

When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way.

In accordance with the imperial decree recently issued all the opium dens in Canton were closed last week. The new departure caused great rejoicing throughout the city.

Miss Katherine Eddy, of Chicago sister of Spencer F. Eddy, first secretary of the American embassy Berlin, and United States Senator Albert J. Beveridge, of Indiana, were married last week at Berlin.

Mrs. Robert E. Peary, wife of the famous polar explorer, has announced her intention of remaining all winter at Eagle Island, their summer home, in Casco bay, and foregoing all social engagements.

Small pox has broken out at Portage River, Northumberland County, and seven houses are now quarantined. In one house are four cases. It is probable the whole village will have to be quarantined. Dr. Meaghan, of Tracadie, has been engaged by the county to look after the outbreak.

Because she loved her brother more than one living, and wanted to join him, Ella Doubling, 20 years old, tried to enlist in the navy at Pittsburg the other day. She was attired in men's clothes, and balked only when the Chief Master-at-arms Walter Brown informed her she must strip for a physical examination.

It is probable that Thanksgiving Day this year will be the last Thursday in October. Before the date is set by the government, a deputation from the commercial travellers' association will be heard with respect to the association's request that Thanksgiving Day be on Monday.

Miss M. Cecelia Clark, formerly society modiste, pretty and little more than twenty summers, is now Mrs. Frederick Jacob Poth, wife of the millionaire brewer and president of the brewing firm of F. A. Poth & Sons. The pair decided to get married so they eloped. Mr. Poth is about fifty years of age.

District Attorney John B. Moran of Boston last week ordered summonses for the appearance of the entire Common Council of the city consisting of seventy-five members, to appear before the grand jury, in connection with the investigation of charges of bribery in the passage of a loan bill amounting to \$1,500,000.

Satisfied that Gary, Ind., will be the steel capital of the world, the directors of the United States Steel Corporation have decided to invest an additional \$45,000,000 in the construction of the model city and steel plant there, according to a report. The excess appropriation is to be used in widening the scope and extent of the steel plant proper. A population of five hundred thousand is anticipated.

Ludwig Seigel said to be an unattached Polish priest of Chicago, walked into the South Side Hotel on Carson street, Pittsburg, the other day, without warning, it is said, whipped out a revolver and opened fire upon the two proprietors, twin brothers, named Steven and Andrew Stargyuski. Both men were fatally wounded, and Steven died within an hour, and the doctor say Andrew cannot recover.

Following a kick from a vicious horse, Francis Cheff, employed by E. Gondreau, a Dover Ont., farmer, died Friday, after suffering very great agony. He was working alone in the stable when the accident happened. His side was

attempted suicide at Castellamare Italy, the woman dying and the man surviving, has now been established. The man Jock Buckingham, who is now in the hospital at Naples, is an Englishman, an engineer. His wife was Miss Jenny Ensign, a native of Massachusetts, and lately of New York and they possessed a considerable fortune. This fortune was entirely lost in gambling at Monte Carlo. The couple drank a mixture of laudanum and arsenic, leaving a letter saying that they wished to die together. Since the death of his wife, Buckingham has made two attempts to jump out of a window. He refuses to take food.

Mrs. William Thaw and her party, who are at a hotel at Mount Clemens, Michigan are almost as much prisoners as the son, Harry, in the New York Tombs. They occupy two connecting rooms and remain in seclusion. Nobody about the hotel has seen anything of the party since its arrival, except employees. Their meals are served in their rooms. The register shows Mrs. Thaw and maid to be guests, while just below is the name of Mrs. Robert Christie, Allegheny, Pa. The identity of the latter is a problem which gossips about the hotel are trying to solve. They want to know if Mrs. Thaw's companions are really what their names would make them appear. "Wonder if the maid isn't a disguise for Evelyn?" queried one woman in the hotel of another. "Shouldn't wonder," is the response, "and perhaps Mrs. Robert Christie is another name for Mrs. Holman."

In a speech at Nantasket Beach the other day, U. S. Senator Lodge declared that there would be no revision of the tariff before 1910; that the party leaders were opposed to any tariff tinkering preceding a presidential election; that a revision would not mean the lowering of duty on any manufactures the importation of which would hurt American workmen and that a new tariff act would be along the old republican lines of protection for the workingman of the United States.

At the Charlottetown police court, Friday, Edwin O. Brown, barrister, appeared for preliminary examination on eleven additional charges of forgery. The cases are now in progress. Up to one o'clock he was committed for trial to the supreme court on the charge of forging a mortgage from Milton F. Vessey, of Little York, to J. E. Matthews, of Charlottetown, for \$550; another from Warren F. Vessey, of Little York, to Thomas Campbell, Charlottetown, for \$750; also for forging a deed from Richard Vessey to Warren Vessey given as one of the securities in connection with the Campbell mortgage. The remaining charges are for forging other mortgages and certificates of registration of the same.

Sanken so low as to be lost to shame, a young man, who says he is J. M. Long, Jr., and claims close relationship to United States Long, of Oregon, was fined \$50 and costs at a secret session of the Police Court in Colorado City the other day and hurriedly taken out of town by influential friends. Long was arrested for beating an in-

mate of the Red Light district. According to the girl, Lucille Miller, Long eloped with her from Portland, Ore., deserting his wife. When he ran out of funds, she says, he forced her to enter a resort on Market street, in Denver, and later brought her to Colorado City alive. The girl recited a shocking tale to Chief of Police

Gregory. She said that she and Long had been run out of Olympia, Wash., where he had lived on her 'sham', later coming to Denver, where she was put in a resort in Market street. Young Long was graduated from Leland Stanford University and is a civil engineer.

Goldfield Topic.

GOLDFIELD NEVADA

Is near some of the sensational producers of the Diamondfield district and will soon be classed as one of the prominent properties of the great Gold Camp
The TOPIC consists of 20 acres, from the surface and location shaft of which rich specimens of gold ore have been taken. The property will bear close inspection by mining men familiar with the outcroppings of the district and will be found to possess the "ear marks" of a producing mine.
Such properties as the
Great Bend, Daisy, Diamondfield, Black Butte Black Ants, Vernal, Etc.,
Whose stocks are selling at from 50c to \$3.50 per share, that started at a few cents per share, are in close proximity to the TOPIC, and we firmly believe that the TOPIC WILL EQUAL any of them.
It is your opportunity to make money with us by helping develop this property. BUY A LIBERAL BLOCK of this stock while you can get it at the present price and so share in the advance which is bound to come.
SEVEN AND ONE-HALF CENTS per share is the price today, cash or installment. Two per cent. Additional stock given FREE when full amount of cash is sent with the order. Act quickly. Things are doing in Goldfield these days!
REMEMBER, We own 35 acres adjoining the \$10,000,000.00 Stevens Mine in Clear Creek County, Colorado, and the present price of the stock is only 7 1/2 cents per share; buy now, tomorrow may be too late.

OPPORTUNITY

his individual efforts for his livelihood, is accounted a failure. He no longer commands the respect of the multitude but receives instead their scorn or pity.
Have you ever thought of these things?
What are you doing to make yourself independent?
Your hand or brain devoted to another man's cause can never make you wealthy.
Nor can your dollars.
The man who only saves is at best a plodder.
He should invest his dollars.
Look about you.
There are successful people on every side.
Why don't you ever wonder how they made money while others have not?
Excluding those rich by inheritance, and those rich by fraud, there remains countless thousands of men and women who, starting practically without a dollar, have built up for themselves wealth or a handsome competence, and are no longer dependant on their hands for support.
These people have made money first by working for and earning dollars, and then by putting their dollars to work.
You are cheating yourself and your family when you do not save from your earnings and put your earnings to work.
Suppose you put your savings in a bank. The bank pays 3 per cent. How can it? Because it invests your money so that it will bring much more than 3 per cent—

Dollars and Dimes, Dollars and Dimes, An Empty Pocket is the worst of Crimes

enough more so that most bankers become very wealthy on the difference between your interest and theirs.
And what if they invest unwisely and lose all, as they sometimes do? Why, it's your money and your loss—not theirs.
You have not the control of your own capital—do not even know they are doing with your money.
You are making your dollars work for others. Why don't you make them work for you?
The banker invests your dollars; pockets their earning power, and gives you 3 per cent.
Why don't you do your own investing and make the profit for yourself?
You may think you have no opportunity.
But you have.
Opportunities are at every hand. No man or woman exists that has not had some opportunity for financial advancement.
The trouble is: most opportunities wear rubber shoes, and the public sleepily refuse to hear them.
One of the world's most successful financiers, when asked how he made money so fast, replied:
"I have an agent at the elbow of every opportunity and never let one pass without paying me tribute."
Don't you realize that every great fortune had its humble beginning. That just a few dollars have grown to millions?
Look at Andrew Carnegie. He saved up \$500.00 and made his

first investment in Adams Express Company stock. It paid him big interest almost from the start. You know what it and he are worth today.
There are hundreds of similar examples.
"No one ever succeeds except by doing things."—John D. Rockefeller.
To become wealthy—successful—you must save and invest your savings.
Where were you in the year 1896, and what were you doing? Couldn't you have saved \$100.00 without inconveniencing yourself?
Suppose you did save \$100.00 and invested it in CROW'S NEST PASS COAL MINE STOCK. This stock was sold in 1896 to small investors at 10 cents a share—six years thereafter it was worth \$100.00 a share, and to day is selling for \$285.00 a share, or your \$100.00 invested then would pay you a dividend of over \$10,000.00 a year and be worth \$285,000.00.
Opportunity is always knocking at the door.
Jay Gould once said to a friend, "When you invest in the stock of a company, don't look for the 'best', for you will never find it. Look for a good one; then invest, and do it quickly. Don't wait to see if it pans out all right, for that is where you lose your opportunity. When you have waited to see if it pans out, you will have to pay a premium on the stock, and you will have lost the biggest advance in value. You must make

money on your judgment and foresight, and not on demonstrated facts."
Pittsburg, Pennsylvania, has over 400 millionaires who have made their fortunes out of coal and oil. Coal is the basis of all industrial and commercial wealth. Coal mining in British Columbia has always been a success. It is like diamond mining in South Africa—a bonanza of the first magnitude.
Dunsmuir made millions and millions in coal mining in British Columbia, and died the richest man in Canada.
The BRITISH COLUMBIA AMALGAMATED COAL COMPANY of Portland, Oregon, controls 17,500 acres of coal land near Vancouver, B. C., estimated by coal experts to be underlaid with 1,400,000,000 tons of the best quality of steam, domestic, and cooking coal in America.
Our mine is better than the Crow's Nest, the quality of our coal is pronounced by coal experts to be as good, if not better, we are 500 miles nearer tide water, and 300 miles nearer the big smelters in the boundary district, where coke is used.
We are offering a limited amount of the treasury stock for sale at 25c a share, par value \$1.00, full paid and non-assessable.
The officers of this company are men of high standing. Bank of commercial reference will be called. Call or write for prosperous or information.
