4 of the Act (timothy, alsike and red clover seeds are not allowed to be sold for seeding, either by farmers or seed merchants. This standard allows of the weed seeds named in the Act about 9% in one ounce of red clover, 20% in one ounce of alsike or 400 seeds. It is to seeds that will pass this lower standard, but are not sufficient to be clean to grade "No. 1" that the term "Government Standard" was attached last season.

Some seed vendors have advertised seeds under "Government Seal," No Government Seal is used on any seeds offered for sale in the trade. Some reliable seed houses sell grass and clover seeds sealed by them and for which they alone are held responsible so long as the seed remains intact, but you utter it is broken.

To avoid the provisions of Section 3 of the Act, which applies mainly to seed grain, some seed vendors represent to farmers that, on account of the Seed Control Act, they are offering their grain for sale for milling or feeding purposes. If offered for sale for seeding, such seed vendors are required to make clear to intending purchasers that the seed contains wild oats, wild mustard, cockle and such other noxious weed seeds when they are in the seed. The object of the Act is to protect farmers who want to protect themselves against such weeds. It provides the means for farmers to buy seed intelligently. Farmers who deliberately buy feed grain and use it for seed can scarcely hope for legislation that will protect them from loss on account of noxious weeds.

## Minard's Liniment Cures Burns, etc

## Stubb—"What kind of shoes are those you are wearing?"

Cogger—"Walking shoes."  
Stubb—"Walking shoes for automobile riding?"  
Cogger—"Yes I know my machine."

The whale was still complaining. "Why did you let Jonah come up?" asked the shark. "Why didn't you hold him down?"

"I tried," grumbled the whale, but he lit one of those Turkish cigarettes.

"What is the nature of your husband's disposition when sober?" asked the police magistrate.

"Really I don't know, your honor," answered the woman with the black eye.

## Chest Colds

Many a life has been sacrificed to a common, everyday cold. First a sneeze—then a sniffle—a cough—pains in the chest—then—but why continue? Remove the first symptoms by using

**COLD JOHNSON'S Anodyne LINIMENT**

and never mind the rest. Cold in any part of the body needs prompt attention whether it be in the throat, chest, lungs or bowels. A few drops taken on sugar will relieve and cure respiratory troubles. Will also cure colic, cholera, diarrhoea and kindred bowel complaints. Use it externally for cuts, burns, insect bites and stings, strains, sprains, sore muscles, lame back, muscular rheumatism, frostbite, chaps and chilblains. For whatever pain, whether inside or out, Johnson's Anodyne Liniment is the remedy—sure and speedy.

Everywhere 25c and 50c  
L. S. JOHNSON & CO., Boston, Mass.

## Help the Liver

It is a well-known fact that when your liver refuses to do its work you cannot do yours. As the heart is the body's mainspring even so is the liver its regulator. When you "lose time" or are "run down," just try

**Parsons' Pills**

and get into "standard" form again. They regulate gently yet effectively. Stomach, bowels and liver all work in harmony after using—that means good health. Don't lose a minute, but get them NOW.

25c at all druggists or 5 bottles for \$1.00 postpaid

## Fence Sturdiness

"Maritime" wire fences are stronger than ordinary wire fences. Made from High Carbon and Hard Drawn steel wire, specially imported from England on account of its superior galvanizing. "Maritime" fences are from 75% to 100% stronger than common wire fences. Sturdy enough and sufficiently high to hold the largest stock. "Maritime" wire fence is still woven small enough to keep in small animals.

The absolute regularity of the weaving, equally distributes any strain or pressure which may occur. "Maritime" wire fences are always taut.
